MINUTES OF MEETINGS OF THE Board of Commissioners

January, 1927

Newark, N. J., January 4, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners. Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

The minutes of meeting of December 28th, 1926 were read and approved.

Commissioner Howe presided.

Commissioner Howe: Does any citizen desire to be heard, or appear before the Commission?

Rev. Father Joseph Peratti, St. Lucy's Church: Now, Summer Avenue sewer for the street must be settled with the consent of the many property owners around there, would like to have Clay Street opened through from High Street to Summer Avenue, and from Summer Avenue to Sheffield Street, so that we might have a thoroughfare from Broad Street to Sheffield Streets, and this from special point of view of giving up, raising the community from the modern standpoint, because they are the worst place in Newark City, for bad boys, for anything that is immoral, so that is what I think by the beauty and moral standpoint of the community, and they feel this improvement especially now that in front of D'Auria Street there is a new church just built, \$300,000 church, and in back of the church there is a mechanical school, so I think that ought to be taken up by the City and make that improvement in accordance with the arrangement of Summer Avenue sewer and street.

Commissioner Brennan moved that the map showing change desired and

photograph submitted be referred to Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

A communication from William Berkowitz, 294 Renner Avenue, and a petition from 25 property owners objecting to the proposed sewer in Seymour Avenue, between Hawthorne Avenue and Eckert Avenue was received and read and on motion ordered referred to Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the construction of a reinforced concrete pipe sewer in Seymour Avenue between Hawthorne Avenue and Eckert Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan moved that the ordinance be laid over until January 25th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance changing and establishing the width of the sidewalks of Summer Avenue from Bloomfield Avenue to Eight Avenue and requiring the removal of obstructions, projections, or encroachments thereon, and stated

that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance changing and establishing the width of the sidewalks of Summer Avenue from Bloomfield Avenue to Eighth Avenue and requiring the removal of obstructions, projections, or encroachments thereon.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray.

The clerk then read the ordinance by sections:

88 McWhorter Street
Newark, N. J. January 3, 1927.

To the Commissioners of
The City of Newark.

Gentlemen:—

I respectfully request that the entire block No. 2086, bounded by Avenue L, Magazine, Amsterdam and Mary Sts., be put in the heavy industrial zone.

I am the owner of the land in this block which land is entirely vacant. The entire block is at the present time in the heavy industrial zone except that part which fronts on Magazine

and Avenue J. Streets for a depth of one hundred (100') feet.

This block is surrounded by land in the heavy industrial zone, and I therefore ask for your favorable consideration on this petition.

Respectfully yours,

HERMAN B. LERNER.

Ordered referred to the Adjustment Board for investigation and report.

Essex County Park Commission,
810 Broad Street,
Newark, N. J.

December 31, 1926.

Mr. William J. Egan,
City Clerk, City Hall,
Newark, N. J.

Dear Sir:—

I am forwarding to you herewith a copy of a resolution passed by the Essex County Park Commission on December 22 last, granting permission to the board of Commissioners of the City of Newark to construct a storm-water drain along the easterly line of Elizabeth Avenue and across Weequahic Park.

Yours very truly,

DAVID I. KELLY,
Secretary.

The Engineer presented a resolution adopted by the Board of Commissioners of the City of Newark, under date of December 14, 1926, requesting permission to construct a storm water drain along the easterly line of Elizabeth Avenue and across Weequahic Park in the City of Newark, N. J., subject to the conditions and recommendations set forth in said resolution.

Upon motion of Mr. Jackson, duly seconded and passed, it was resolved that permission be granted to the Board of Commissioners of the City to construct and maintain a storm water drain along the easterly line of Elizabeth Avenue and across Weequahic Park in the City of Newark, N. J., as shown on map on file in the office of the Chief Engineer of the Commission, and on copy thereof attached to the resolution submitted by the City Commission, subject, however, to the following conditions and recommendations:

1. That the said City of Newark will assume all liability for the payment of damages, costs and charges arising out of the construction, operation and maintenance of said storm water drain, and will indemnity and save harmless the Park Commission from and on account of any costs, charges and expenses in and about the repair, replacement and restoration of park property occasioned by or arising out of the construction, maintenance and operation of said drain.
2. That all work under this permit shall be performed in the manner to be prescribed by the Engineer of the Park Commission insofar as it affects the property of the Park Commission.
3. That the City will connect with the said storm water drain to be laid, all storm water pipe connections which may be disturbed during the progress of the work, and will permit the Park Commission at its own expense to make future storm water drain connections with said drain if and when the Park Commission so determines.
4. It is understood that the removal of any trees or shrubs along the line of the work, and the replacing of same after the completion of the work, shall be done by the forces of the Park Commission, and the expenses therefor shall be paid by said City.

It is hereby certified that the foregoing is a true copy of a resolution unanimously passed by the Essex County Park Commission on the 22nd day of December, A. D. 1926, at a meeting of said Commission, at which the following members were present:

Messrs. Robert S. Sinclair, Edward W. Jackson, John R. Hardin, Allison Dodd and J. H. Bacheller.

DAVID I. KELLY,
Secretary.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Meyor Zemel: Commissioners and gentlemen. I appear here as one of your taxpayers in our great city, and I want to speak in favor of this increase. I have studied this thing, given it careful consideration, and I find towns adjoining Newark like Harrison and smaller towns, paying their police and firemen \$2500. a year, and in some instances even more. I am glad to be one of those citizens to come here and ask you to pass for an increase. I think they are entitled to it. Living conditions all over the country demand that they be increased, and the property owners in Newark, New Jersey, are getting the best of service from the Police and Fire Departments, and I ask you to pass that increase. Thank you.

Mr. John McGovern: I saw in the paper a notice in which it extended an invitation to any of the taxpayers of the City of Newark that did not approve of the action likely to be taken regarding the policemen and firemen of our city. This is about the first time, Mr. Chairman, that I have been in this hall, but after reading that in the newspaper, and being a manufacturer in the City of Newark for over thirty-five years, employing one time close to five hundred people, I felt in justice to all concerned, to the taxpayers of the City of Newark as well as to the Police and Fire Department men, to come down this morning and say a few words. I do not think that it is necessary for me to hold up the meeting here this morning of the Commissioners, and go into lengthy details in reference to that question. I have been a large taxpayer—or the corporation which I represent—for many years, as I have told you, and

I want to place our corporation, and no less than twelve or fifteen other manufacturers of the City of Newark that I talked the matter over with. They said, "McGovern, go down before the board and represent us. We are pretty busy, you are busy too," but I told them I was going to go, and I want to say that as far as I am concerned, Mr. Chairman and gentlemen commissisoners, there is no politics in it with me! that if I didn't think that the Police and Fire Department, and the men who represent those departments, were worthy of the advance, that I hope and I feel they should get, and I hope they will get, I wouldn't come if I didn't think I was justified, in behalf of a lot of the manufacturers of the City of Newark, to come down here this morning and say a few words in their behalf. If you will pardon me, Mr. Chairman, it may be all right for many of us in our City of Newark that is in their office, they are in the factory, they are in elsewhere, irrespective of weather, but just look at the morning right now. While it isn't half as severe as some other mornings that we have, and those men outside standing on their posts and the firemen apt to be called out any minute of the day to climb their ladders and asked to do their work. Do they ask anybody, "Shall I go?". No; they are there regardless of the position or the work they may have to do, but there is one thing I do want to call this Commission's attention to, and it is this: I don't want them to feel that they are doing, or trying to do, any one thing only what everybody is deserving of. I know they wouldn't do it in the first place, but I am going to quote one thing. This will bring it out. As a manufacturer who has twelve men on the road from the Pacific Coast to Maine, I want to say the salesmen whom we have had for thirty-five years, those men used to go out on commission basis. If a man sold \$40,000 he got \$4,000; if he sold \$60,000, he got \$6,000, but since the war, gentlemen, things have changed. Do you think you can get salesmen to go out on the road now and pay his own expenses and say, "We will give \$5,000 a year or \$6,000 a year?" No, I met two of my men from the Pacific Coast yesterday, if this be in order, Mr. Chairman. They said, "McGovern,

we will not go out anymore on the commission basis; we will go out for your concern with the understanding that our drawing account is \$5,000 or \$6,000 a year, commission again that, and you pay our expenses in addition. There you are, gentlemen. There is nothing in the city—what about those men what we have got here? Another thing I want to say, I am providing for a family, and these poor men we have out working for \$2500 and \$3,000 a year, I want to tell any man in this room, and I defy contradiction in reference to this,—if you want to let people live, that it takes \$40. a week to put the stuff on the table to feed a man and wife and three children. If you are going to feed them it takes \$40. and I have got statistics in my family to prove it, where I am feeding ten. I am not going to hold you up any longer, except to say, Mr. Chairman, and gentlemen of this commission, for pity's sake, be fair. Give everybody a living wage. We haven't got anybody and you won't have anybody from the City of Newark to come down and protest against this, but the only thing I regret is that there isn't more taxpayers of the City of Newark to come down here and say, "Yes, Mr. Commissioners, for Heaven's sake give them the advance and let them live." That is the only thing I am sorry about. Wouldn't it be very much for the men from Market and Broad, wherever they may be, when they might hear of it, and knowing it, to come down here and herald this cause. It would be like the boy, I heard myself only a short time ago. The boy in college who got a setback in his studies. He went to the head of the institution and he said, "Well, it wasn't altogether my fault, but I could work so much better without a handicap, if I could see my way clear." And it would be to our police and fire departments if the taxpayers throughout the City of Newark came down here, twenty-five or fifty or a hundred, and eulogized the work of those hardworking men, and that is what I am here for this morning, and no politics in it for me. I thank you, Mr. Chairman. (Applause.)

Newark, N. J.

January 10, 1927.

Hon. Board of Commissioners of
The City of Newark,
City Hall, Newark.

Gentlemen:—

At a meeting of the Directors of the Broad Street Association, held this day, the following resolution was unanimously adopted:

Believing that South Side Tube Extension will greatly benefit Broad Street and the city as a whole, as well as the southern section, in that it will afford relief to central tram congestion and add to the city's revenues by increasing property valuations, we desire to go on record as heartily approving such extension as an integral part of the plans now under consideration by the Pennsylvania Railroad and the City of Newark and we share with others the desire that the plans for this great improvement be brought to a consummation as soon as may be consistent with satisfactory results.

Very truly yours,

L. H. Van Sant,
Secretary.

W. J. Egan, Esq.,
City Clerk,
Newark, N. J.

Dear Sir:—

I beg to acknowledge receipt of your communication of the 4th, in which was enclosed resolution appointing me a member of the Sinking Fund Commission.

Will you kindly extend to the Commissioners my appreciation of being so honored.

Very truly yours,

C. W. Feigenspan.
Ordered filed.
Board of Adjustment
City of Newark, City Hall.
Newark, N. J. January 11, 1927.

The Board of Commissioners of
The City of Newark.

Honorable Sirs:—

The petition of John F. O'Brien, Inc., asking for a change of resident to an industrial district of property located on Hanford, Wharton, Van Vechten, Carrington and Ludlow Streets, and which was referred to the Board of Adjustment by your Honorable Body on December 28, 1926, has been considered.

After visiting the premises the Board of Adjustment considered that this request is a reasonable one, and respectfully recommend that the industrial district be extended to cover the following area:

Beginning at a point in Wharton Street 100 feet west of Frelinghuysen Avenue; thence southerly along a line 100 feet west of and parallel to Frelinghuysen Avenue to the City Line; thence westerly along the City Line to a point 100 feet west of Ludlow Street; thence northerly along a line 100 feet west of and parallel to Ludlow Street to Wharton Street; thence along Wharton Street to the place of Beginning.

Respectfully submitted,

R. B. Rankin,
Secretary.

Referred to Law Department for preparation of ordinance.

Board of Adjustment,
City of Newark, City Hall.

Newark, N. J. Jan. 11, 1927.

The Board of Commissioners of
the City of Newark.

Honorable Sirs:—

The Board of Adjustment has considered the application of Mr. Herman B. Lerner to amend the Building Zone Ordinance so as to include the entire block bounded by Avenue L, Magazine, Amsterdam and Mary Streets in the heavy industrial district, and which application was referred to this Board by your Honorable Body.

An inspection of the premises failed to show any reason why this application should not be granted, as the block is surrounded by heavy industries of all kinds. As the present time all of this block except the frontage on Avenue L and Magazine Street is in the heavy industrial district.

Your Board would therefore respectfully recommend that the heavy industrial district be extended so as to include all of the property within the above mentioned block.

Respectfully submitted,

R. B. Rankin,
Secretary.

Referred to Law Department for preparation of ordinance.

January 8, 1927.

Dear Sir:—

Please be advised that there will be a public hearing on the adoption of the Essex County Budget for 1927 on Thursday, January 20, 1927, at 10:00 A. M., in the meeting room of the Board of Chosen Freeholders, Court House, Newark, N. J.

The Board will be pleased to have any representatives of your municipality attend this hearing.

Frank E. Ward,
Clerk.

Referred to the Acting Mayor with the suggestion he attend.

Robert H. Doherty,
Counsellor-at-Law,
586 Newark Avenue,
Jersey City, N. J., January 5, 1927.
City Commission,
Essex County,
Newark, N. J.

Gentlemen:—

Application is herewith made by the Jersey City Transportation Company, Inc., for permission to operate six (6) auto busses in the most direct route, through your municipality in route between Journal Square, Jersey City, and Keansburg, N. J.

In granting permit, kindly advise the route to be used by the applicant.

Respectfully yours,

Newark Athletic Club,
16 Park Place,
Newark, N. J.,

January 7, 1927.

The City Commission,
Newark, N. J.

Gentlemen:—

To-night's "Newark News" contains the startling information that you intend to draft a measure to force teachers to reside in Newark. You know very well that they are forced to live outside of the city because the salaries that many receive do not permit them to do otherwise.

Just now the children of the city are being placed under enough handicaps, their playgrounds and evening gymnasiums are closed so that they are driven to the streets to play and tear around. This measure will easily cause the greatest turmoil and up-

heaval among the teachers, and work great harm.

The proposed measure, if not illegal, is radical provincial and un-American. It should be at once publically repudiated as the teachers are already restless and worried so that they can hardly teach as efficiently as they should.

Sincerely,

William D. Thornton.

Commissioner Howe: I think the gentleman is laboring under a misapprehension. No member of this commission, to my knowledge, has said that they intended to pass any resolution ordering school teachers to live in the City of Newark. That is a separate and distinct body over which we have no jurisdiction. They are worrying without cause.

Commissioner Brennan: I think we should recommend to the body that has jurisdiction that they adopt such a rule in their department. I move the letter be received and filed.

The communication was ordered filed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Has any citizen anything to bring before the Commission?

Mr. Fred C. Smith, 498 Broad Street: I have here a petition from the merchants of Broad Street north of Central Avenue, and we have 86 signatures there asking for the abolishing of this regulation that has been in force.

The following petition was received and read:

January 7, 1927.

To the Honorable Commissioners of The City of Newark, N. J.

We, the undersigned, merchants of Broad Street wish to enter our protest against the new parking regulations which were put into effect on Monday, January 3rd.

We find that the rigid enforcement of these regulations has driven business away from our stores as we have had numerous incidents where a customer has stopped to make purchases at our store and within three minutes after entering the police officer insisted upon his moving his car, and they have done so without completing their transaction with us.

We are in sympathy with abolishing all day parking, but we do think that a customer should be able to stop at our place of business for legitimate reasons and feel sure that your honor-

able body will give this matter due consideration.

Signed by 86 merchants.

Ordered referred to Commissioner Brennan.

Commissioner Howe: In your own neighborhood or all of Broad Street?

Mr. Smith: From Central Avenue to the Lackawanna Railroad. They would like to have this discontinued, if they could. As far as they have gone, of course, it is difficult. The merchants from Central Avenue south are evidently different from those on the north end of Broad Street. We would gladly have it considered.

Commissioner Brennan: I might say, Mr. Mayor, that since the promulgation of the rule prohibiting parking between the hours of eight to nine and four-thirty to six, reports from those making a study of traffic conditions are, to say the least, very commendating of the rule. This petition contains the names of a majority, at least, of the business men from Central Avenue to the Lackawanna Railroad, and certainly is entitled to consideration. But if the rule is abrogated giving the northern end of Broad Street the right to park, it is going to swing part of the traffic as it previously had been, in its attempt to get through the city; and while the order is only to affect the zones incorporated during the month of January, and a study of the same is being made by the engineers employed by the Department of Public Affairs, I feel that if those gentlemen will be, to say the least, in a mood to co-operate until the first of February, that there will be no doubt a change affecting possibly what they are asking for today, and it would be impossible, in my opinion, to give it a fair workout, if you eliminate the order prohibiting parking from Central Avenue to Lackawanna Railroad. However, I wish to assure you the petition

will be given consideration and will be discussed with those primarily in charge of the traffic, as well as the professional men making a traffic study.

Commissioner Brennan offered the following resolution:

RESOLVED, that the following bonds be and the same are hereby approved as to sufficiency:

An ordinance authorizing the issuance of \$1,000,000 Public Improvement Bonds of The City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows.

Section 1. Pursuant to the provisions of Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Public Improvement Bonds", and to be dated March 1, 1927, are hereby authorized to be issued in the aggregate principal amount of \$1,000,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the erection of buildings of fireproof construction, as defined in Clause (C) of Subdivision (1) of Subsection 2 of Section 4 of Chapter 252 of the Laws of 1916, as amended, on the plot of land adjoining the site of the present city hall, to be used for the transaction of municipal business, for the location of public offices of The City of Newark and for a heating and power plant suitable for the furnishing of a supply of light, heat and power for the present city hall and the municipal buildings adjacent thereof, and to furnish and equip the same with the furniture and equipment necessary for the proper use thereof.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said improvement, the money herein authorized to be applied to the cost of such improvement shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvement for which bonds are hereby authorized to be issued was not completed or acquired prior to March 1, 1927, and said improvement is of the class described in Clause (c) of Subdivision (1) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvement, computed in the manner prescribed by

Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, ending March 1, 1967.

(c) No part of the cost of the improvements or properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceeding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$559,006,119.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$30,604,260.36.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe moved that January 25th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. NOW, THEREFORE,

THE BOARD OF COMMISSIONERS
OF THE CITY OF NEWARK, DO
ORDAIN AS FOLLOWS:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provided for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the acts entitled "An Act permitting Board of Commissioners or other governing bodies of any municipality in this State to be relieved of the establishment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, maintain, control and manage public playgrounds and recreation places," approved April 17, 1919, the sum of \$2,300,000. is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Shedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that the average of the different periods assigned by Section 76 of the said act approved October 19, 1903, as amended, to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of

thirty-six years, beginning March 1, 1927.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$2,300,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be twenty-three hundred in number, numbered from 1 to 2,300, inclusive, of the denomination of \$1,000 each, dated March 1, 1927, and shall bear interest from their date at the rate of four and one-quarter per centum ($4\frac{1}{4}\%$) per annum, payable semi-annually on March 1st and September 1st in each year until maturity, and shall mature in annual installments or series, payable on March 1st in each year, as follows, viz.: \$48,000 of bonds on March 1st in each of the years 1928 to 1937, inclusive, and \$70,000 of bonds on March 1st in each of the years 1938 to 1963, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said City shall be affixed thereto or impressed thereon and attested by the City Clerk. The coupons to be

attached to said bonds shall be signed by the fac-simile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on March 1, 1927, at The National State Bank of The City of Newark.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe moved that January 25th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

The clerk then read the ordinance as follows:

An ordinance for the grading, curbing, flagging and paving of Third Avenue West from Roseville Avenue to North 13th Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Third Avenue West

from Roseville Avenue to North 13th Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 8th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvements, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,400.

is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

cations and profiles dated January 8,
1927, and now on file in the office of
the Department of Public Affairs.

In order to avoid the necessity of
excavating and tearing up the improv-
ed portion of said street after the mak-
ing of said improvement, the owners
of any and all lands on the line of
said improvement are hereby ordered
and directed to make the necessary
connections with the sewer, gas and
water mains to the curb lines in said
street for each lot fronting upon said
street within thirty (30) days after the
passage of this ordinance. Upon
failure of any such owner to make or
cause said connections to be made, the
same will be made by the Department

of Public Affairs, in which case the
costs and expenses of making said
connections will be assessed upon the
lands benefited. Each 25 feet of front-
age upon said street for the purposes
of this improvement shall be consider-
ed a lot.

Section 2. The said improvement
shall be undertaken as a local im-
provement and the cost thereof shall
be assessed against the property bene-
fited by said improvement, in propor-
tion to the benefits received, under
and by virtue of the provisions of the
act above referred to.

Section 3. That the sum of \$2,500.00
is hereby appropriated to pay the cost
of said improvement, and for the pur-
pose of meeting said appropriation and
temporarily financing said improve-
ment, temporary bonds or notes shall
be issued from time to time in an
amount not to exceed \$2,500.00, under
and by virtue of the provisions of an
act entitled "An Act to authorize and
regulate the issuance of bonds and
other obligations and the incurring of
indebtedness by county, city, borough,
village, town, township, or any munic-
ipality governed by an improvement
commission", approved March 22, 1916,
(P. L. 1916-525) and the supplements
thereto and amendments thereof,
which bonds or notes shall bear in-
terest at a rate of not to exceed six
per centum per annum. All other
matters in respect to such temporary
bonds or notes shall be determined by
the Director of the Department of
Revenue and Finance who is hereby
authorized to execute and issue said
bonds or notes.

Section 4. That this ordinance shall
take effect immediately and all ordin-
ances or parts of ordinances inconsis-
tent with the provisions of this ordin-
ance, be and the same are hereby re-
pealed.

Newark, N. J., January 11, 1927.

Board of Commissioners,
City Hall,
Newark, N. J.

Gentlemen:

Attention City Clerk.

We are the owners of a plot of vacant ground situated at Nos. 173-187 Magazine Street, 200 feet front by 100 feet deep, running from the corner of Paris Street to London Street.

This property is in the industrial zone and we respectfully request that it be placed in the heavy industrial zone.

Trusting you will give this matter

your favorable consideration, beg to remain

Yours very truly,

United Advertising Corporation.

H. S. Simon,

Real Estate Department.

Ordered referred to the Board of Adjustment.

A communication from Sedley H. Phinney, Executive Secretary of the New Jersey State League of Municipalities, inviting the City to send a full delegation of officials to its 12th Annual Convention to be held in the Robert Treat Hotel, Newark, during the entire day of Friday, February 4th, was received on behalf of all the Commissioners and the City Clerk, and as many as can attend.

A communication from the Interstate Hudson River Bridge Association, inviting the City to send representatives to attend the ceremonies in connection with the ground breaking for the great Hudson River Bridge on June 15th, 1927, and requesting the City to contribute whatever it feels ought to be given toward the day's expenses, was received, read and on motion ordered referred to the Auditor.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919.

The Board of Commissioners of The City of Newark do ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings

designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919, is hereby amended by extending the Heavy Industrial District so as to include the following:

The entire block bounded by Avenue L, Magazine, Amsterdam and Mary Streets;
and that said ordinance be further amended by extending the Industrial District so as to include the following:

BEGINNING at a point in Wharton Street, 100 feet west of Frelinghuysen Avenue; thence southerly along a line 100 feet west of and parallel to Frelinghuysen Avenue to the City Line; thence westerly along the City Line to a point 100 feet west of Ludlow Street; thence northerly along a line 100 feet west of and parallel to Ludlow Street to Wharton Street; thence along Wharton Street to the place of BEGINNING.

and that the Use District map which accompanies said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that January 25th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place

when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Mr. Commissioners, we are honored here today by the presence of the Legislative Committee of the Contemporary, and we are very happy to have you with us. If there is anything that you wish to bring before the Commission, I would be glad to hear from you at this time.

Member of Committee: No; we just came here to get some information as to how you run things, and some of our women plan to come in the future and I am sure they will be very much interested.

Commissioner Howe: I am glad you are interested enough in our work to come and see us work.

Any citizen wish to be heard or anything to bring before the Commission?

Commissioner Brennan: I move we adjourn to reconvene next Tuesday, January 25th, at ten o'clock in the morning, at which time there will be a public hearing on the budget.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

ewark, N J , Jan 25, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

Commissioner Howe: Any citizen desire to be heard on the budget.

The following communication was received and read:

88 Peabody Place,
Newark, N. J.

Honorable Commissioners of
the City of Newark, N. J.

Gentlemen:—

In behalf of my mother, Laura A. Runyon, who has been a taxpayer in Newark for many years, I do hereby protest to the Honorable City Commission against any increase in the salary of any city employe until the question of the proposed increase in salary has been submitted to the City's voters at the general election in November, 1927.

Very truly,

Ida B. Runyon.

January 22, 1927.

Ordered filed.

Commissioner Howe: Does any citizen desire to be heard on the budget.

Commissioner Brennan: I move you, if no citizen desire to be heard on the budget, Mr. Mayor, that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe offered the following resolution:

WHEREAS, the Board of Commissioners of the City of Newark, at a meeting thereof held on January 11, 1927, did approve of its local budget for the fiscal year 1927, under the provisions of Chapter 192 of the Laws of 1917 and the acts amendatory thereto and did designate Tuesday, January 25, 1927, at 10 A. M., and the Board Rooms, in the City Hall, as the time and place when and where all objections thereto might be presented by any taxpayer of said municipality and did direct the City Clerk to publish said budget, together with notice of time and place of public hearing thereon, as provided by said act, and also to forward a copy of said budget to the Commissioner of Public Accounts; and,

WHEREAS, proof of publication of said budget and notice of hearing thereon has been filed, showing the publication thereof, as required by law; and,

WHEREAS, said Board of Commissioners did meet at the time and place so fixed for the hearing of objections and having given all persons desiring to be heard upon said budget an opportunity to state their objections and no objections being offered; therefore,

BE IT RESOLVED by the Board of Commissioners of the City of Newark that the following budget be and the same is hereby adopted as a local budget of the City of Newark for the fiscal year 1927.

The Board then continued with its regular order of business.

Commissioner Howe: Does any citizen desire to bring any matter before the Board?

Mr. Myron W. Morse: Gentlemen, I am interested in a matter, and a number of neighbors on that street as well as myself, the matter of a garage that is going up on our street at 279-283 Garside Street. I would like to ask the people that are interested in it if they will just stand up, those that are here. (Delegation arises). They are asking me to represent them, showing the quality of the people that live on Garside Street, and have bought little homes like myself. Perhaps five or six weeks ago—you can sit down—five or six weeks ago an application was made to build a garage on the east side of Garside Street, midway between First and Second Avenue. I came down at that time—I live a little more than two hundred feet from the location—came down and spoke, and the gentleman that seemed to represent the man that wanted the garage said we were an ordinary lot of people living on that block, they were dead end lots, didn't amount to much, heartily in favor of the garage. The Board of Adjustment Commissioners to a man, all five of them voted that the garage couldn't go there. Then about ten days ago the same man made application again. The Commissioners were to hear the arguments—personally I couldn't get there until after for I had another engagement—I came down and found that four of the Commissioners out of the five voted to grant this man the privilege of building that same garage. At the present moment dirt is being dumped in there, Sunday and all last week days—it looks disgraceful—that we put aside. There are on that block, gentlemen—I had some of those peo-

ple go around yesterday afternoon and last night, and I find between Second and Third Avenue there are over one hundred children. I am not complaining so much because my property will be injured, but that the lives of those little children growing up will be run down and killed, and I come now before you to ask if you cannot see that the garage is not built. We learned yesterday that the permit had as yet not been issued. I think these people love their children as much as Commisisoner Gillen or Commisisoner Brennan love their children. There are not only one hundred children, but they bring playmates up there to play, and with possibility of this public garage, machines coming in and out through Garside Street, there certainly is a great hazard to the life of the children, as well as grown people. Many of us put our little earnings in the homes; there it was a nice quite neighborhood. The garage if built, will injure our homes. I think that the insurance rates would necessarily go up. I found from an examination yesterday, that it is within two hundred feet from the end of this lot to the beginning of the Summer Avenue School; didn't realize that until yesterday. They made this diagram for me downstairs. I have copied off another one that is perhaps a little plainer, showing the location of the plot of ground which is there. It is within 273 feet, I think it is, of the church that is on the corner of Second Avenue and Garside. Right opposite this identical location there are five little houses and there are over thirty little children in those five little houses. These people come here; they have left their businesses to come here and protest and ask that you gentlemen, although the Commission saw fit to pass it, four out of the five,—all honor to the man who didn't pass

it—we come asking if you will not somehow or other rescind this. The permit has not been granted. I think perhaps some of these people would like to speak. Here is a school teacher; she knows how to talk. Her father has property there.

Miss Agnes T. Rizlou, 264 Garside Street. Gentlemen, and my people. What shall I say? I thought to myself, "Now, where shall I go, to school or to defend my people, as well as your people." Then something seemed to prick my conscience for a moment. I wanted to go to school; loss of money perhaps, bad feeling for me from the principal of the school, but then, as I say, my conscience was somewhat pricked and I thought again, can I serve my people? Can't I do something for the youngsters? Can't I do something for these little children who maybe, perhaps, some day meet with some accident. As Mr. Morse has already said, there are over one hundred children on Garside Street between Second Avenue and Third Avenue. Now, the lives of these little children may be somehow endangered by all those vehicles going back and forth. And then I thought to myself, just how will I plea with those good people? Maybe they can see my point. Maybe they can see the point of all those mothers and fathers. Can't you see how the mother would be left? Instead of tending to her household duties she will have to think of her children, perhaps will meet with some accident, perhaps in some source of danger. Can't you see how their minds will be in turmoil and they won't be able to do justice to their cooking and her other household duties. Then again I see if through me not going to City Hall to defend my children, some of those children might have met with some accident, can't you see how I would have felt? Mr. Morse has already said why he thinks the garage should not be placed there. Can I say any more? I will just leave it to your judgment.

Mr. Morse: Do any of you others want to say a word?

Mr. James McMillan: I Can't say any more than has already been said, but this is purely looked upon as a residential block and I know the peo-

ple who put in money on a little house on that block on the understanding that no garage or anything of that kind would be allowed on that block by the city. Well, I want to emphasize that I don't think it is quite fair. I know quite well, as I say, that people have invested money in that block in a little home of their own on the understanding that no such thing would be granted or would be allowed in the block, it isn't fair to those people. I myself own a house or two in the block, and it would hardly be fair to me to allow such a thing to go on in that block. If the people wanted it for themselves it is quite a different thing. If a public garage was going to be put on there, and the matter of children has been spoken about. There is a hundred in the block, somewhere like that, over a hundred that don't want it. Now, I will just leave it to you gentlemen yourself to say whether you think it is fair. The block doesn't want it. No connection whatever. After people putting in a little money into a home of their own on the understanding that no such thing would be granted.

Mr. Morse: According to this paper there is just 150 children. Mrs. Dobson, since the first hearing, I sold her two houses. She came from Bloomfield and bought these houses. She wouldn't have bought them if she knew they were going there and put her money in there. Since that first hearing I assured her the hearing had been had and the garage matter had been turned down and she put her money into the houses. Does anyone else want to say a word?

Mr. E. H. Otwell, 270 Summer Avenue: I own a two-family house on Summer Avenue, and I know this is going to damage my property to the extent I will not be able to rent that so well. We have a beautiful building going in front, the Mutual Benefit, and our property is substantially going to increase in value. Any increased value we get we want, but a thing of that kind is putting it back. It is going to darken our place, ruin our garden, and it is going to spoil any outlook from the back because I understand it has a sixty foot wall going on the front.

Commissioner Gillen Mr Mayor, I move that the Building Department be requested to hold up the permit.

Commissioner Brennan: They have already been ordered to hold up the permit pending the opinion of the Law Department and investigation as to the limits from the adjoining school, and when Mr. Morse told me about it yesterday that was done. I will second the motion if it is referred to the Law Department to advise in the rights of the matter. Personally, I am opposed to it.

Commissioner Gillen: I will then move that it be referred to the Law Department, and I think that the Board should inspect the premises.

Mr. Morse: Supposing you go up and find it is just 200 feet away from the school. It is life we are talking about, of the little children. There is 19 houses with 150 children. 19 houses, 150 children, today. I don't know how many there will be next week. There is a couple of vacant houses there now. There is 150 in that block now.

Commissioner Murray: We are ordinary people here.

Commissioner Gillen: I want to say I inspected the thing and I am very much opposed to it.

Mr. Morse: There are between eighty and ninety voters and I count on that.

Commissioner Howe: We aren't interested in the voters; it is the welfare of the children.

Mr. Morse: Mr. Cobe wants the people to stand up. See this common ordinary lot of people.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

A communication from the Essex Trades Council with a resolution urging an increase in the rate of wages paid Laborers in the Garbage Collection and Street Cleaning Departments was received and read.

Mr. Henry F. Hilfers, Secretary, Essex Trades Council: We heartily approve of the resolution granting increased pay to our police, firemen and other city officials, but we also notice that there are some other city employes who seem to have been overlooked. These men are doing work

that is absolutely necessary, it is hard manual labor, and perhaps they are not so favorably employed as those whose salaries have been raised. I refer, for instance, to the city laborers who are working in the Water Department. They are today receiving sixty cents an hour. If it rains, or the weather is such that they cannot work out in the open, they loaf and they don't get paid. The average employment for the year, I understand is about from eight to nine months. They are receiving now sixty cents an hour. That would make their weekly pay about \$26.40, figuring a 44 hour week, but counting that they will lose 15 to 20 per cent. of that wages on account of weather when they are not able to work, their wages are practically cut down to about \$21 and \$22 a week, eight or nine months in the year. These men have requested to be considered in the City Budget in regard to wages. Whether they have been I am not able to say. But they came before the Essex Trades Council and asked the Council to take up the matter, and it was referred to a Committee of which I am Chairman, and that is the reason I am here today, to plead for that class of employes to give them consideration, because they are just as human as anybody else; their cost of living is just as high; their ambition is just the same, and they ought to be entitled to some consideration, and I ask you gentlemen to give them what you possibly can. I understand in the same line that contractors for the City, employing men doing the same work, I am informed have been paying from 66 to 75 cents an hour, and the City is paying 60. I am not in a position to give you verification of that, but I assume it is nearly the truth, and in some cases higher, and the City, at least, ought to pay as much as an outside contractor.

The next class of worker that I am asked to present here for your consideration, is the matter of those employed in the Garbage Collection Department. They are known as Loaders and Pullers. These men go around with the wagons, and, as I understand their position, they bring out the ash and garbage cans to the sidewalk and empty them in the wagon and return

them to the edge of the property. These men are working on a regular working week day or regular week of 48 hours. They are given \$25.92 a week, no overtime is paid them. In comparison with the salaries of those same men, I have here a schedule: In Orange, 8 hours daily, 48 hours per week, \$29.00 per week; Jersey City, 8 hours daily, 44 hour week, double time for Saturday P. M., Holidays and Sunday, \$33. per week regular wages. In New York City, 8 hour day, 44 hour week, time and a half for overtime, and \$34. per week, each against \$25.92 paid per week in Newark. Men working in the Department of Public Affairs in the City of Newark only receive straight time for Saturday, Sunday and Holiday work. The men don't have a regular lunch period when cleaning up the territory, having to depend on a lull in the work. Others in the same department received two increases amount to \$6. a week; in that same space of time these men known as Pullers and Loaders have received only a matter of \$1.92 a week. Now, gentlemen, this isn't a pleasant job; you can't get anybody to take a job of that kind, and even if they acknowledge that some will take it in their emergency they will quit it when they find more congenial employment, but nevertheless, this work has to be done; it is very essential work; it is necessary work to be performed in the city. These men do that work; you have got to have them do it; 54 cents an hour isn't very high pay, you will acknowledge. I realize the work doesn't require any skill to any extent, but it takes brawn and muscle, and it also takes certain other things to overcome the objectionable features of that work, especially in the summer time in the collection of garbage. The work is more or less seasonal. In the winter time there are more men employed than there are in summer, and I think these men are also entitled to consideration. At least the delegates of the Essex Trades Council back me up unanimously in that, that the city commission should also give consideration to those that are practically the lowest paid, as well as those that receive higher salaries. As stated in our resolution, we heartily approve the ac-

tion of the City Commission in increasing the salaries of city firemen, police, and other city employes, up to the standard paid in other cities, but these men are paid far below those paid in other cities, especially in the garbage collection department, and I think the City of Newark at least ought to pay the men who do that kind of work a wage that will at least give them a chance to live halfway decently. They also have families; they also have ambitions; they would like to give their children a better chance than they had, they would like to give them a better education, a better home, if possible, but they certainly cannot do these things on 54 cents an hour. You will realize that and I hope that my plea will not be in vain and that you will give this matter due consideration to the underpaid employes that I believe have been overlooked. I thank you.

Commissioner Howe: Have you got the resolution?

Mr. Hilfers: The resolution is in the hands of the City Commission and here is some data on that matter of garbage.

Commissioner Brennan moved that the communication and resolution be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communication was received and read:

Saint Columba's School,
Pennsylvania Avenue,
Newark, N. J.,
January 22, 1927.

To the Board of City Commissioners,

Gentlemen:—

On behalf of our school children, numbering nearly nine hundred, I submit to your kind consideration the request that you grant permission to rope off the block facing our school and bounded by Thomas and South Streets, during recess hour from 12 M. to 1 P. M., and from 8 A. M. to 9 A. M.

The absence of a playground for our little ones prompts me to ask this

favor at your hands The children are limited at play time to the narrow space of the sidewalk. Allowing the use of the street would be to them an immense benefit, and would, I assure you, be gratefully appreciated by the children, their teachers, and

Yours very truly,

M. J. White.

The City Clerk presented an ordinance to provide for the construction of a reinforced concrete pipe sewer in Seymour Avenue between Hawthorne Avenue and Eckert Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

Mr. William Miller, 376 Chadwick Avenue. The sewer systems ought to be put in. We have been troubled since the street was laid out. Seymour Avenue up to Osborne Terrace, and the the sewer cannot hold the water hardly what we got, but still 200 feet between Seymour Avenue and Scheerer Avenue is overflowed, goes through the cellars, breaking the walls of the cellars, and I think it is pretty near time it ought to be stopped.

Harry W. Donaldson, 42 Bock Avenue. Gentlemen, I have lived up there for the last twelve years and I have never yet seen any condition except when you have a very hard rain where it is flooded all over the city. Now, there is a petition in here with signers against that sewer. I believe everybody in the neighborhood is against it. Now, I don't see why there is really any need for a sewer there.

Commissioner Howe: Are you in favor of it, sir?

Mr. Donaldson: I am against it.

Mr. Nelson Jacobson, 265 Seymour Avenue. Gentlemen, I am here—

Commissioner Howe: Are you for or against it?

Mr. Jacobson: Against it. We have approximately 200 names on three separate petitions against this, and the argument of all of the property owners is that the sewer is unnecessary, and particularly at this time. All of the properties are either one or two family houses, and none of the property owners have ever had any trouble with reference to the sewer.

Commissioner Howe: You heard what the gentleman said?

Mr. Jacobson: No; I just came in.

Mr. Congleton: He says they are flooded every time it rains.

Mr. Jacobson: My cellar has never been flooded. I haven't run across anybody that is in favor of it.

Commissioner Howe: Mr. Rankin, will you give us some light on this sewer here? There seems to be men for and against it.

Mr. Rankin: The proposition is made to build the sewer that in every heavy storm the water comes down hill through Seymour Avenue, and then instead of the sewers being able to carry it away, it shoots across the street, down through the properties on Chadwick Avenue. I have personally been there during the rain—or right after it—and seen the damage that has been done, and this proposition is to relieve that condition there.

Commissioner Howe: You believe it is absolutely necessary?

Mr. Rankin: I believe it is. The sewers that are there have been there a good many years and they are not adequate to carry it off.

Mr. Jacobson: Isn't it strange that only one property owner is here advocating this sewer, but there are hundreds of others who are against it?

Commissioner Howe: I wouldn't come down either if I thought it was going through, Mr. Jacobson.

Mr. Joseph Lunzer, 377 Chadwick Avenue. Gentlemen, I am here for the sewer. Our cellar always floods every time there is a little hard rain, and also our property gets washed out and damaged every time a hard rain comes, and the sewer we have ought to be made for Seymour Avenue. At the present time it runs down through alongside of our property, and only a twelve-inch pipe in the Chadwick Avenue sewer. Now, we have paid for our sewer and our sewer is big enough for our property. It is the water from up above that comes down and floods our sewer and cannot get away. Then it backs it into our cellar, not only our cellar, but overflows the land and washes out our property and everything else away. I think the Seymour Avenue sewer ought to have an opening of their own which should run towards Hawthorne Avenue, and we have suffered that a good many years, and my father, before it was built up, we dug a ditch alongside of our prop-

erty to relieve of the water, three feet wide. Before the place was built up the water could get away that way. We saved our own property, but now, since everything is built up, why, the water can't get out and it comes down and tears down walls and everything else.

Commissioner Gillen: A sewer of that kind could be spread over quite an area.

Mr. Jacobson: That is where the cost should lie, in just that one street.

Commissioner Howe: This isn't on one street.

Mr. Congleton: It takes in a larger area.

Commissioner Howe: The total frontage is 4600 and the total assessable frontage is 13,680. Chadwick Avenue has a sewer large enough to carry its own water away; it is the surplus water from Seymour Avenue.

Mr. Congleton: All of the property within this line is the area which received notice.

Mr. Jacobson: The trouble is we on Seymour Avenue don't have this trouble.

Commissioner Howe: But you are responsible for it.

Mr. Donaldson: I have seen the manholes blow off.

Commissioner Howe: If your own house alone was flooded we would try to give you some relief. Why expect us to do less for other people who are being flooded?

Mr. Donaldson: If my own house was the only house in the neighborhood that was being flooded I wouldn't have the nerve to kick; I would fix my own house in some other way.

Commissioner Brennan: I move that the public hearing be laid over to February 8, 1927, at which time the Engineer is to report to this Commission.

The roll being called, the motion was declared adopted by the following votes:

NOW, THEREFORE,

THE BOARD OF COMMISSIONERS
OF THE CITY OF NEWARK, DO
ORDAIN AS FOLLOWS:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provided for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the acts entitled "An Act permitting Board of Commissioners or other governing bodies of any municipality in this State to be relieved of the establishment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, maintain, control and manage public playgrounds and recreation places," approved April 17, 1919, the sum of \$2,300,000. is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that the average of the different periods assigned by Section 76 of the said act approved October 19, 1903, as amended, to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of thirty-six years, beginning March 1, 1927.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$2,300,-

000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be twenty-three hundred in number, numbered from 1 to 2,300, inclusive, of the denomination of \$1,000 each, dated March 1, 1927, and shall bear interest from their date at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on March 1st and September 1st in each year until maturity, and shall mature in annual installments or series, payable on March 1st in each year, as follows, viz.: \$48,000 of bonds on March 1st in each of the years 1928 to 1937, inclusive, and \$70,000 of bonds on March 1st in each of the years 1938 to 1963, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said City shall be affixed thereto or impressed thereon and attested by the City Clerk. The coupons to be attached to said bonds shall be signed by the fac-simile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on March 1, 1927, at The National State Bank of The City of Newark.

Section 5. This ordinance shall take effect in the manner provided by law.

To The Board of Commissioners
of the City of Newark.

Gentlemen:—

We the undersigned owners of property on Court Street, as numbered and having a frontage as set forth on below schedule, do hereby petition your Honorable Board to have our properties taken out of the residential zone and have same put in the business zone.

At present all our properties border on the light industrial zone and several plots extend into the light industrial zone.

We trust you will give this petition your earnest consideration and act favorably upon this request.

(Signed by seven property owners).

Commissioner Gillen moved that the matter be referred to the Board of Adjustment for recommendation and report.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communication was received and read:

To The Board of Commissioner
of the City of Newark, N. J.

Pursuant to Section 5 of the Ordinance adopted December 21, 1926, entitled "An ordinance granting permission to The New York Bay Railroad Company to construct, operate and maintain a single track siding in Rose Street and Jeliff Avenue," the said The New York Bay Railroad Company hereby accepts the provisions of said ordinance, and will pay on demand of the City of Newark, the amount of the cost and expense to the City of all officials publications of said ordinance.

Dated January 18, 1927.

THE NEW YORK BAY
RAILROAD COMPANY,

By Wall, Haight, Leary & Hartpence,
Its Attorneys.

Ordered filed.

The following communication was received and read:

January 14, 1927.

Mr. William J. Egan, City Clerk,
City Hall, Newark, N. J.

Dear Sir:—

I am sending you herewith enclosed Report of the Audit of the accounts of the Passaic Valley Sewerage Commissioners by the Comptroller of the Treasury of New Jersey for the fiscal year ending October 18, 1926.

Yours very truly,

J. H. Quigg,
Secretary.

Ordered filed.

January 18, 1927.

To The Honorable, Commissioners
of the City of Newark.

Your petitioners are owners of the property located on the East Side of North 12th Street in the City of Newark, described as follows:

Beginning at the intersection of the southerly line of Springdale Avenue with the easterly line of North 12th Street; thence running southerly along easterly line of North 12th Street 484 feet to a point; thence

running easterly parallel with 4th Avenue 100 feet; thence running northerly and parallel with North 12th Street to the southerly line of Springdale Avenue; thence running westerly along the southerly line of Springdale Avenue 100.2 feet to the point and place of beginning, all as shown and etched red on the diagram hereto annexed.

Until the month of June, 1925, the above described property was zoned by The City of Newark as light industrial property. On or about April 1925, your petitioners understand, the proprietors in the neighborhood petitioned your Honors, to have the zone changed from the light industrial zone to the residence zone. Before any action was taken on this petition, your petitioners acquired the property from the Crocker-Wheeler Company by contract entered into on or about June 1, 1925. On or about June 26, 1925 your Commissioners refused the petition of the neighboring proprietors to include the property in the residential zone, but by ordinance changed the zoning to the extent of continuing the property located on the corner of Springdale Avenue and North 12th Street for the first 100 feet in the light industrial zone, but included the balance of the property in the business zone. Your petitioners took title to the property on or about July 3rd, 1925, and not being the owners of fee of the property at the time when the zone was changed, had no direct notice of the change of the zoning, and up until very recently were under the impression that the property was in the light industrial zone, and have been offering the property for sale with this understanding, and have entered into a contract for the sale of part of the property accordingly. The aforementioned diagram of the property shows the character of the occupancy of property in the immediate vicinity. The fact that, on the West side of North 12th Street the property owned by the Crocker-Wheeler Company is in the heavy industrial zone, makes it impossible to dispose of the property in question for residence property, and also for business. If the corner of North 12th Street and Springdale Avenue is still in the light industrial zone, there is no reason why the balance of the

property should not also be in the light industrial zone, and your petitioners respectfully request that the property in question be reinstated in the light industrial zone.

Respectfully submitted,

(Signed by three property owners).

Ordered referred to the Board of Adjustment for recommendation and report.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for December 1926.

Commissioner Howe offered the following resolution:

A resolution fixing the form and term and providing for the sale of \$5,300,00.00 bonds of the City of Newark, to be issued pursuant to ordinances heretofore adopted.

-----BOND	

The City of Newark, a municipal corporation in the County of Essex and State of New Jersey, for value received hereby promises to pay to the bearer, or, if this bond be registered, to the registered holder hereof, the sum of One Thousand Dollars (\$1,000) on the first day of March 19, with interest thereon from the date hereof at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on March 1st and September 1st in each year, upon the presentation and surrender of the annexed coupons therefor as they severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal and interest of this bond are payable in gold coin of the United States of America of the present standard of weight and fineness at The National State Bank of The City of Newark.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, after which no valid transfer hereof shall be made except on said books until after registered transfer to bearer. Such registration shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery. At the request of the holder of this bond, it will be converted into a fully registered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable

only to the registered holder hereof

This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 25, 1927.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City, is within every debt and other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

In WITNESS WHEREOF, The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereunto affixed and attested by its City Clerk, and the annexed coupons to bear the fac-simile signature of said Director, and this bond to be dated March 1, 1927.

Section 7 The \$2,300,000 School Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled, "An Ordinance appropriating \$2,300,000 for school purposes and providing for the issuance of bonds to meet said appropriation," adopted by the Board of Commissioners of The City of Newark on January 25, 1927, shall be issued in substantially the form prescribed above, except that the following paragraph of said form shall be stricken out, viz.:

"This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 1927."

and there shall be substituted in lieu thereof the following paragraph, viz.:

"This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to an Act of the Legislature of the State of New Jersey, entitled "An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 25, 1927."

Section 8. The bonds shall be sold at public sale upon sealed proposals, at 11 o'clock, A. M., on February 17, 1927, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is hereby delegated to him.

Section 9. The notice of sale of the bonds shall be in substantially the following form:

NOTICE OF SALE
THE CITY OF NEWARK,
NEW JERSEY,
\$5,300,000 4¼% BONDS.

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until Thursday, February 17, 1927, at 11 o'clock, A. M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The City of Newark of the following authorized issues, viz.:

1. \$1,000,000 Port Newark Improvement Bonds, maturing, \$20,000 of bonds on March 1st, in each of the years 1928 to 1947, inclusive, and \$30,000 of bonds on March 1st in each of the years 1948 to 1967, inclusive.

2. \$1,000,000 Public Improvement Bonds, maturing, \$20,000 of bonds on March 1st in each of the years 1928 to 1947, inclusive, and \$30,000 of bonds on March 1st in each of the years 1948 to 1967, inclusive.

3. \$500,000 Water Bonds, maturing, \$10,000 of bonds on March 1st in each of the years 1928 to 1947 inclusive, and \$15,000 of bonds on March 1st in each of the years 1948 to 1967, inclusive.

4. \$500,000 Passaic Valley Sewer Bonds, maturing \$10,000 of bonds on March 1st in each of the years 1928 to 1947, inclusive, and \$15,000 of bonds on March 1st in each of the years 1948 to 1967, inclusive.

5. \$2,300,000 School Bonds, maturing, \$48,000 of bonds on March 1st in each of the years 1928 to 1937, inclusive, and \$70,000 of bonds on March 1st in each of the years 1938 to 1963, inclusive.

All of the bonds will be of the denomination of \$1,000, will be dated March 1, 1927, will bear interest from their date at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on March 1st and September 1st, and will be coupon bonds, registerable at the option of the holder as to principal only, or as to both principal and interest. Principal and interest will be payable in gold coin of the United States of the present standard of weight and fineness at

The National State Bank of The City of Newark.

The several amounts necessary to be raised by the sale of said five bond issues (exclusive of the amount of any interest accrued on the bonds), respectively, are the maximum authorized amount of said issues, respectively, as stated above; and no more bonds of any issue will be sold than will produce the amount necessary to be raised by the sale of such issue (exclusive of accrued interest and an additional sum of less than \$1,000 for such issue. If less than the maximum authorized amount of any issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject any or all bids.

Any bidder may condition his bid on the award to him of two or more of said issues, but in that case, if there is a more favorable bidder for any one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from

a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, of New York, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the United States Mortgage and Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, , 1927.

JOHN HOWE,

Director of the Department
of Revenue and Finance of
The City of Newark.

Section 10. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or purchasers thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon the receipt of the purchase price.

Section 11. In the blank space before the word "Bond" in the heading of the bond form set forth in Section 6 of this resolution, and also in the blank space before the word "Bond" in the coupon form set forth in said Section, there shall be inserted the words "Port Newark Improvement" for identification of the Port Newark Improvement Bonds, the words "Public Improvement" for identification of the Public Improvement Bonds, the word "Water" for identification of the Water Bonds, the words "Passaic Valley Sewer" for identification of the Passaic Valley Sewer Bonds, and the word

"School" for identification of the School Bonds.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

February, 1927

Newark, N. J., Feb. 1, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioner Brennan
Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presided.

The minutes of meeting of January 25 were read and approved.

Commissioner Howe: Any citizen desire to be heard?

(No response).

The City Clerk presented An ordinance changing and establishing the width of the sidewalks of Wilson Avenue from Merchant Street to an angle in the said Wilson Avenue about 157 feet east of the center line of Rome Street and requiring the removal of obstructions, projections or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard on this ordinance?

Mr. Curtis R. Burnett: I don't think this has to do with the widening of Wilson Avenue. As we understand, the City plan was to widen Wilson Avenue on each side of the street. You can set aside theories, but you cannot set aside facts. Whether we will or no, the State Highway, running as it will

across that section of the City, with access to street level at Wilson Avenue and the Pennsylvania Railroad at London Street, will, without any doubt, develop a very heavy amount of traffic, largely commercial. It would take traffic from the center of the City rather than from the south or the north. The situation, as many of us see it, is that by widening the street it will give a free flow of traffic, which cannot be secured if the lines are left as they are. So now we have heard that several property owners are objecting to the narrowing down to the City's original plan of seven feet. We have no argument with them, but I am wondering if they are looking at this thing in the light which they should, in fact, for their own benefit. The property will be materially enhanced if that can be made, as it will become, a main artery, and at the same time, it becomes a main artery and the congestion is so great that trucks and business vehicles, as well as others, cannot reach the curb and stay there, a great depreciation in the value of the properties will occur. I have been told some streets in Newark have reduced its sidewalks area materially, but on the other hand property owners are asking very much for their property. You are all familiar with Washington Street, Boston, and properties there are some of the highest in the United States, yet the sidewalks up there are very narrow, much narrower, I believe than the sidewalks contemplated in Wilson

Avenue Therefore, will you gentlemen not take the broad view, rather than that of some property owners—I am not appearing as an interested property owner because the company that I represent is below that and would not be materially benefited, and our improvements are already there, but we feel at the present time a free access of traffic to that street should be granted in the largest possible measure. There may be others who would like to speak.

Commisisoner Howe: Any other citizen wish to be heard on this subject?

Mr. Joseph Wiedenmeyer: I did sign that petition objecting to their changing the width, but it seems, after due consideration and the condition of the traffic, that is going to be increased by the changes that are now below there, and if the Engineer of the City decides seven feet is enough, we wish to withdraw our protest, representing about 250 property owners.

Commissioner Howe: I would like to call on the City Engineer and get his opinion in this matter.

Mr. Costello: This petition, Mr. Burnett, calls for the frontage of 504 feet that is in favor of this widening, leaving a seven-foot sidewalk. The total frontage is 4,867 feet. The balance of the owners on that street are very much opposed to a seven-foot sidewalk.

Commissioner Howe: What is the percentage that wants it?

Mr. Costello: About nine per cent, and the seven foot sidewalk that we have provided, will allow for free passage between a standing automobile, between the curb and traffic. The objectors are willing to agree to a ten foot sidewalk. That will give us 14 feet between the overhang of the trolley car and the curbline, which if the car is parked close to the curb, allows free passage between the trolley track and the standing automobile. There are some encroachments on the street down there that have been there since the street was constructed, and they are very much opposed to moving them, and because they want this ten foot sidewalk, as a matter of fact they don't want it paved at all. They say they will have to pay it, but they are willing to pay their assessment if

they are allowed a ten foot sidewalk. Otherwise, they will oppose it.

Commissioner Brennan moved that hearing be continued until February 15th, 1927.

The roll being called, the motion was declared adopted by the following votes:

Newark, N. J., Wednesday and Thursday, February 9-10, 1927. Conference convenes at 10:00 A. M.

Communication received and the Mayor and Director Brennan to attend.

New York City, January 30, 1927.

Mr. Wm. J. Egan,
City Clerk,
Newark, N. J.

Dear Mr. Egan:—

I wish to advise that the beautiful bound leather resolution was received here a few days ago.

My family and myself wish to extend our thanks for your kind remembrance of my deceased brother James.

Very truly yours,

Edw. Wiseman.

Ordered filed.

Mr. Thomas Marou, 100 Waverly Avenue, Newark. I am here as a committee of one from the Junior Community Welfare Workers, in reference to the evening school playgrounds. We have been several times to the Board of Education and we were referred to come to the Commissioners last week and state our case. We are here to ask you if you cannot make some provisions to open the playgrounds evenings as soon as possible, because it is putting us in a very serious position.

Commissioner Howe: When do they open, in the spring

Mr. Marou: The Board of Education told us they would open the first of July from six o'clock on. They are closed now at six o'clock in the evening.

Commissioner Murray: Commissioner Cavecchia says there is a little misunderstanding there, because he referred it to the Secretary of the Board of Education who was to communicate with the City Commission. You were to confer with him.

Mr. Marou: Last week we were there and they told us to come before the commission and state our views.

Mr. Cavecchia: I am not here on this matter, but I happened to be in

the room and heard what Mr Marou said. He was not referred to your body at all. The matter was referred to the Secretary of the Board of Education to take it up with your body. Mr. Marou, you were not directed by the Board of Education to appear here. Let us get this straight and keep the record clear.

Mr. Marou: We were told that the Board of Education could do nothing; they have no money, and we would have to take our case before the Commissioners of the City of Newark in order to get some understanding. We had been there several times, but we were always referred to the next meeting, the next meeting, and so on, and we came to state our case to the head of the city in order to get some action.

Commissioner Murray: I suggest that the gentlemen ought to go back to the Board of Education and ask them to follow the procedure the Board decided upon, that the secretary was to communicate with the City Commission.

Mr. Marou: Mr. Chairman, isn't there any way of raising bonds, or something, to do that?

Commissioner Howe: We were under the impression they had sufficient money to carry it on.

Mr. Marou: They claim they haven't any.

Commissioner Howe: I think you ought to go back, as suggested by Mr. Cavecchia. You might speak to him and he will put you on the right path.

Mr. Marou: Thank you.

Mr. Marcus C. Hoddeson, 467 Fourth Avenue. About a year and a half ago, you will remember, there was half of that block between Fourth Avenue and Springdale Avenue was changed from a heavy industrial to a business district, and I see now that you have already granted a permission to build a garage pretty near a hundred feet square, which of course, has been given without even a hearing, to the property owners adjoining that property, and we also hear from authority that you are going to make an effort to have the business district changed back to a heavy industrial. Now, we

will object to that very much. We don't object so much to the garage, we don't think we would make any objection to the garage without a hearing, and I just wanted to let you know that the people would be very much opposed to have that changed back to a heavy industrial district for the simple reason that property is entirely surrounded by homes. At least 90 per cent. of us own our homes, and to have that changed back to a heavy industrial would be very detrimental. The property would change and we don't want it changed, we want it held as it is. We will not object to the garage as already given and is building now. We will not object to that at all. If you want to put it back to a heavy industrial we want to object very much.

Commissioner Howe: That is where?

Mr. Hoddeson: Twelfth Street, between Fourth Avenue and Springdale Avenue.

Commissioner Howe: That is Crocker-Wheeler?

Mr. Hoddeson: The point is we want it as it is now. We will not object to the garage as it is there, the permit given without even a hearing, and we don't know what might be done, so I just tell you in advance that if you are going to attempt to change that back to a heavy industrial you are going to hurt the feeling of a great many people.

Commissioner Gillen: This Board is the only board that has the power--

Mr. Hoddeson: They are building it now.

Commissioner Gillen: That is the garage.

Mr. Hoddeson: That was only being told to me and I thought I would simply speak to you and let you know distinctly that we will be very much displeased about it. I think you will give it very good consideration.

Commissioner Howe: We surely will, Mr. Hoddeson. It wouldn't be done without giving you an opportunity to be heard.

Mr. Hoddeson: You have given a garage.

Commissioner Howe: Not us. That

is the Adjustment Board, which is a different body.

Mr. Hoddeson: I don't know, it was somebody.

Commissioner Gillen: They can't erect a garage without posting notices there for at least two weeks, I believe.

Mr. Congleton: They are supposed to mail notices.

Mr. Hoddeson: I live in that immediate section right there and there isn't a living person there that heard anything about it until they commenced to build the garage.

Commissioner Howe: You should have been notified in writing.

Mr. Hoddeson: I failed to find one in the whole block that was notified or knew anything about it until it was heard there.

Commissioner Howe: I suggest that you go to Mr. Rankin, secretary of the Board, and inquire.

Mr. Hoddeson: I seen the permit, and they showed me the permit.

Commissioner Gillen: I move the clerk communicate with the Adjustment Board and find out what the procedure was.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Any other citizen desire to be heard?

Mr. Michael Estrin, 185 Market Street. I was listening to that playground proposition, and it seems disgraceful for a city of this size to leave the playground situation in the condition that it is, having meetings by the Governor and everybody else with reference to the crime situation, and due to the congestion of the streets and everything, it is well known by everybody it is impossible for the children to have a place to play in. Now, there must be some outlet for youth, and the playground is the place for it, and I think there ought to be some kind of an emergency fund or some kind of arrangement where that could be taken care of immediately. I don't think the matter ought to be overlooked or let slide along in this manner. It seems in the past playgrounds

have occasionally been permitted to be closed, and it is a matter of sufficient public importance to have it attended to immediately. The amount involved isn't so extremely great that the City of Newark cannot do something in order to have its playgrounds open, and I think the Board of Commissioners ought to make some kind of arrangement to see that it is done. I don't think it should be permitted to slide along. Now, I was thinking with reference to the raising of money, that leads me up into another proposition that I have been familiarized with through my law practice. I know a number of clients that is interested in various properties and building stores and apartments, and due to the fact that it is necessary to apply to a certain division of the City of Newark for a permit and go through various procedures, it is expensive to them and it involves a great deal of trouble, it holds up deals and in that way it is preventing the City of Newark, which should be a cosmopolitan city, from expanding or growing; we are no longer a village, and the protection which the zoning ordinance gives certain sections is the protection some of the people should have provided for themselves in the deeds, and if they don't provide it the City of Newark should act in the nature of a nurse and give them something they should have gotten for themselves. I can venture to say there would be millions of dollars of property to assess in the city of Newark if they would take away the restrictions which they impose on apartment houses and stores, and there is no logical reason in the world as to why those restrictions should stand here in the City of Newark. Furthermore, in view of the Supreme Court decisions and decisions by the Court of Errors and Appeals, which unanimously hold in this state that these zoning ordinances don't mean a thing, I don't see why the City of Newark should bluff a lot on that and put their citizens to trouble, and in that way lose a great many sales. I therefore move that some kind of an investigation be made, or a committee appointed. We are no longer a small town and we should see that the coffers of the City should be filled up immediately. You should not have

the restrictions on apartment houses and stores. They should not have to go through a lot of red tape in getting the permit. I think the valuations in the City of Newark would be increased materially.

Commissioner Howe: Do you own your own home?

Mr. Estrin: I do.

Commissioner Howe: Would you like a garage or apartment house stuck up against you?

Mr. Estrin: I am talking of the apartment house and stores. If I was interested in buying something I look in the deed and if it wasn't there I would expect the City of Newark to protect me.

Mr. Congleton: New York City is not a small city and they have zoning laws and it has been sustained by the courts.

Mr. Estrin: With reference to what, fire laws or what? That is hazardous risks.

Commissioner Gillen: The United States Supreme Court disagrees with you.

Mr. Estrin: Well, the Courts of Errors and Appeals—

Commissioner Howe: All the commissioners on this board disagree with you.

Mr. Estrin: But the Court of Errors and Appeals in the State of New Jersey agrees with me.

Mr. Congleton: No, they don't. I don't agree that they have said zoning was no good. We have won a good many cases and they have never declared the statute to be unconstitutional.

Mr. Estrin: I don't say that there shouldn't be any restriction as to the house part, but as to the nature of the property, there is an apartment right opposite me and there is stores right opposite and I find them very convenient.

Commissioner Howe: We are with you one hundred per cent. on the playgrounds, but we think that you are wrong on the other.

The Board of Commisisoners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., February 8, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commisisoners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe, presiding.

Commissioner Howe: Any citizen desire to be heard? If not the Clerk will proceed.

Commisisoner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924.

The Board of Commisisoners of the City of Newark, Do Ordain:

Section 1. That Section 305, of Article XVII, of an ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey", adopted July 15, 1924, be and the same is hereby amended to read as follows:

Section 305--EXTERIOR STAIRWAYS:

I. Required stairways which may be permitted on the outside of a tenement building, shall be constructed as specified in the Tenement House Act; those permitted on the outside of any other class of building shall conform with the requirements of Article XVI, excepting that all such stairs shall extend from the ground to the roof.

II. The Superintendent of Buildings may permit the erection of a steel staircase on the exterior of any building, instead of one required interior stairway.

Section 2. All ordinances or parts of ordinances inconsistent with the

provisions of this ordinance be and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately upon final passage and publication thereof in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that February 15th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the construction of a reinforced concrete pipe sewer in Seymour Avenue between Hawthorne Avenue and Eckert Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commisisoner Howe: Does any citizen desire to be heard?

Mr. John Caffrey, Jr. 364 Seymour Avenue. This question of the sewer, of course, has come up on two or three occasions before and I think a lot of the property owners down there have had time to consider whether this sewer is going to be beneficial to the neighborhood, and from my observation of the ordinance the change of the sewer I don't believe that the increasing the size of the sewer is going to help out the situation at all, I believe there is one or two property owners down in the pocket that is complaining of their getting water in their foundation. It is my personal belief that the water is coming in

from faulty foundations and not from the construction of the sewer. We who live on Seymour Avenue at the bottom of the hill haven't had any water over our curbs. Some of the people who have lived there for 14 and 15 years, with the exception of once or twice in very very heavy storms and the grates of the sewer lids were then covered with leaves and we believe that was the cause of the water going over the curb. Now then, from Seymour Avenue to Chadwick Avenue is a grade and the water will flow down that grade anyhow regardless of whether you put a sewer in Seymour Avenue or not, and I think there has been a petition signed here with quite a number of names, and I think a great majority of the people living in that section cannot see the necessity of the sewer, and I don't know whether the Engineering Department has anything on this subject that might tell the people who is here exactly what that sewer would do for the people in Chadwick Avenue, or below that. As a matter of fact, I believe the water comes all the way from Irvington, as a matter of fact, and if the sewer lids are covered with leaves it will flow right by irregardless of what size the sewer is, or how big it is.

Commissioner Howe: Mr. Costello, have you any further information to give the Commission on this sewer?

Mr. Costello: Mr Rankin made an investigation of this and we find that the flooding conditions of the curb at Seymour Avenue and Chadwick Avenue, and the connection of this 33 inch sewer now directly into the main sewer at Hawthorne Avenue, will relieve these conditions. We believe this sewer will relieve this section of this condition.

Commissioner Howe: You have heard the Engineer's report on this.

Mr. Harry Donaldson, 42 Park Avenue: How much would it cost?

Mr. Costello: \$24,000 spread over an area of 400 lots.

Mr. Donaldson: How much is that per foot?

Commissioner Howe: The cost to each individual property would be about \$60. and the City will assume

a portion of that, as in other instances, so that it would only cost \$60, to a property if the property owners were assessed for all of it, but in this case, like all others, they will pay only a portion of \$60.

Mr. Donaldson: It isn't the \$60. that I would mind paying, but I am of the opinion that it isn't going to benefit us. Now, those old houses that are built in Seymour Avenue have got a grade, a difference of four feet between the front and back yard. The water that runs over their roofs into their lots must run to Chadwick Avenue and that is all the water these fellows are getting in their cellars, but not the overflow and not the sewer, and no sewer will stop that.

Commissioner Howe: What are the dimensions now?

Mr. Rankin: 24 inch is the largest, down on Huntington Street.

Commissioner Howe: The average sewer is 15 inches while the new sewer will be 33 inches—36. It will really be double the capacity.

Mr. Donaldson: I will admit that it will hold more water, but what is to become of this water that is going to run from Seymour Avenue to Chadwick Avenue?

Mr. Costello: This will relieve this condition—

Mr. Donaldson: Why impose that burden on the people there if you cannot promise it will relieve this condition for these gentlemen at Chadwick Avenue? Why is it necessary?

Mr. Costello: We believe it will remove the condition nearly one hundred per cent. We cannot promise that. We have a grade from there down and Mr. Rankin feels—

Commissioner Howe: Don't you feel you ought to, if you can, help your neighbors from being annoyed and suffering a loss?

Mr. Donaldson: Positively, but this house is one of the oldest houses in the neighborhood, and I believe the trouble is coming through his foundation and not through water. No, he is built almost right in the bed of a creek that used to go through there. Any of your gentlemen who have been around there know there was a creek right there that was filled in, and that

is where these houses are now located.

Mr. Rankin: As a matter of fact, the water,—I have seen it myself, shoots right across Chadwick Avenue.

Commissioner Howe: Anyone here from Chadwick Avenue?

Mrs. McCurran, 407 Chadwick Avenue.

Commissioner Howe: Tell us what you know?

Mrs. McCurran: Well, I never had a bit of water in my cellar.

Commissioner Brennan: Where is your house?

Mrs. McCurran: Near Custer Avenue.

Commissioner Howe: You are outside and you won't be assessed anyway. What are you worrying about?

Mrs. McCurran: Well I got a notice. This is the first meeting I have been to.

Mrs. W. Schneider, 321 Chadwick Avenue.

Commissioner Howe: Are you in favor of the sewer or against it?

Mrs. Schneider: I never get any water.

Mrs. W. Berkowitz, 383 Chadwick Avenue: I don't get any water in my cellar.

Jacob Rosen, 395 Chadwick Avenue appeared in opposition to the sewer.

Anton Young, 386 Chadwick Avenue.

Commissioner Howe: Are you in favor of it?

Mr. Young: Well, I own property since 1903. We paid for all improvements. If you are going to make a sewer up there I think the city ought to pay for it. The people right opposite to me in the summer time have a heavy rain, goes right through the cellar and out the front door, and I don't think that is right.

Commissioner Gillen: That is on Chadwick Avenue?

Mr. Young: On Chadwick Avenue, right over the sidewalk and curb.

Commissioner Gillen: You think this sewer would relieve that situation?

Mr. Young: I have an idea it would. Commissioners Howe: If you are in favor of the sewer and don't want to

pay for it, you are in about the same position the other people are.

Mr. Young: We paid for our sewer.

Commissioner Howe: Everybody that has a sewer there in any of those streets paid for it too. The city has done its part to try to relieve the condition and I think that if you are not willing to have this sewer, there is nothing left to do but continue the inconvenience, and we will not pass this ordinance; just simply kill it and let the condition be as it is until such time as you come back and petition for it yourselves. The Engineer feels that he has done everything in his power to relieve the condition, but if you folks are almost unanimously opposed to it he doesn't want to go against your wishes.

Commissioner Murray: I moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan: I move you, Mr. Mayor, that with the unanimous opposition here, that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented "An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about .95 feet to a property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen desire to be heard?

Commissioner Brennan moved that the ordinance be laid over to March 8th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An or-

ordinance providing for the vacation of Fleetwood Place from Ellery Avenue westerly about 50 feet to its terminus and for the vacation of Cumberland Street from Netherwood Place to Fleetwood Place, excepting such parts of Cumberland Street as lie within the limits of Mt. Vernon Place, Ellery Avenue and Mountainview Place, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Fleetwood Place from Ellery Avenue westerly about 50 feet to its terminus and for the vacation of Cumberland Street from Netherwood Place to Fleetwood Place, excepting such parts of Cumberland Street as lie within the limits of Mt. Vernon Place, Ellery Avenue and Mountainview Place.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Fleetwood Place from Ellery Avenue westerly about 50 feet to its terminus and for the vacation of Cumberland Street from Netherwood Place to Fleetwood Place, excepting such parts of Cumberland Street as lie within the limits of Mt. Vernon Place, Ellery Avenue and Mountainview Place.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance to provide for the grading,

curbing, flagging and paving of Third Avenue from Roseville Avenue to North 13th Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Jameneau, 388 Roseville Avenue: This petition was started by someone who does not reside on the Avenue without the knowledge of the people who reside on Third Avenue. We have a petition signed by practically one hundred per cent., with the exception of one vacant block, and we didn't try to get any signatures between Twelfth and Thirteenth Street, realizing—so we threw out that block and got signatures up to Twelfth Street and Roseville Avenue, and we have over ninety per cent., and those we didn't get were either non-residents, or were away and we couldn't get them.

Commissioner Howe: Ninety per cent. opposed?

Mr. Jameneau: Yes, sir; the figures are on that petition. We have more than seventy-five per cent.

Commissioner Howe: We find that a number of persons signed for it and we also find that they signed against it.

Mr. Jameneau: Yes, sir; I can explain that.

Commissioner Howe: Now, if 90 per cent—I read 32 in favor and 68 against, but taking those that signed in favor and now against it, they are almost unanimously against it.

Mr. Jameneau: Now, these signatures in favor of the original petition were obtained by misleading and inaccurate statements made by the party who got the names. In the first place he told them it wouldn't cost more than \$200. on 40 foot frontage.

Commissioner Howe: All right; we will kill it.

Mr. Benjamin F. Biershing, 271-75 North 11th Street: We have been laying out improvements from Roseville Avenue for ten years. I was sent from

the Philadelphia District in 1906 to take charge to build up Newark, and I was one of the men that sat on the Committee for the Commission Form of Government. I will tell you how it came about, this paving of Third Avenue. Mr. Heinisch came to me and said, "Mr. Biershing, we would like to have Third Avenue cut through to Bloomfield Avenue. Let us have an outlet through to this district." I said, "Mr. Heinisch, under the revenue coming into this city it is impossible to give an outlet at the present time because we have nothing to offer to the City." He said, "What about paving the street?" I said, "I can take no action on that until three or four comes to me," and I took it up with our Committee secret. I went back and reported these conditions. They positively asked me to come back with a petition—see what the people wanted. Mr. Collins' stenographer drew up this petition, but I worded it according to their orders. I went back and I saw the people. I had two signatures, when I went up to see Mr. Jameneau. There was just two signatures, I recall, that time I went to see Mr. Jameneau pertaining to that. He said, "Are you from the Mid-Atlantic people?" I said, "Absolutely no, sir; I represent no organization except our organization in the welfare of the City of Newark." He asked about the paving of the streets. He said he was opposed to paving the street. Mr. Jameneau explained to me—Mr. Jameneau was actually objecting to the street, named the condition of the children playing there and also positively, that the traffic. Now, we want the traffic in Roseville and we will give you the others. So going back on that petition again, then after the two signatures there, Mr. Bagley and what's his name, I agreed to leave out that block, because Mr. Heinisch asked me to go through the others. Mr. Gilmore spoke to me, and the cross street wants it, so I had talked about fixing this street, so they realized it is going to cost pretty near \$10,000. to fix that street to 12th Street, and we have enough in a couple of years. I thought it over with ladies from East Orange. She said, "No, Miss Hoban, you can't get that done for nothing." Mr. Demarest was in my place and told me how the

petition was starting to stop it. What we have for the Commissioners of Newark is this: If we can get traffic through there we are going to make a business center from Roseville Avenue, in Park Avenue to Bloomfield Avenue, taking into 12th Street, coming back into Park Avenue, which means millions and millions of dollars of revenue. We have talked with several big firms about this, but they said, "Where is your traffic?" After we get the revenue we are going to ask you to help open up the middle section from 12th Street over and give us a Y, under the bridge along the back of the cemetery, and when the traffic comes in more sufficient we are going to ask you to give us a Y and connect Third Avenue with Fourth Avenue, going over Branch Brook. They have come down here with an open hand asking this Commission several times, "Give us a Speedway." What have they given you? They have given us nothing at all, but ask you people to spend millions of dollars. Now I am asking you in the interest of our people to give us that thoroughfare and include not only Third Avenue, but Tenth Street, Ninth Street, Second Avenue and also 11th Street, and that block is a disgrace to your city. That is all I am asking you.

Commissioner Howe: Mr. Heinisch signed this petition for it and later signed against it.

Mr. Biersing: Well, I admit they have got it, but Mr. Jameneau has told them he possibly may be able to get this all done without any expense on their part. Now, there is quite a few; Mr. Lawrence himself says, "Mr. Biersing, why should I spend any money if I can get this done for nothing?"

Commissioner Howe: No work like that can be done for nothing. Why should people like I and other people living in other sections of the City, pay for paving up there? We have decided there will be nothing done on it.

Mr. Jameneau: I wish to contradict a statement; I never told them anything of the kind because I spoke to Mr. Andress and he suggested that the street could be resurfaced with asphalt and the holes filled up. Now

this is a street that was laid about five years ago by the Roseville Realty Company and accepted by the City and if it wasn't for the branches laid by the Public Service Gas Company, it wouldn't be in such bad condition, and it can easily be resurfaced, Mr. Andress told me. I have got the sentiment of everybody on the street and they are willing to pay the cost of resurfacing and we don't want the street torn up and new asphalt laid.

Commissioner Howe: All right, Mr. Jameneau; I will declare the hearing closed.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Joseph DeMaio, 509 South 19th Street: We are not against the paving of the street, but something must be done with the sewer on Nineteenth Street. They are entirely too small for the drainage of water coming from away up Fifteenth Street and Twentieth Street. The sewers are not big enough to take care of the water that comes running down the hill.

Commissioner Howe: Nineteenth Street and what Avenue?

Mr. DeMaio: Fifteenth Avenue. Something was done about that about three years ago, new sewer on 18th Street, but them sewers were connected with Nineteenth Street sewers—

Commissioner Brennan moved that the ordinance be laid over to February 23rd.

The following communications were received and read:

Board of Adjustment,
Newark, N. J..

February 8, 1927.

Mr. William J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:—

Your communication of February 1st, addressed to the Board of Adjustment relative to the construction of a public garage on North 12th Street between Springdale and Fourth Avenues has been received.

The Board of Adjustment has never received an application for the construction of the building referred to, nor was it aware of the fact that a permit had been issued until the facts were set forth at the meeting of the Board of Commissioners held February 1st.

Very truly yours,

R. B. Rankin,
Secretary.

Ordered referred to Director Brennan.
Board of Adjustment,

Newark, N. J., Feb. 8, 1927.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:—

The Board of Adjustment has considered the application of Henry Buermann, William Buermann and Morris Tzseses to amend the Building Zone Ordinance so as to change the east side of No. 12th Street between Springdale and Fourth Avenue from a business district to an industrial district, and which was referred by your Honorable Body for recommendation and report.

This property was placed in the business district in 1925, it having been in the industrial district prior to that time. As it now stands the City has some control over the uses to which this property might be put, thus affording greater protection to the owners of the dwellings abutting this property on the south and east.

The Board of Adjustment respectfully recommends that this application be not granted, and in so doing wishes to inform your Honorable Body that this recommendation meets the approval of the applicants.

Respectfully submitted,

The Board of Adjustment,
R. B. Rankin, Secretary.

Recommendation concurred in.
Board of Adjustment,

Newark, N. J., Feb. 8, 1927.

The Board of Commissioners
of the City of Newark, N. J.

Honorable Sirs:—

The Board of Adjustment has considered the application by several property owners to amend the Building Zone Ordinance so as to change the south side of Court Street between Washington Street and Coes Place from a Residence District to a Business District, which was referred by your Honorable Body for recommendation and report.

Your Board respectfully recommends that the south side of Court Street from Washington Street to a point opposite Plane Street be changed to a business district, and also that the north side of Court Street between Washington and Plane Streets, now in the Industrial District, be also changed to a Business District.

This recommendation was arrived at after a hearing and meets with the approval of all parties interested.

Respectfully submitted,

The Board of Adjustment,

R. B. Rankin, Secretary.

Ordered referred to Law Department.
Board of Adjustment,

Newark, N J, Feb, 8, 1927
The Board of Commissioners
of the City of Newark.
Honorab!e Sirs:

The Board of Adjustment has considered the application of the United Advertising Corporation to amend the Building Zone Ordinance so as to change Magazine Street between Paris and London Streets from a light industrial district to a heavy industrial district.

If the change applied for should be made, the property might be used for purposes detrimental to the neighborhood. Your Board feels that this application should not be granted, at least until the Board of Commissioners or the Board of Adjustment is advised as to the use to which this property is to be put. The property adjoins the new State Highway.

In view of the above facts, your Board respectfully recommends that the application be not granted.

Respectfully submitted,

Board of Adjustment,

R B. Rankin, Secretary.
Ordered filed.

Hawthorne Avenue Trust Co.,
Newark, N. J., Feb. 4, 1927.
Mr. William J. Egan,
City Clerk,
City Hall, Newark, N. J.

Dear Mr. Egan:

We have received your letter of the 1st inst., enclosing a copy of a resolution passed by the City Commissioners making the Hawthorne Avenue Trust Company a city depository.

We thank you very much for the same.

Respectfully yours,

Leopold Jay,
President.

Ordered filed.

United States Trust Co.
Newark, N. J., Feb. 4, 1927.
Mr. William J. Egan,
City Clerk,
Newark, N. J.

Dear Mr. Egan:

We wish to acknowledge receipt of a resolution naming the United States Trust Company as a depository of pub-

lic funds of the City of Newark

If you find it convenient, we should be glad to have you call and make the acquaintance of our Officers.

Very truly yours,

P. M. Memagh,
Secretary.

Ordered filed.

Commissioner Howe: Anybody want to be heard on the Garside Street garage?

Mr. Congleton: In response to your request, I have made a study of the law as it exists today, and it is opinion in view of the 1926 amendment to the Zoning Ordinance creating the Board of Adjustment and giving it certain power, that their power in a case in which they have jurisdiction is final, so that it isn't within the power of the Building Superintendent to withhold a permit after an appeal has been taken to the Board of Adjustment, so while I know you would like to help these people out, I don't think you have the power.

Commisisoner Murray: I move it be referred back to the Adjustment Board and given a further hearing.

Commissioner Gillen: I second that motion, but would add "with the recommendation that the permit be not granted."

Commissioner Murray: I accept the amendment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Howe, Murray.

Commisisoner Brennan: I move the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

JNO. F. MURRAY, Jr.
CHARLES P. GILLEN

The Board of Commisisoners of
The City of Newark, N. J.

W. J. Egan,
City Clerk.

Newark, N J, February 15, 1927

A regular meeting of the Board of Commisisoners of the City of Newark, N. J., was held on the above date in the Commisisoners' Chamber, City Hall, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commisisoner Howe presided.

The minutes of meeting of February 8th were read and approved.

Commisisoner Howe: Does any citizen desire to be heard?

(No response).

The City Clerk presented An ordinance changing and establishing the width of the sidewalks of Wilson Avenue from Merchant Street to an angle in the said Wilson Avenue about 157 feet east of the center line of Rome Street and requiring the removal of obstructions, projections or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commisisoner Howe: Does any citizen desire to be heard?

Judge Frank A. Boettner: I represent the Wilson Avenue Property Owners' Association, and we are opposed to the widening as contemplated in this ordinance. I may say this at the outset, several weeks ago I had a conference with several gentlemen and Mr. Costello and we left with the impression subsequently that we had agreed on a ten-foot sidewalk. The property owners represented by that association are satisfied with a ten-foot sidewalk. Anything less than that would handicap them in their affairs because of the location of their buildings.

Commissioner Howe: That will leave what?

Judge Boettner: Three feet two inches on each side. Now, if the Commission wishes to hear from the citizens and the property owners around there, I think they are here. There is a delegation representing the property owners.

Mr. Ernest P. Biro, 786 Broad Street:

All the people opposing this ordinance kindly arise.

(Delegation rises).

Mr. Biro: The project will practically apply to all the buildings down there, and I am afraid if you are going to cut that sidewalk down to seven foot and your poles moved back accordingly, you will come off the front stoop and be in the gutter. There would be hardly enough room to push carriages or anything, and it would be very dangerous to the children, because the school is right there too.

The following persons also spoke:

Mr. Curtis R. Burnett, Mr. Emil A. Diffenbach, Joseph H. Gunn and Miss Minnie Books.

Commisisoner Murray moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Howe, Murray.

The following petition was received and read:

February 9, 1927.

To The Board of Commissioners
of the City of Newark.

We, the undersigned, owners of property fronting on Mr. Prospect Avenue, between Bloomfield Avenue and Abington Avenue, respectfully object to the passage by the Board of Commissioners of the City of Newark of "An Ordinance to provide for the repaving of Mr. Prospect Avenue from Bloomfield Avenue to Abington Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation," which ordinance was introduced and passed on first reading on January 25, 1927; and we present the following reasons for our objection:

"1. The present paving is substantial

and useable and is now in little worse condition than it has been for many years. The present paving is durable.

2. The ordinance provides for assessing the cost of the improvement against the property benefited.

3. The ordinance does not specify what property is deemed to be benefited, not to what extent.

4. The proposed improvement would facilitate and increase the flow of through traffic. The principal benefit would accrue to those citizens of the city, county and state who have occasion to use the street as a thoroughfare.

5. The proposed improvement would not appreciably benefit property fronting on the street for the residential and other non-commercial uses to which this property is now generally put.

6. By increasing the flow of fast through traffic, the proposed improvement would depreciate abutting property for the uses to which it is now generally and extensively devoted.

We, therefore, respectfully submit that the ordinance be not passed, or that, if passed, it be first amended to designate the proposed improvement as wholly or principally a general improvement, the cost of which shall be deferred out of general tax revenues of the city.

(Signer by 13 property owners)

Ordered filed.

The City Clerk presented An ordinance to provide for the repaving of Mr. Prospect Avenue from Bloomfield Avenue to Abington Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

Mr. Louis Hood: I am not opposed to repaving, but opposed to the ordinance in its present shape, because of the cost being saddled on the property owners, and I am also opposed to

laying new sewer and water mains every twenty-five feet.

Mr. Richard Mattia: The first question, sir, I understand that the pavement is merely to be on the used part of the street and that between the tracks there will be no pavement, that the Public Service objects to doing any tearing up or any repaving, neither will the city repave it. Now, you have two sides to it, a large expenditure of \$18. a running foot as I understand it, for each property owner, with the Public Service running their trolley in the center with the same body it has now. You have the same noise, you have now, you are relieving nothing except the man who drives over the road for a smoother pavement. If the condition of the pavement on the side is such that it would require repaving of the street, which is in much better condition than many streets in the City of Newark, although I am not opposing improving it, then the center of the street that is likewise paved and in the same condition, practically, that ought to be repaved also. I think the property owners on the Avenue—I speak for one—but I think the others would favor, there is so much talk of doing away with trolley tracks. Why not remove the tracks along there and put busses there and let us pay for the full width of the street. Then you have got a street, an Avenue that one would be proud of, and the question raised about the assessment, of course, I presume that is an after consideration, although the ordinance says it shall be borne by the property owners. There are these three questions to be taken up. One is as Mr. Hood said, about the sewer. Some of our sewers on the north side of the street—or at least, on the east side of the street, are connected into the Garside Street, and have been for generations, and naturally they have their connections and it is unnecessary to reclaim and go over each expenditure. The next is why not, if the citizen, if the taxpayers on the Avenue are to pay for their share, why not then pave also the center of the street whether the law permits the Public Service shall pay for it or not. That is a question I presume is up to the Commission. To pave just the side and not the center

doesn't improve the street to any extent, you still have the burden of noise. Those who live on it know something about it. I have been there about eight years; I am pretty well used to it now, but there is a very very loud noise there caused by the trucks and the condition of the street is what I consider fair, or in comparison with many others, good. I have practically 93 feet front on Mt. Prospect Avenue. I wouldn't hesitate in standing the burden of the improvement, for I tell you city traveling is not traveling as a one horse town city any more; it is a question we have got to stand improvements, but the improvement should be an improvement and not a half an improvement, like having a bath tub and no hot water connection. That is about the condition with the center of the street left and 18 inches on the side of it left in the condition we have now. I think we could get together. The Public Service, from what I have been reading, maybe would be glad to get rid of their tracks. I think maybe they will welcome this and I think the neighbors would welcome the difference of paying the difference between the tracks. That is my opinion as one of the property owners on the Avenue.

Mr. Charles R. Hardin: Gentlemen, I would like to read the petition by some of the property owners. (Petition reread).

Commissioner Howe: That is only done on streets that have traffic that runs like to Philadelphia and Baltimore. Now, if that is permitted to go into the ordinance, after a while the tax rate in the City of Newark would be prohibitive, and I don't know any street in Newark better qualified to pay, or any list of names that you might select from the directory which would be better qualified to pay than those same people.

Mr. Hardin: They are able to pay, but they are people who don't care for the commercial and economic development.

Commissioner Howe: This won't bring in commercial development that I can see.

Mr. Hardin: It will bring retail

business quicker that it would otherwise come.

Commissioner Brennan: I would like to ask Mr. Costello, in relation to the trolley tracks, is it not the custom that the Public Service repairs its roadbed when the street is paved?

Mr. Costello: They repair it, but they stated in the cases of Central Avenue and Mr. Prospect Avenue that they have no money to pay for the improvements, and we go ahead. Where there is track work necessary, why, they will make some improvements.

Commissioner Howe: I have lived on three streets in the 58 years of my life, and I paid for the paving on each one of those three streets, and Mt. Prospect Avenue or no other street paid for it, and I for one object to their getting away with twenty per cent. and let the others pay for the other eighty.

Commissioner Brennan: I move you, Mr. Mayor that the further hearing of the ordinance be laid over for a period of one month to see what can be done with the Public Service.

Mr. William S. Righter spoke in opposition to the ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Hansbury Avenue from Park View Terrace to Maple Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No Response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commisisoners Brennan, Gil-
len, Howe, Murray.

Commisisoner Brennan moved that
the following ordinance be taken up on

Commissioner Howe: Any citizen
wish to be heard?

Mrs. McTague, 62 Willoughby Street
opposed the ordinance.

Mr. Max Feldman appeared in favor
of the ordinance.

Commissioner Gillen moved that the
ordinance be laid over for one month
and that the Board inspect the street.

The roll being called, the motion
was declared adopted by the following
votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray.

The City Clerk presented An ordin-
ance to provide for the grading, curb-
ing, and paving of North 10th Street

from Third Avenue West to Second Avenue West, with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

Mr. Warren D. Ward, 47 North 10th Street: You have a protest signed by 90 per cent. of the property owners.

Commissioner Howe: You believe at some later day it would be wise to do it?

Commissioner Brennan: I move you, Mr. Mayor, that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of North Eleventh Street from Springdale Avenue to Third Avenue West with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. C. I. Demarest, 279 North 11th Street: There is a petition of 66 per cent. of the property owners protesting that pavement. The street, I know, if a part of the—I am also a property owner on Third Avenue.

Mr. Costello: You are 279?

Mr. Demarest: Yes, 279. We did sign six months ago. A gentleman brought that to me and he gave me the impression at the time if it was done at the time Third Avenue was done, it could be done at four or five dollars a foot. That is the reason I signed that.

Commissioner Howe: Now you are on record as against it?

Mr. Demarest: Yes. I think the

same gentleman was around on Third Avenue at the time.

Commissioner Howe: Is it a dirt street?

Mr. Demarest: No; I think it is a sort of macadam.

Commissioner Brennan moved that the ordinance be laid over until March 1st, 1927.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of North Ninth Street from Springdale Avenue to Third Avenue West with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

Mr. J. A. Kilgour, 31 Springdale Avenue: There was a petition signed by at least 90 per cent. of the property owners on the street.

Commissioner Howe: In favor of or against it?

Mr. Kilgour: Against it.

Commissioner Howe: It is a dirt street?

Mr. Kilgour: It was an old Telford Street.

Mr. Costello: Broken stone, in other words. There is no base under it.

Commissioner Brennan: Seventy-eight per cent. are against it?

Commissioner Brennan moved that the ordinance be laid over until March 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the repaving of Madison Avenue from Belmont Avenue to Chadwick Avenue with asphalt pavement (1½" top-1½" binder) on a

six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

Mr. Adolph Frazer, 596 Huntington Street, appeared and opposed the ordinance.

Mr. John Chrystal, 85 Madison Avenue: I came down here with full intentions of paving Madison Avenue, or the improvement of any street in the City, but when I hear these gentlemen come from the Forest Hill section of the City, with estates over there of 130, 135 foot, protesting of the paving of I say the poorest street in the City of Newark, I am in opposition to it now. I have rode through the City of Newark an average of 50,000 miles per year in an automobile, and as Commissioner Howe says, 90 per cent. 100 per cent. of the people on Mt. Prospect Avenue rides Summer Avenue from Bloomfield Avenue over to get away from Mt. Prospect Avenue. Now, if them streets are going to be eliminated and laid over for those fellows who has got these vast estates holding them for future development, then I am opposed to the paving of Madison Avenue. Madison Avenue isn't as bad as Tenth Street or Bergen Street or Mt. Prospect Avenue. The only place a man can ride on Mt. Prospect Avenue—not that I am in favor of the Public Service at all—is in the Public Service car track,—not the tracks, but where you hit the 14 or 15 inches on the outside of the track. Now, there are some holes in Madison Avenue and I came down here with the full intention of paving Madison Avenue, but I am opposed to paving any street for these fellows come over and ride. There wasn't a protest offered by the Mt. Prospect Avenue when the people on Summer Avenue had to pay. There wasn't any protest down here. Now, there is the artery we ride through to Belleville, with the exception of one little dip as you go over the second river clear through to Paterson is a good road there, and would bring hundreds to ride through the city and leave a few dollars. Now, Madison Avenue might be an artery that leads

to nowhere. There isn't nobody up there that has got any vast estate. My piece of property would make a fairly good garage. I guess it is 18 or 20 feet wide, but here are these fellows down here protesting against city improvement with vast estates, then I should pave my street so when these birds want to go up Clinton Avenue they can ride on a good street paved by me, but when I want to go over to Belleville I have got to ride hump and bump over the road. Now, if you lay over that street, for God's sake, gentlemen, let us lay over paving every street in the City of Newark. If Mt. Prospect Avenue don't need pavement, then Doremus Avenue didn't need it. I am in favor of paving every street in the City of Newark with good substantial material. If these good fellows keep it up I don't know where the payers is going to get a living this year. Everybody that has been in here has been opposed to every street. We are not living in a little hamlet. Let us pave every street like they do in East Orange or in Belleville.

Mr. Charles Halter, 77 Madison Avenue, appeared and opposed the ordinance.

No one else appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented "An ordinance to provide for the repaving of Spruce Street from High Street to Belmont Avenue and Eighteenth Avenue from Belmont Avenue to Springfield Avenue with asphalt pavement ($\frac{1}{2}$ " top- $1\frac{1}{2}$ " binder) on a six (6) inch concrete foundation, except from the westerly side line of Lillie Street to the westerly side line of Fairview Avenue which shall be new granite block laid on a new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen desire to be heard?

Mr. Henry Wiseman, 334 - 18th Avenue: Well, gentlemen, I have no objection to the paving as far as that goes I am here to get a little information. In the first place I know I signed a petition on that granite block pavement. I signed for taking those blocks and clipping them and laying them on concrete base, and 90 per cent. of the property owners signed for that kind of pavement. I guess there is no objection to having it repaved because the car tracks are there and in the course of time we have got some big pipes going in, the gas pipes went in and the street, of course, is in a pretty bad condition on the side of the car tracks.

Mr. Costello: There is a petition requesting the repaving. Repave with blocks, reclipped, that is the petition?

Mr. Wiseman: Yes.

Mr. Costello: That will cost you more money than asphalt will.

Mr. Wiseman: Of course, gentlemen, I have no support here, and, of course, I am only speaking for myself.

Commissioner Howe: You want the cheapest and best?

Mr. Wiseman: I kind of thought granite block pavement would cost more and we have to consider other neighbors down there who aren't financially fixed.

Mr. Henry Bier, 349 18th Avenue, spoke for a new gas main.

Mr. Carl Molleretsky, 150 Livingston Street, asked about the cost.

Commissioner Gillen moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

February 2, 1927.

To The Honorable Board,
City Commissioners of
The City of Newark.

Application is hereby made to your Honorable Board to change the zoning district on the west side of Gotthardt Street, Beginning in the center line of Elm Road at Gotthardt Street running along the center line of Elm Road to a point opposite the center line of Garrison Street; thence running along the center line of Garrison Street to a point in the center of New York Avenue thence running along the center line of New York Avenue to a point in the center line of Gotthardt Street; thence running along center line of Gotthardt Street to the point and place of Beginning.

The east side of Gotthardt Street is already in the heavy industrial zoning district and this application is respectfully made to you so that this other block may be included in the heavy industrial zone.

The purpose for which this application is made is so that a chicken market may be built and constructed according to law, and in full accordance with the building code of the City of Newark.

Respectfully submitted,

D. A. Valentino.

Commissioner Brennan moved that the communication be referred to the Board of Adjustment for recommendation and report.

February 14, 1927.

Board of Commissioners of the
City of Newark, N. J.

Gentlemen:--

We are the owners of the property on the Eastern side of Christie Street,

Newark, N. J., beginning 263 feet more or less southerly from Ferry Street to a point 745 feet more or less southerly from Ferry Street, for which we beg to make application to have changed from a residential zone to a light industrial zone; a portion of this property is already zoned as "light industrial" and P. Ballantine & Sons of which this company is a subsidiary corporation, own all the land on the westerly side of this street south of Ferry Street and which is zoned as and occupied for heavy industrial purposes. Therefore, it is not probable that this block will ever be used for residential purposes, and we therefore ask that our property described above be zoned for light industrial purposes.

Thanking you to give our application favorable consideration, we are,

Yours truly,

Alliance Investment Company,
B. S. Rowland.

Newark, N J February 23, 1927

A regular meeting of the oBard of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe.

Absent: Mayor Raymond, Commissioners Murray.

Commissioner Howe presiding.

The minutes of meeting of February 15th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of an eight (8) inch pipe sewer in Hansbury Avenue between Park View Terrace and Maple Avenue and in Park View Terrace from Keer Avenue to Hansbury Avenue.

The Board of Commissioners of the City of Newark, Do. Ordain:

Section 1. That an eight (8) inch pipe sewer, for house sewage only, shall be constructed in Hansbury Avenue between Park View Terrace and Maple Avenue and in Park View Terrace from Keer Avenue to Hansbury Avenue. This sewer to be constructed with house connections to the curb lines, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 24th, 1927, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,200.00

is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,200.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The following communication was received and read:

Honorable Thomas L. Raymond,
Department of Public Affairs,
Newark, N. J.

We, the undersigned, being owners of property on Madison Avenue between Belmont Avenue and Chadwick Avenue in the City of Newark, New Jersey, do hereby petition and request that the ordinance for the repaving of Madison Avenue be reopened and set aside.

We feel that the present pavement on Madison Avenue is practically a new pavement and in excellent condition and that the repaving of the same

is not necessary at this time and would be a hardship to the property owners.

(Signed by 30 property owners).

Ordered referred to Chief Engineer Costello.

Mr. Joseph M. Hauber: We thank you, gentlemen, but we didn't know it was passed until we saw it in the paper last Tuesday night. On Wednesday we were here to see Mr. Costello. We received a list of the addresses where the notices were sent out, but I don't know as they received them. The notice itself shows that eight were returned to the City Hall for incorrect addresses of those people on Madison Avenue, and therefore we came down here on Wednesday and asked Mr. Costello what would be done, and the only reason we could see was to ask this Honorable Board to reopen the case. I represent the Central Presbyterian Church. We own five lots on Madison Avenue. We just paved Clinton Avenue and Belmont Avenue, and only two years ago we got through paving on Madison Avenue, and now we have got to start all over again.

Mr. George F. Lingerian, c/o William Bauer Company, 137-153 Badger Avenue: We think that pavement is good enough and will be for a good many years, and we think it is going to be used for jitneys of a private corporation. We object to it very strongly. We didn't know about it. I guess notices were sent out, and the Bauer people may have got it, but I didn't see it and we are objecting to it on the ground that the pavement is plenty good enough and it is better than the pavement on 95 per cent of the streets in Newark.

Commissioner Howe: The Engineer seems to think that the street requires it.

Mr. William Alter, 77 Madison Avenue: I feel with all the other property owners on that street that the repavement is not necessary and it isn't justifiable. Assuming it is so, I believe if you were to investigate it, it will also prove—I believe it is taking property for public purposes without compensation therefor. I think that is unjust and violates our rights and is unconstitutional.

Commissioner Howe: The City isn't taking any property.

Mr. Alter: It is when you are assessing property owners when it isn't necessary.

Commissioner Gillen: You say the pavement is not necessary?

Mr. Alter: We don't think it is. It is in very good condition at present and if the repavement is to be done for the drivers of motor vehicles, we think the tax should be a general tax and not a special tax for the owners of property on that street. A few property owners, including myself, would not derive benefit from that assessment.

Commissioner Gillen: Suppose we ask the Engineer to investigate the matter of the protest and report back.

Commissioner Howe: That is understood.

Commissioner Howe offered the following resolutions:

RESOLVED: That the sum of Sixty-Four Thousand, Seven Hundred Seventeen Dollars and Ninety-Eight Cents (\$64,717.98) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

The following communications were received and read:

C. C. Lurich & Company
4 No. 9th Street

Newark, N. J., February 17, 1927.

Hon. City Commissioners,
City Hall, Newark, N. J.

Gentlemen:—

You surely value the lives of your constituents who so complacently display such confidence in you. Therefore I wish to call your attention to the viaduct over the Lackawanna Railroad at 7th Avenue and North 14th Street, Newark, N. J.

There are very sharp curves and no walks for pedestrians and autos speed up to make the grade; it is impossible to see people around the curves. I witnessed several narrow escapes and would suggest that this hazard be investigated and eliminated, as raised walk or iron fence would be a protection.

Very truly yours,

Chas. C. Lurich,
Roseville Realtor.

Ordered referred to Mayor Raymond.
Board of Adjustment
City Hall

Newark, N. J., February 17, 1927.
The Board of Commissioners
of The City of Newark.

Honorable Sirs:—

The Board of Adjustment has considered the application of Mr. D. A. Valentino to amend the Building Zone Ordinance so as to change the block bounded by Gotthardt Street, Elm Road, Garrison Street and New York Avenue from a residence district to a heavy industrial district, and which was referred by your Honorable Body for recommendation and report.

Your Board finds that the block in question is in one of the largest blocks in that part of the City and that 75 per cent. of the property within the block is improved with modest homes. Furthermore, the block is not contiguous to any other heavy industrial district as stated in the application.

We note also that "The purpose for which this application is made is so that a chicken market may be built and constructed according to law". The Board of Adjustment does not favor the change in zone of an entire residential block for the purpose stated in the application, and respectfully recommends that this application be denied.

Respectfully submitted,

R. B. Rankin,
Secretary.

On motion the recommendation of the Board of Adjustment was concurred in.

Board of Adjustment,
City Hall

Newark, N. J., February 17, 1927.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:--

The Board of Adjustment has considered the application of the Alliance Investment Company to amend the Building Zone Ordinance so as to change the east side of Christie Street south of Ferry Street from a residence district to an industrial district.

Your Board finds that there are no residence on the block in question, that nearly all of the east side is vacant land, and that the west side of the block is zoned for heavy industries. The Board of Adjustment, therefore,

recommends that this application be granted.

Respectfully submitted,

R. B. Rankin,
Secretary.

On motion the recommendation of the Board of Adjustment was concurred and the matter ordered referred to the Law Department to draw ordinance.

Board of Adjustment,
City Hall

Newark, N. J., February 17, 1927.

William J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:—

Your letter of February 8th advising the Board of Adjustment that "At a meeting of the Board of Commissioners, held on the 8th instant, Corporation Counsel Congleton reported that he had made a study of the law as it exists today, and in his opinion . . . it is not within the power of the Building Superintendent to withhold a permit after an appeal has been taken to the Board of Adjustment, and that the Board of Commissioners have no power."

This opinion was given in response to a request by the Board of Commissioners as to its powers in the matter of refusing a permit for the erection of a garage at 279-283 Garside Street, and further stating that on motion the matter was referred back to the Board of Adjustment for the purpose of giving a further hearing with the recommendation that the permit be not granted.

I have been directed to advise you that the Board of Adjustment at its meeting held on February 17th, by a majority vote, decided that inasmuch as it had already granted a permit for the erection of the garage in question and that the applicant, according to counsel, had gone ahead on the strength of the permit and given out contracts and spent some money in connection with the filling in of the lot, that it could not consistently or legally cancel the permit at this time. Furthermore, the Board felt that the

granting of a re-hearing would merely be a repetition of what had been presented to it at the original hearing which was held on January 20th, and the Board therefore regrets being unable to comply with your request.

Very truly yours,

R. B. Rankin,
Secretary.

ANNUAL REPORTS

The Annual Report of the Public Library for the year 1926 was received.

Commissioner Howe: Any citizen wish to be heard or appear before the Commission?

Mr. Henry F. Hilfers, 703 Sanford Avenue. Mr. Chairman and gentlemen of the Commission: I am here to enter a protest against the action of the Board of Adjustment at their meeting of February 17th. The facts in the case are as follows: I bought a home at 701-703 Sanford Avenue two years ago under a highly restricted condition. There was vacant property to the north of me of 150 feet. This plot was sold and bought by a man named William Krieger. On January 6th I received notice sometime in January that on January 6th there would be a hearing before the Board of Adjustment on the question of granting a permit to build a 21-family apartment walkup on a plot of ground 100 by 100 at 689-695 Sanford Avenue, this building to occupy all but four feet, except that it was set back 15 feet from the sidewalk the same as the other buildings, but otherwise the whole plot would be occupied with the exception of four feet all around it. I then came before the Board and had a petition from other people that lived on that block and the Board denied the petition. Sometime after that I received notice that the case had been reopened on January 20th, but I never received any notice that any application had been made for the case to be reopened; I knew nothing about it until the reopening had been granted and that a hearing on the reopening would be granted on February 17th. I assume when a case of that kind is reopened that there is something new brought up in favor of the petition, and I came here to the hearing pre-

pared but there was absolutely nothing new brought up, gentlemen, and the petition was granted by a three to two vote. Mr. Fitzsimmons and Mr. Towey voted against the proposition and the other three voted in favor. Now, gentlemen, this will deteriorate the people's property that have built one and two-family houses there and made it their home to such an extent that it will be terrible. There is no need for a 21-family apartment on that street. It is purely a speculative proposition. I bought my property for 60 foot at \$50 a front foot, and I believe the property next door to me, the property 150 feet— I was told if this permit was granted by the owner of the property that he would get \$200 a front foot. He is not interested in the building, simply interested in the sale of this plot. There is no doubt in my mind that the people that have filed the plans and so forth are not going to erect that building, but they are going to peddle the permit to the highest bidder. Gentlemen, it is going to be an entering wedge for to put all kinds of buildings on Sanford Avenue wherever permissible. Opposite to me for 700 feet from Underwood Street to Ivy Street was all vacant land, highly restricted in a majority of instances, the same as mine, can't put anything else on but one or two-family houses. Those people will be affected as well as anybody else. I think, Mr. Chairman, that this case ought to be reopened. I think it was an injustice or an oversight, not knowing, me and others, that the case was going to come up for argument for reopening. We could have been there and I believe we could have prevented the reopening. Only two weeks after the permit had been denied, why, the commission reopened it and then on the 17th practically reversed itself. Now, what chance has a man who has invested his all in a home and that moved there for the sole purpose because the property was restricted, wanted to get out of congested districts, wanted to have a little free air and movement, what incentive is there to do that, what protection has he got? It is a violation of the zoning law; they are going to build a three-story tenement house there where the zoning law now provides that no more than a two-story

can be built, and I understand that the commission agreed that no more violations of the zoning law be permitted until the matter was decided by the court, and naturally these people, in my opinion, are hastening to get ahead of the Constitutional amendment that is going to be voted on at the next election that there can be a legal zoning law granted. I want to appeal to you gentlemen as a taxpayer and property owner of the City of Newark, and in the name of all of them that are on the block there who are protesting that it is an injustice to permit this project, whether or not something cannot be done to prevent this.

Commissioner Gillen: No notice of the rehearing?

Mr. Hilfers: I received no notice of the reopening of the case.

Commissioner Gillen: That would seem a violation.

Mr. Hilfers: I don't know that anybody else received any notice that any application was made to reopen the case.

Mr. Congleton: In case where they had to give notice in the first instance there ought to be a similar notice given after the case was reopened and set down for another hearing. I don't know what the rules of the Board are.

Commissioner Howe: I was of the opinion that it was custom where a decision had been given, a request to reopen, that the same opportunity would be given to the people to be heard.

Mr. Hilfers: I should assume that.

Commissioner Howe: I was a member of that commission, the first commission we had.

Mr. Hilfers: Another point I want to raise, application to reopen two weeks after the case has been decided, against them, unless something vitally new can be brought before the Commission that they can raise when the reopening comes, the protestants ought to be notified and the one that petitions should certainly bring up something new and give a reason for reopening the case, which wasn't done in this case.

Commissioner Gillen: I move you, Mr. Mayor, that this matter be referred to the Law Department, and if there

is any way of reopening that case that it be done, and in the meantime that the building department be authorized and instructed to refuse the permit, and that the owner and applicant be notified not to proceed or make any contracts for the erection of a building or buildings on premises located at 689-695 Sanford Avenue.

Commissioner Brennan: I second that motion, and I would like to ask a question. Is this particular zone complained of by Mr. Hilfers in the two-family residence zone as prescribed by the Zoning Law?

Mr. Fitzsimmons: One and two-family; and apartment houses are prohibited there.

Commissioner Brennan: Was it not the understanding that the Zoning Law would be strictly lived up to, as far as the Adjustment Commission and Building Department are concerned, until a decision was rendered?

Mr. Fitzsimmons: I believe that was the understanding.

Commissioner Howe: Mr. Fitzsimmons, who voted against granting this, Mr. Hilfers, tells me you were notified of the second--

Mr. Hilfers: Of the reopening of the case?

Mr. Fitzsimmons: What I meant to convey was this, that you were notified of the hearing and not of the application for reopening.

Mr. Hilfers: That is what I meant. I was notified of the hearing on February 17th, but I take this stand, that as soon as application was to be made to reopen that the protestants ought to be notified to be there to find out just exactly under what conditions and for what reason the case should have been reopened.

Commissioner Howe: You were there, weren't you?

Mr. Hilfers: I wasn't notified.

Mr. Fitzsimmons: He wasn't there when the application was made to reopen, but he was there when the second hearing was granted.

Mr. Hilfers: And there was absolutely nothing new brought up on February 17th, that should change the vote of the Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Mr. Herman Brams, 951 Grove Street. I have been designated by several hundred of people on Belleville Avenue and Washington Avenue to appear here this morning to say that a petition handed to Mr. Costello's office asking for the change of the name of Belleville Avenue and Washington Avenue to Broadway, be brought up for a hearing and some steps be taken to further the wishes of that community.

Commissioner Howe: You want to set a date for hearing, is that the idea?

Mr. Brams: An ordinance be submitted.

Commissioner Gillen: I move that the petition be referred to the Law Department and an ordinance prepared.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Commissioner Brennan: I move that the meeting adjourn.

An ordinance to provide for the repaving of Center Street from Park Place to Ogden Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioner of The City of Newark, Do Ordain:

Section 1. That Center Street from Park Place to Ogden Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, on both sides of the street railway tracks, with the exception of one (1) foot on each side of said tracks, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 17, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon

said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof, shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$16,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$16,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 1. That the names of the following public streets or highways, situated in the City of Newark, be and the same are hereby changed and shall hereafter be known and designated as follows:

Belleville Avenue to be changed to Broadway.

Washington Avenue to be changed to Broadway.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

Commissioner Gillen moved that March 22, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer for house sewage only, in Hobson Street from Chancellor Avenue northerly about 700 feet, together with storm water sewers in Chancellor Avenue from Wainwright Street to Hobson Street and in Hobson Street from Chancellor Avenue 225 feet northerly.

The Board of Commisisoners of The City of Newark, do ordain:

Section 1. That an eight (8) inch pipe sewer for house sewage only shall be constructed in Hobson Street from Chancellor Avenue northerly about 700 feet, together with storm water sewers in Chancellor Avenue from Wainwright Street to Hobson Street and in Hobson Street from Chancellor Avenue 225 feet northerly, the part from Wainwright Street to Leslie Street to be thirty (30) inch reinforced concrete pipe, from Leslie Street to Hobson Street to be twenty-four (24) inch reinforced concrete pipe, and in Hobson Street from Chancellor Avenue 225 feet northerly to be eighteen (18) inch reinforced concrete pipe. The sewer for house sewage only to be constructed with house connections to the curb lines, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled 'An Act Concerning Municipalities,' approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 25, 1927, and now on file in the office of the Chief Engineer of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall

be issued from time to time in an amount not to exceed \$7,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Commissioner Howe offered the following resolutions:

WHEREAS, by agreement dated February 5, 1927, Richard C. Jenkinson, of the City of Newark, Essex County, New Jersey, has given, granted, set over and delivered unto The City of Newark a collection of special editions consisting of samples of fine printing and including books by Bodoini, William Morris, Bruce Rogers

and many others of the masters of art chosen to show the work of the world's best printers, upon conditions set forth in said agreement, which conditions, in the judgment of the Board of Commissioners of the City of Newark, are proper;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the Board of Trustees of the Free Public Library be and they are hereby authorized to accept said gift on behalf of The City of Newark, upon the conditions set forth in said agreement; and

BE IT FURTHER RESOLVED, that this Board does hereby express to Mr. Richard C. Jenkinson, on behalf of the citizens of the City of Newark, its appreciation of so magnificent a gift.

John Howe
Charles P. Gillen
Jno. F. Murray, Jr.

Commissioner Murray It seems to me it is quite appropriate at this time to say just a word or two on behalf of the generous offer of Mr. Jenkinson in tendering the collection referred to in this resolution to the City.

We all know that perhaps the strongest factor in the life of Richard C. Jenkinson has been his civic pride.

We also know, who know him at all, that his great hobby has been the collection of rare works, of various types, such as paintings, books, and sets of prints, and so forth, inclusive of those mentioned in this resolution. I think it is a suitable thing that the people of Newark should have this tender made by Mr. Jenkinson, a man now far advanced in years, and it is a splendid thing that the only condition he puts upon the gift is that it shall be retained as a collection which he has spent so many years in gathering, and I think we are justified in expressing the gratitude of the people to Mr. Jenkinson for this offer, and I move the adoption of the resolution as read by the clerk.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

RESOLVED, by the Board of Commissioners of The City of Newark that The Hayes Circle National Bank and Trust Company of Newark, New Jersey, be and is hereby designated as a depository of public funds of The City of Newark in addition to those already designated.

WHEREAS, the Law Department has compromised with the Receiver for the said Monroe Clothes Company, Inc.; and

WHEREAS, the said Receiver for the Monroe Clothes Company, Inc., has tendered checks in the amount of Seven hundred and twenty-seven dollars and eighteen cents (\$727.18);

BE IT FURTHER RESOLVED, that the Tax Receiver be authorized to accept same and apply it on the 1925

taxes and the first half of the 1926 taxes in full, with interest thereon, and the second half of the 1926 levy, amounting to Three hundred and fifty-three dollars and eight cents (\$353.08) be cancelled.

Board of City Commissioners,
Newark, N. J.

Gentlemen:—

My client, Mr. Harry Harrison, of 157 Hobson Street, Newark, N. J., has consulted me with reference to certain injuries sustained by him by reason of being hit and run down by a motorcycle officer of the Newark Police Department at the corner of Broad and Mechanic Streets, Newark, N. J., on Thursday, February 17th, at about midnight.

The officer, Harold Turley, was operating a motorcycle at the time and was escorting a Mexican Bishop through the City of Newark. My client was seriously injured as the result of this incident and was confined in the City Hospital for about four days, where he was treated for lacerations of the left ear, right leg, left arm, chin and neck and received six stitches to his right leg. He underwent a good deal of pain and suffering and was thrown out of employment. At the present time, although getting around, he does so with the assistance of a cane. His entire body was bruised.

My client is a poor man and unable to stand the loss which he has incurred by this accident and I am going to ask you to kindly make some sort of a settlement with him so that he will be able to straighten out his financial affairs again.

Will you kindly let me hear from you with reference to this matter by return mail, and oblige.

Very truly yours,

Charles Stenberg.

Newark, N J, March 8, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Murray.

Absent: Mayor Raymond and Commissioner Howe.

The meeting was called to order by City Clerk Egan.

Commissioner Brennan: I nominate Commissioner Gillen for temporary presiding officer.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The minutes of adjourned meetings of March 1st and 3rd were read and approved.

Commissioner Gillen: Does any citizen desire to appear before the Board?

Mr. Herman Winarsky, Chamber of Commerce Bldg: Your honor, I represent tailors up on the hill, who are religiously of the Jewish faith and observe the seventh day of the week for their Sabbath solely for the purpose of religious worship. They find an ordinance has been passed by this honorable Board the twentieth of December prohibiting the opening of their establishments on Sunday, commonly known as the first day of the week. They complain, your Honor, and they have signed a petition, which I have here, they claim that the ordinance, as passed, infringes on their rights in that the Vice and Immorality Act—or at least exempts them from observing the first day of the week as their Sabbath, providing they keep the seventh day of the week. Furthermore, they find that they are being discriminated against in that the butchers of the city,—at least those who are permitted to keep their establishments open on a Sunday are the one who keep closed on Saturday, and for this reason we think we ought to be granted the same rights that the butchers are granted.

I have a petition here which sets it out more in detail, which I would like

to present to this honorable Board, signed by nine members.

The Clerk then read the petition:

To The Honorable Board of Commissioners of the City of Newark, N. J.

The petition of the undersigned respectfully shows unto your Honorable Board:

1. That they are engaged in the occupation, trade or business of cleaning, dyeing, pressing and mending of wearing apparel, and general tailoring business, having and maintaining their stores or establishments within the corporate limits of the City of Newark.

2. That they are devout and religious observers of the Jewish faith, and as such observers uniformly keep the seventh day of the week, commonly known as Saturday, as their Sabbath, and habitually abstain from following their usual occupation, trade or business and from all recreation of that day, and devote that day to the exercise of religious worship.

3. That your Honorable Board has on the 28th day of December, 1926, adopted an ordinance prohibiting the opening and operation on the first day of the week, commonly known as Sunday, of cleaning or dyeing stores or establishments, prescribing therein a penalty of fine or imprisonment for violation thereof.

4. That by complying with the terms of that ordinance they are compelled to remain idle on a day that is not their Sabbath and are deprived and prevented from earning a livelihood thereon; they find that their constitutional rights have been infringed upon; they find that they are discriminated against, for your Honorable Board does by ordinance permit seventh day Sabbath observers engaged in the butcher and meat business to open and operate their stores and establishments on the first day of the week, namely, Sunday; they find that the ordinance they now complain of conflicts with section 34 of the Vice and Immorality Act of the State of New Jersey, 4 Compiled Statutes, page 5723, for that section exempts seventh day Sabbath observers from the prohibitions of that act respecting occupations for worldly gain on the first day of the week, namely, Sunday.

5 That they follow their usual occupation, trade or business on their own premises, and that such occupation, trade or business is not of a character that would disturb other persons in the observance of the first day of the week as their Sabbath.

WHEREFORE your petitioners pray that an ordinance be adopted by your Honorable Board amending the ordinance with which this petition is entitled, so it shall have added thereto a provision that it shall not apply to any person who religiously observes the seventh day of the week as the Sabbath and does not conduct business on said Seventh day of the week, and the further provisions that a person religiously observing the seventh day of the week as the Sabbath shall not so conduct business on Sunday as to interfere with the peaceful observance of Sunday as the Sabbath by his neighbors and the community in general.

Dated Newark, N. J.
March 3rd, 1927.

(Signed by nine).

Commissioner Murray: I move that it be referred to the Law Department for construction of the original ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Murray.

Commissioner Gillen: Are the gentlemen here representing the Madison Avenue protest? There is a letter here from the Chief Engineer, Mr. Costello, and maybe it would be better for the clerk to read that letter first.

The clerk then read the communication as follows:

March 8, 1927.

Mr. W. J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:—

I desire to report the following in the matter of the protest of the citizens against the repaving of Madison Avenue at the meeting of the City Commission held on March 3rd.

Our records show the following data on Madison Avenue:

The street was opened by ordinance under name of "Vanderpool Street" December 16th, 1871. The name was changed to Madison Avenue by ordinance December 19, 1890.

The street was paved with granite on sand in 1903 from Belmont Avenue to Chadwick Avenue.

. 2,041 lin. ft. of old curb was reset in concrete (at 20c), which was 59% of total curb.

1,410 lin. ft. of new curb was set in concrete.

Total cost of job was \$21,403.25, date of final estimate being July 27th, 1903.

Assessments were confirmed January 16, 1904 and amounted to \$6.40 per foot frontage. The city at large carried 39% of the cost of paving.

The length of paving job was 2,160 feet; assessable frontage was 2,953.92 feet; frontage actually assessed was 2,152.36 feet.

An inspection of the surface of this street shows it to be probably in a good condition as any of this type and age in the city. It, nevertheless, is not a good surface and one that would invite other than just local traffic, which destroys the use of this street as a thoroughfare or relief for Clinton Avenue and Avon Avenue. There is considerable settlement over wide areas although there are no holes or breaks in the surface. The joints are wide from 1" to 2", the blocks are rounded or turtle-back, and on the grade they are tilted or careened—all of which produce a rough riding surface.

Very truly yours,

James W. Costello,
Chief Engineer.

Ordered filed.

Commissioner Gillen: I must say, gentlemen, that I rode over this street the other day, and it seems to me it isn't in such bad condition. The granite block pavement, which it is, is on the incline; it is going up the hills.

Commissioner Brennan: What can be really done on that?

Commissioner Gillen: I rode over it quite comfortably.

Commissioner Brennan: When the hearing was held on the ordinance

there was no protest, after you had it advertised for paving.

Commissioner Gillen: There is no contract yet.

Commissioner Murray: In view of those statements, and in view of the statement of the Chief Engineer and your own inspection, it would seem to be proper to refer the matter back to the Law Department; although the ordinance has been advertised and bids solicited, it isn't necessary to award the contract.

Commissioner Gillen: I think the matter could be laid over for one year without any further trouble.

Commissioner Murray: Any further proceedings on the ordinance be abandoned?

Commissioner Gillen: The motion is to abandon further proceedings and to have the bids that have been received rejected.

Commissioner Murray: I don't think we should say the bids should be rejected.

Mr. Myers: Why don't you do this, the Department of Public Affairs will present the necessary resolution at the next meeting to reject the bids.

Commissioner Gillen: Then the motion is to abandon further proceedings and the Department will present a resolution at the next meeting to reject the bids.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

A Further Supplement to an ordinance entitled "An Ordinance to establish the name of certain streets in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

The following communications were received and read:

March 10, 1927

Honorable William J. Egan,

City Clerk, Newark,

Addressed.

Dear Sir:—

It will be necessary, by reason of my physicians' orders, for me to absent myself, temporarily, from the performance of the duties of my office as Director of the Department of Public Affairs.

I have designated Mr. Congleton to act, temporarily, in my absence, and enclose communication addressed to the Board of Commissioners as well as a resolution to that effect.

I would appreciate it if you would present these papers to the Board at its next meeting and request its action thereon.

Yours very truly,

Thomas L. Raymond.

Director of the Department of
Public Affairs.

Ordered filed.

March 10, 1927.

To the Board of Commissioners
of the City of Newark.
Addressed.

Gentlemen:—

By reason of the orders of my physicians, it is necessary for me to absent myself from my office, and to be relieved, temporarily, of the duties of my office of Director of the Department of Public Affairs.

I therefore request you to designate Mr. Jerome T. Congleton to act in my place and stead during such temporary absence he being more familiar with the matters pending in such Department than any one else outside thereof.

Yours respectfully,

Thomas L. Raymoid,
Director of the Department
of Public Affairs.

Ordered filed.

Commissioner Brennan offered the following resolution:

WHEREAS, By reason of ill health, it will be necessary for Thomas L. Raymond, Director of the Department of Public Affairs, temporarily, to absent himself from the performance of the duties of his office as Director of the Department of Public Affairs; and

WHEREAS, no person is now by law authorized to perform the duties of said office during his temporary absence; and,

WHEREAS, said Thomas L. Raymond has requested this Board to designate Jerome T. Congleton to act in his place and stead during his temporary absence;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark that under and by virtue of the authority of—

Section 19, of Article XXXVII, of
Chapter 152, of the Laws of 1917,
as amended by Section 3, of Chapter 319 of the Laws of 1920,

Jerome T. Congleton be and he is hereby designated to act in the place and Stead of Thomas L. Raymond, as Director of the Department of Public

Affairs, during his temporary absence, due to illness; and that the acts of the said Jerome T. Congleton shall in all respects be legal and binding as if done and performed by said Thomas L. Raymond.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

The following petition was received and read:

February 9, 1927.

To The Board of Commissioners
of the City of Newark.

We, the undersigned, owners of property fronting on Mt. Prospect Avenue, between Bloomfield Avenue and Abington Avenue, respectfully object to the passage by the Board of Commissioners of the City of Newark of "An Ordinance to provide for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue with asphalt pavement (1½" top-1½"

binder) on a six (6) inch concrete foundation," which ordinance was introduced and passed on first reading on January 25, 1927; and we present the following reasons for our objection:

1. The present paving is substantial and useable and is now in little worse condition than it has been for many years. The present paving is durable.

2. The ordinance provides for assessing the cost of the improvement against the property benefited.

3. The ordinance does not specify what property is deemed to be benefited, nor to what extent.

4. The proposed improvement would facilitate and increase the flow of through traffic. The principal benefit would accrue to those citizens of the city, county and state who have occasion to use the street as a thoroughfare.

5. The proposed improvement would not appreciably benefit property fronting on the street for the residential and other non-commercial uses to which this property is now generally put.

6. By increasing the flow of fast through traffic, the proposed improvement would depreciate abutting property for the uses to which it is now generally extensively devoted.

We, therefore, respectfully submit that the ordinance be not passed, or that, if passed, it be first amended to designate the proposed improvement as wholly or principally a general improvement, the cost of which shall be deferred out of general tax revenues of the city.

Signed by 36 property owners.

Ordered referred to the Director of Public Affairs.

The City Clerk presented An ordinance to provide for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: Any citizen desire to be heard?

Mr. Richard F. Mattia, 219 Mt. Prospect Avenue: Mr. Chairman, this ordinance was laid over for a month as I understand, for the Commission to obtain information what the Public Service intended to do with the paving of the center of the street, as it was thought that at the time—or as Mr. Costello reported, that he thought the Public Service was not going to do anything with it. As a property owner on the Avenue, my objection was principally that to pave the sides and not the center, which amounts to about 16 or 18 feet, it would not have improved the street enough to warrant the expense, that the noise would still exist and that the center would be rough while the both sides would be smooth, and as I understand the will of some of the Commissioners, they kind of agreed with the idea that it would not be a feasible thing and it would not be a just proposition to lay that expense on the taxpayers. I personally have no objections in the paving if the whole street was paved. Still, I believe, as I stated at that time, the street today is about better than 50 per cent of our city streets. The condition of it, as I understand, and as I recollect for many years the pavement hasn't hardly changed except where near the tracks where they have been tinkering with it in order to improve the tracks, so the street is in what may be called good condition, but I know the City is traveling to better conditions to make the city look much finer, and perhaps that we might want to stand, but I would certainly oppose it, if my opposition did any good, if they just wanted to pave the two sides and not the center. That is where I stand.

Mr. Charles R. Hardin, Prudential Building: The Commission will remember that I appeared last month and also filed a petition, or statement of objections on behalf of eleven or twelve owners. I have nothing now to add except to say that Colonel Righter has been active since the last meeting with petitions of a similar tenor and has a considerable number of additional objectors, and I think that the

objection which will be on file after he files his petition today, will be a majority, certainly considerably more than a majority of frontage on this part of Mt. Prospect Avenue, and I am not sure but I have a majority of the owners. Above Second Street, which is more than half, did have a majority of the actual owners as well as the frontage, objecting to this improvement, especially as a local improvement to be assessed in the discretion of the Board of Assessment, and the owners, if there could be some limit of the amount of the assessment, I think some of the objections might be less forcible. I suggested a 20 per cent limit, that the ordinance would go through, and Commissioner Howe last week did not seem to like that suggestion very much. The matter could be laid over the Public Service tracks are real objection,—perhaps that could be arranged and the objections would not be so insistent as they are now.

Commissioner Murray: It is more a question with your objectors as to whether or not the entire street is to be done and who is to pay for the portion between the respective sides.

Mr. Hardin: Some of them object particularly to the assessment feature; all of them are objecting to the whole improvement, which is, I think, the only way they can come here. They are willing to object and they have signed the petition, and although they object to the improvement, I think in the minds of some of them the assessment feature is the main objection. But some of them who are living there and have children want the street the way it is so it will not become an artery of traffic.

Commissioner Brennan: I would like to ask a few things of Mr. Costello, if he has, since the last hearing, got any word from the Public Service as to what they intend doing?

Mr. Costello: Yes, I have a letter from Mr. O'Toole, in which he says: (Mr. Costello then read the letter).

Commissioner Murray: Which would indicated the Public Service has no intention of disturbing their roadbed; no arrangements and no provisions made for it by them.

Mr. Hardin: I think with the actual

condition of legislation on that subject, it would be well to lay it over.

Commisisoner Brennan: I move the entire matter be laid on the table for six months, until September 13th.

Commissioner Gillen: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

Mr. Hardin: On behalf of the people I represent, that is satisfactory, a six months' adjournment.

Mr. William S. Righter, 196 Market Street: We have over 50 per cent. of the property owners on that street object to it, object to the ordinance, and, of course, this being laid over now, it cuts me off pretty much from giving you some information that I would like to, but I would like to see the ordinance killed if I can. Of course, if the Commissioner will withdraw that I will be very grateful to him.

Commissioner Murray: I think, Mr. Righter, you haven't very much to worry about, but if that has been done, if it is laid over six months, it is just a matter of economy; there might be a change of front on your part, you can't tell what you will do six months from now.

Mr. Righter: I would like to ask this Commission one or two questions. Now, when that payment was put down, our assessments on that street was thirty-six thousand and some hundred dollars. It was fought—when I say "us" I mean the family, my father and grandfather and grandmother owned the property, and my mother. Now, that was fought through and the present mode of assessment resulted. Before that, the surveyor simply assessed foot by foot, according to the assessment. Then the Board of Assessment bill was put through the Legislature, after the thing was decided, and the pecuniary benefits were only allowed on the property, and the City, of course, paid their part. Our assessment was reduced, and I think we paid about \$16,000 for the pavement that stands there. Now, if that pavement is taken up, is the City going to rob us of \$16,000 value of pavement? Certainly

those blocks are worth five cents apiece.

Mr. Congleton: You get the benefit of that in letting the contract if the contractor takes the old block it would be less.

Mr. Righter: I haven't found that in many cases.

Mr. Congleton: We have found it so.

Mr. Righter: I have paid the highest price for curb laid at 18 to 25 cents a foot up there and had inferior curb put down there and the good curb they took up was hidden, and I think Mr. Congleton will remember on Ridge Street the contractor had to refund or go to jail, I forgot which now. Then that would be refunded to us or refunded to the property owners along there.

Commisisoner Murray: Did you want to file those objections?

Mr. Righter: I would like to file these objections.

Commissioner Murray: They will be made part of the record.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Forest Place from Clinton Place to Willoughby Street with asphalt pavement (1½" top-1½" binder) on a six inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan moved that the ordinance be laid over until May 17th.

Mr. Harry Vogel, 311 Clinton Place; Mr. Harry Zaentz, 179 Ridgewood Avenue; Mr. Julius Gardner and Mr. Feldman appeared and urged the passage of the ordinance.

Commissioner Murray: You will get the pavement, it is simply laid over to May 17th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

The City Clerk presented "An ordinance to provide for the grading, curbing and paving of North Ninth

Street from Springdale Avenue to Third Avenue West with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: Any citizen desire to be heard?

Mr. James A. Kilgour, 31 Springdale Avenue: At the last meeting I presented a petition which was signed by all but two of the property owners on the street. The other two didn't sign because one of the is in Italy and the other. I believe is in Florida and couldn't be reached. The people on Ninth Street feel that the matter of paving North Ninth Street between these two streets should be indefinitely postponed inasmuch as at the last meeting the paving of Third Avenue and also North Tenth Street was laid aside, and that means you would pave one block between Springdale Avenue and Third Avenue and leave the other streets alone.

Commisisoner Murray: 78 per cent. of the property owners there object to the paving.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

The City Clerk presented An ordinance to provide for the construction of at eight (8) inch pipe sewer in Hansbury Avenue between Park View Terrace and Maple Avenue and in Park View Terrace from Keer Avenue to Hansbury Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: Any citizen desire to be heard?

The following communications were received and read:

February 28, 1927.

Mr. James Costello,
Chief Engineer,

We, the undersigned, do hereby protest the entire repaving of Clifton Avenue between Delavan and Elwood Avenues, but do advise and acquiesce to the repair work customary.

Signed by 8 property owners.

Ordered referred to the Director of Public Affairs.

EDWIN C. FEIGENSPAN,
50 Freeman St.

Newark, N. J. March 8, 1927.

The Honorable City Commission,
Newark, New Jersey.

Gentlemen:—

It has been called to my attention that a protest has been made against the repaving of Clifton Avenue and that a hearing will be held on the 15th instant. This street is in such condition that repairs are imperative, and having considerable frontage on this thoroughfare, and believing that the proposed improvement will benefit the property owners here, allow me to state, that I am in favor of having the street improved at a very early date.

Yours very truly,

Edwin C. Feigenspan.

Ordered referred to the Director of Public Affairs.

The City Clerk presented An ordinance to provide for the resurfacing of Clifton Avenue from Delavan Avenue to Elwood Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a base, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen moved that the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation;

THEREFORE, The Board of Commissioners of the City of Newark, Do Ordain as follows:

1. That at 2 o'clock A. M., on the last Sunday in April, 1927, the standard time throughout the City of Newark shall be advanced one hour in all of the Departments of the municipality over which the Board of Commissioners have jurisdiction, except that where time is fixed by any statute of this State, in which case the time shall be the standard time as fixed by such statute, and at 2 o'clock A. M., on the last Sunday in September, in the year 1927, such time shall be retarded one hour.

2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

Commissioner Gillen moved that March 22nd, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

Commissioner Murray: Any citizen wish to be heard?

Mr. Herman Schlessinger, Asbury Park, N. J.: Sometime ago we had a meeting of the property owners on Ferry Street, and I was appointed one of the gentlemen to appear here before you. Something has to be done with the street. The street was paved about 12 years or more, I believe, I am not sure now. It is all right on both sides with few exceptions, but otherwise the street would last quite a while, but around the tracks it is so bad, such big holes. It would be a hardship on the taxpayers if they would have to pay again for new pave-

ment. We understand that is what the Ironbound Manufacturers' Association are demanding, new pavement for Ferry Street and Wilson Avenue, but it isn't necessary if the street would be repaired near the tracks on both sides from Market street depot to Wilson Avenue except in by the tracks, but it is in such bad condition by the tracks I don't know how people can even drive a car or truck through. The City ought to repair that at the City's expense; it isn't fair that the property owners of Ferry Street should be penalized for that.

Commissioner Brennan: I move the matter be referred to the Engineering Department for examination.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray:

Commissioner Murray: Any other citizen desire to be heard?

(No response).

Commissioner Brennan offered the following resolutions:

RESOLVED: That the sum of Twenty-Five Thousand, Eight Hundred Eighty Dollars and Sixty-Five Cents (\$25,880.65) be and the same is hereby appropriated to the City Treasurer, as per annexed certified list, being the semi-monthly payrolls of the Department of Revenue and Finance from March 1st to 15th, 1927:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan; Gillen, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of William Street from High Street to Springfield Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That William Street from High Street to Springfield Avenue shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the

setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 5th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3 That the sum of \$21,300 00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$21,300.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness of county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Murray.

Commissioner Brennan moved that April 5th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

That Montclair Avenue from Ridge Street to Beaumont Place shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the existing macadam foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 5th, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the

passage of this ordinance Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Yeas: Commissioners Brennan, Gillen, Murray.

The following report of the Committee appointed by the City of Newark and the Township of Maplewood relating to the annexation of the Township of Maplewood to the City of Newark was received and read:

To the Board of Commissioners of The City of Newark and The Township of Maplewood, in the County of Essex:

Sirs:

We, the undersigned, the Committee appointed by your respective governing bodies to state an account of all the property, real and personal, all debts, dues and demands, all judgments, recognizances and claims and all liens, actions and rights of actions belonging to The Township of Maplewood, in the County of Essex, and to state the fair value of the same to said Township, and also to state an account, in like manner, of all debts outstanding of said Township and the proper proportion or share of which should be borne and paid by The City of Newark, and the methods in and terms at which payment thereof should be made;

DO HEREBY REPORT that we met at the time fixed by statute and did proceed with the duties imposed upon us, AND DO SUBMIT THE FOLLOWING AS OUR REPORT:

WE DO HEREBY CERTIFY AND REPORT that all property, real and personal, all debts, dues and demands, all judgments, recognizances and claims, and all liens, actions and rights of action belonging to The Township of Maplewood, in the County of Essex, to be the sum of twenty-six million, two hundred and sixty-six thousand, five hundred and fifty-two dollars (\$26,266,552);

WE DO HEREBY FURTHER CERTIFY AND REPORT that the fair value of that portion of the value fixed in the said preceding paragraph which is borne by the proportion of the area to be annexed to the entire area of The Township of Maplewood, in the County of Essex, to be the sum of sixty-four thousand dollars (\$64,000.00);

WE DO HEREBY FURTHER CERTIFY AND REPORT that all the debts outstanding of The Township of Maplewood, in the County of Essex, to be the sum of four hundred twenty-one thousand, five hundred and twelve dollars and seventy-nine cents (\$421,512.79);

WE DO FURTHER CERTIFY AND REPORT that the proper proportion or share of said debt to be borne and paid by The City of Newark to be the sum of one thousand and twenty-seven dollars (\$1027.00)

WE DO FURTHER STATE AND CERTIFY that in addition to the sum stated in the last preceding paragraph, the total amount of unpaid taxes, together with accrued interest and costs thereon, as shown in a certain report made by A. L. Conklin, Collector of Taxes for said The Township of Maplewood, in the County of Essex, under date of January 12, 1927, a copy of which is hereto annexed, is the sum of one thousand eighty-six dollars and ninety-two cents (\$1,086.92), which taxes are to be assigned by The Township of Maplewood to The City of Newark when the said amount of one thousand eighty-six dollars and ninety-two cents (\$1,086.92) is paid by The City of Newark to The Township of Maplewood, in the County of Essex, together with the sum hereinbefore stated in the next preceding paragraph;

WE DO FURTHER CERTIFY AND REPORT that the sum of fifty-one hundred twenty-one dollars and seven cents (\$5,121.07), representing the loss in revenue for the taxes of 1927 on the valuation of one hundred sixty-one thousand and forty dollars (\$161,040.), at three dollars and eighteen cents (\$3.18) as shown on a certain report made by A. T. Benzey, Assessor for The Township of Maplewood, in the County of Essex, shall be paid by The City of Newark to The Township of

Maplewood in the County of Essex, which taxes are to be assigned by The Township of Maplewood in the County of Essex, to The City of Newark, when said amount of fifty-one hundred twenty-one dollars and seven cents (\$5,121.07) is paid by The City of Newark to The Township of Maplewood in the County of Essex, together with the sum hereinbefore stated in the two preceding paragraphs;

AND WE DO FURTHER CERTIFY AND REPORT, that there is due The Township of Maplewood, in the County of Essex, the sum of one thousand dollars (\$1,000.00), said sum being an approximation of that proportion of a prospective storm sewer assessment applicable to the area to be annexed to The City of Newark, making the total amount to be paid by The City of Newark to The Township of Maplewood, in the County of Essex, eighty-two hundred thirty-four dollars and ninety-nine cents (\$8234.99);

FINALLY, WE DO FURTHER CERTIFY AND REPORT that the sum of eighty-two hundred thirty-four dollars and ninety-nine cents (\$8234.99) shall be paid by The City of Newark to The Township of Maplewood, in the County of Essex, within thirty (30) days from the date hereof;

WITNESS, our hands this 9th days of March, 1927, at Newark, New Jersey.

ANNUAL REPORTS

The financial statement of the Newark Technical School for the year ending December 31, 1926, was received and read.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

APPROVED:

JNO. F. MURRAY, Jr.
W. J. BRENNAN
CHARLES P. GILLEN

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J March 22, 1927

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Brennan and Murray.

Absent: Mayor Raymond and Commissioner Howe.

Commissioner Murray: I move that Commissioner Brennan act as Chairman of the meeting.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The minutes of meeting of March 15th were read and approved.

Commissioner Brennan: Does any citizen wish to be heard?

Mr. William Krieger, 719 Sanford Avenue: Gentlemen, I am appearing here on behalf of Nathan Shaw, who is the owner of property at 689 Sanford Avenue. Sometime ago application was made to the Board of Adjustment for the issuance of a permit for the erection of an apartment house. That permit was duly granted. Subsequently, at a meeting of the City Commission, the matter of the issuance of the permit was referred to the Legal Department. I understand that the Legal Department has ruled that the permit should be issued, but the Building Department is withholding the application, and I therefore ask the City Commission to direct the Building Department to issue the permit.

Commissioner Murray: That is a matter in the hand of the Department of Public Safety.

City Clerk Egan: The Board of Adjustment has reported on that.

Mr. Krieger: I think that is with regard to the change of the zone. But this is a different matter.

The following communication was then read:

Board of Adjustment,
City Hall,
Newark, New Jersey.

March 17, 1927

The Board of Commissioners
of the City of Newark.

Honorable Sirs:—

The Board of Adjustment has considered the application of William Krieger to amend the Building Zone Ordinance so as to change the height limit on Sanford Avenue from 30 feet to 85 feet, and which was referred by your Honorable Body for recommendation and report.

The Board of Adjustment has decided to recommend that no change be made in that portion of Sanford Avenue between South Orange Avenue and Lenox Street inasmuch as that section is nicely developed with one and two family detached dwellings. In the case of the stretch of land between Lenox Street and the Irvington Line, however, the Board feels that the situation is different, but that before any change is made a hearing should be given by your Honorable Body and all property owners notified, so that you Commission would be in a position to ascertain the feelings of all the property owners with respect to the proposed change.

The Board of Adjustment therefore respectfully requests that owing to the importance of this matter, the above course be followed.

Respectfully submitted,

The Board of Adjustment.

R. B. Rankin, Secretary.

Ordered referred to the Director of Public Safety.

Mr. Krieger: That is entirely different from my proposition. In this case the permit was already granted by the Board of Adjustment for the erection of an apartment house. That was about a month or two ago. That was withheld pending the ruling of the Legal Department. Now I understand that the Legal Department has ruled on the question of law involved in that case.

Commissioner Murray: Is this property between Lenox Avenue and Irvington?

Mr. Krieger: Yes, that is between Lenox Avenue and the City Line.

Commissioner Brennan Was the case taken up or discussed at its last meeting?

Mr. Krieger: Mr. Hilfers was here and asked the Board of Adjustment to re-open the case, and the Chairman of the Board instructed Mr. Hilfers they had no authority to reopen the case after they had ruled on it, as they were instructed by the Legal Department—.

Mr. Congleton: They had no such instruction.

Mr. Krieger: That was their understanding, that they had no right.

Mr. Congleton: If that is so you wouldn't be entitled to your permit because they granted the permit on rehearing after they had heard the case and disposed of it and reopened it.

Mr. Krieger: They said they couldn't deny the application after they had ruled. It was disposed of finally in the Board of Adjustment.

Commissioner Murray: I thought if they had granted the permit—.

Mr. Krieger: They couldn't revoke the permit any more.

Commissioner Murray: That might be so. It is entirely in the hand of the Building Department, isn't it?

Mr. Krieger: The Building Department is withholding it pending instructions from the City Commission. The Building Department will issue a permit if so instructed by the City Commission.

Commissioner Gillen: I move the matter be referred to the Director of Public Safety.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Mr. Krieger: Gentlemen: might I call your attention to some other facts in this? It is more than a month since this permit has been granted by the Board of Adjustment; contracts have been made for the erection of this apartment house and there is a considerable amount of money being involved here and we are being delayed with the erection of that building.

Now, I understood from that department, the Department of Public Safety, that this was the proper body before which to bring this motion. I therefore ask it be given due consideration by this body.

Commissioner Brennan: The matter is disposed of.

Commissioner Murray: I think you will find that you are perfectly safe to take it up with the Director of Public Safety.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance providing for the resurfacing of Roseville Avenue from Orange Street to Springdale Avenue with asphalt pavement (1½" top-1¼" binder) on the old concrete foundation properly built up or replaced where necessary with new concrete.

The Board of Commissioner of the City of Newark, Do Ordain:

Section 1. That Roseville Avenue from Orange Street to Springdale Avenue shall be resurfaced with asphalt pavement (½" top-1½" binder) on the old concrete foundation, properly built up or replaced where necessary with new concrete, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the resurfacing of said street, including the laying of concrete sidewalk at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 16, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the

making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and 80% of the cost thereof shall be paid by the City at large and 20% of the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$77,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriations and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$77,500.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances incon-

sistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Gillen moved that April 12th, 1927, at 11 A. M. or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Yeas Commissioners Brennan, Gillen, Murray.

Commisisoner Gillen moved that April 12th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The City Clerk presented An ordinance to provide for the repaving of Center Street from Park Place to Ogden Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan: Any citizen wish to be heard?

Mr. Frederick Greenberg, 810 Broad Street: I am here representing Mr. Alfred S. Emerson, who owns 22 to 28 inclusive, 117 feet front. He opposes that repaving for this reason, both sides of that street from Park Place to Ogden Street are occupied continuously by automobiles 24 hours a day as a parking station. Now, there is considerable,—very much, in fact—trucking coming up from the wharves on that street which have to use, by reason of that parking situation, the center of the street in between the car tracks, which is full of holes, and he says that the jarring there in the street is putting him to a considerable expense yearly for ceilings coming down in his property, and also, I understand, other owners in the street.

Commisisoner Brennan: If he had a good pavement there he would save that expense.

Mr. Greenberg: That is why we are opposing this particular pavement. We

are in favor of a good pavement As far as that, we think that street should be widened by three feet on each side because there are very few pedestrians, a good pavement going in there I think would save that situation, and as it is, it would simply make a fine parking space in there for 24 hours a day, with no relief to the property owners. Therefore, we think it is really at this time a useless expense. I think, as far as my client is concerned, he would be willing to pay for the Public Service, if they are too poor, even for the center of the street.

Commisisoner Brennan: What kind of pavement does he suggest?

Mr. Greenberg: I think a good concrete pavement or block or whatever you commissioners think is proper pavement for a street that is used as much as that is. We want the improvement. We are not here opposed to the improvement. Now, Mr. Emerson himself is improving his property. He has already taken down stairs and given more room for the sidewalk, and he is willing that three feet be taken off.

Commissioner Gillen: I move the ordinance be referred back to the Engineers for report and laid over to April 12th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Ordered filed.

Submarine Boat Corporation,
5 Nassau Street

New York, March 17, 1927.

The Mayor and Common Council of The City of Newark and its Board of Street and Water Commissioners, and the successors of each of the foregoing and to those now performing and/or fulfilling the functions and duties of each of them,

City Hall, Newark, New Jersey.

Gentlemen:—

Pursuant to the terms of a certain indenture of lease dated the 27th day of September, 1917, made between the Mayor and Common Council of the

City of Newark by its Board of Street and Water Commissioners, a municipal corporation of the State of New Jersey, and the United States Shipping Board Emergency Fleet Corporation, a corporation organized under the laws of the District of Columbia, representing the United States of America, and which said lease was heretofore assigned to the Submarine Boat Corporation together with all the right, title and interest in and to said lease, notice of which said assignment, dated December 13, 1922, was duly served upon you on December 14, 1922, the undersigned hereby exercises the option granted to the lessee in said indenture of lease to renew said lease, under the terms and conditions as therein more fully set forth, for one additional year from June 15, 1927, to June 15, 1928.

All of the foregoing is without prejudice to and without waiver of any rights under the said lease and under the said option agreement dated the 28th day of November, 1917, made between the Mayor and Common Council of the City of Newark by its Board of Street and Water Commissioners, and the United States Shipping Board Emergency Fleet Corporation (which said option agreement was duly assigned to the undersigned together with all the right, title and interest of the United States Shipping Board Emergency Fleet Corporation, representing the United States of America, in and to said option agreement, and which said option agreement was duly exercised under date of December 13, 1922), and the undersigned does hereby confirm and reassert the exercise of the foregoing option by it.

You will please acknowledge receipt hereof, and you will also please advise us of the time and place when you will be prepared to fulfill your part of the obligation above mentioned in order that the transactions above mentioned may be closed and completed.

Very truly yours,

Submarine Boat Corporation,

By Henry R. Carse,
President.

Real Estate Board,
730 Broad Street,

Newark, N. J. March 17, 1927.

Board of Commissioners,
City Hall, Newark, N. J.

Honorable Sirs:

The Real Estate Board of Newark is constantly endeavoring to bring to our City new industries, capital and home owners and as you know, our present tax rate is something of a bar to new capital being invested in our City. In fact, we are greatly concerned over this increased tax rate and we believe it would be interesting to you if you knew of any means at hand that you might use to help reduce this tax rate. We therefore wish to suggest to you a plan by the operation of which we firmly believe the City could save thousand of dollars annually and this plan is standardized building plans being drawn and used in the building of fire houses, police stations and schools. These sets of standardized plans would provide for a certain type and size building being placed on a certain sized plot.

From the years of experience that the city has had in building these various type structures, you can get a fairly accurate idea of what is necessary in the way of future buildings and by this method you could abolish a great deal of guess work, haphazard building and architectural fees.

Speaking of buildings, another suggestion we would like to offer as a measure of economy is the use of reinforced concrete structure and false building fronts, when we mention false front and concrete construction, we have in mind the Industrial Office Building, 1060 South Broad Street, which was constructed at a cost of approximately forty cents a cubic foot while the more recently constructed school house cost in the neighborhood of sixty-five cents to seventy cents a cubic foot. Buildings of the type we have suggested are very safe, fire-proof and unusually servicable and we feel that the construction of these buildings from standardized plans would lower the city's building expenditure to a very great extent.

This suggestion is in order from an association of Realtors that are finding

the tax rate soaring and especially in view of increased assessed valuation and we feel that unless some means of economy are used we will not be able to attract new capital to Newark and it will discourage present property owners from building.

If we can be of any assistance to you in furthering this recommendation you have but to inform us.

Very truly yours,

John A. Linnett,
Real Estate Board of Newark,
President.

of The City of Newark.

Honorable Sirs:

The Board of Adjustment has considered the application of Emil H. Kleeman to amend the Building Zone Ordinance so as to change the height limit at 202-204 Clinton Avenue, and which was referred by your Honorable Body for recommendation and report.

The Board of Adjustment does not favor the change in the regulations of a single property without regard for the rights of owners of property similarly situated, and therefore respectfully recommends that Clinton Avenue between Lincoln Park and Hayes Circle be changed from an 85-foot district to a 200-foot district. This change would include the property of the present applicant, and the width of Clinton Avenue between the points mentioned warrants a greater heights' limit than is at present permitted.

Respectfully submitted,

The Board of Adjustment,
R. B. Rankin, Secretary.

Referred to Law Department to prepare ordinance.

Commissioner Gillen moved that the vote by which "An ordinance to provide for the repaving of James Street from Burnet Street to High Street with asphalt pavement (1½" top-1½"

binder) on a new six (6) inch concrete foundation," was passed on first reading be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Gillen: I move that the ordinance clause of an ordinance entitled, "An ordinance to provide for the repaving of James Street from Burnet Street to High Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Murray.

Commissioner Murray: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray moved that the title of "A Further Supplement to an ordinance entitled "An ordinance to establish the names of certain streets in the City of Newark", be taken for its third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The clerk then read the title of the ordinance as follows:

A Further Supplement to an ordinance entitled "An ordinance to establish the names of certain streets in the City of Newark."

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The City Clerk presented An ordinance to provide for the resurfacing of Clifton Avenue from Delavan Avenue to Elwood Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Gillen: Does any citizen desire to be heard?

Mr. Milton Meyer: 668 Clifton Avenue: A number of the property owners on Clifton Avenue between Elwood and Delavan Avenue, have gotten together and signed a petition against the paving of Clifton Avenue at the present time. That petition was handed in here at the last meeting. In addition to that, there are several others who have signified that they don't want it paved, but they are out of town at the present time, and a couple of others, who are public men, who have expressed their opinion against having it paved, don't want to put their name to a petition of that kind. Now, the condition is this: in that particular block Clifton Avenue is not in bad condition. There are a few bad spots. Furthermore, the curbing is in good condition and there is a three foot gutter that is in very good condition. The price that was given for the paving of the street is \$6. a front foot, and it is a very narrow street, and with the gutter allowed to remain and the curbing, we think the price to be exorbitant and would be a real detriment to the property owners. If it would have to be paved, we notice on Elwood Avenue when it was paved with asphalt pavement they allowed the curb and gutter to remain as it was—

Commissioner Gillen: The idea now is to allow the curbing and gutter to remain.

Mr. Meyer: And still would cost \$6. a front foot?

Mr. Costello: Lake Street, a similar job, ran about \$3. a front foot.

Mr. Meyer: The price given to the property owners is \$6. a front foot.

Mr. Congleton: You took the amount of the ordinance and divided it by the frontage and that is the way you got \$6. a front foot?

Mr. Meyer: Yes.

Commissioner Murray: The paving of that block is essential to completing pretty good pavement on both sides of it, isn't it?

Mr. Meyer: No.

Commissioner Murray: Isn't the pavement north and south of you in much better condition than this?

Mr. Meyer: The south pavement is far worse.

Commissioner Murray: You mean the brick?

Mr. Meyer: The brick is very much worse.

Commissioner Murray: That hasn't the awful holes you have got there.

Mr. Meyer: There isn't a smooth spot on the whole brick pavement. I go over it in a machine quite often and get the jounces.

Commissioner Murray: Yes, but they are not **spring breakers** like they are up in your neighborhood.

Mr. John L. O'Toole, 675 Clifton Avenue: Mr. Mayor and gentlemen: I own fifty feet on the east side of Clifton Avenue between Elwood and Delavan on this block that is proposed to be, or which suggestion is made that it be paved, and I have suffered monetary loss because of the condition of the surface of the street. There are holes in it which every time a truck passes over, produces a sort of a hammer blow that causes a vibration that is noticeable in my home. In several of the rooms the wall was cracked by the continued vibration. Last summer I went to some expense in having them repaired and repainted, and within ten days two new cracks had appeared in two different rooms, due to the vibration caused by the continual hammer blows from heavy trucks passing over this stretch of the street. Now, I am no engineer—make no pretense at saying what should be done—that is, the character of work that should be done, but I do say that, as a taxpayer and as a resident up

there that we ought to have some relief in having as good a street surface in front of our property as there is in front of all the other properties in the Forest Hill Section.

A communication from Edwin C. Feigenspan favoring the resurfacing of Clifton Avenue was then read.

Commissioner Gillen: Anybody else desire to be heard?

(No response).

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the resurfacing of Clifton Avenue from Delavan Avenue to Elwood Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray moved that

said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

An ordinance to provide for the resurfacing of Clifton Avenue from Delavan Avenue to Elwood Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam as a base.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected,

and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919,

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provision," adopted December 31, 1919, is hereby amended by extending the 200 foot district, as shown on the Height District Map, so as to include the westerly side of Clinton Avenue between Lincoln Park and Somerset Street, for a depth of 100 feet; and easterly side of Clinton Avenue between Lincoln Park and Elizabeth Avenue, for a depth of 100 feet, and that the Height District Map which accompany said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Brennan moved that April 5th, 1927, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commisisoner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of Arlington Avenue from Broadway to Summer Avenue with asphalt pavement (1½" top-1½" binder) on the old telford foundation and for the paving of Arlington Avenue from Summer Avenue to Woodside Place with granite block pavement on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Arlington Avenue from Broadway to Summer Avenue shall be resurfaced with asphalt pavement. (1½" top-1½" binder) on the old telford foundation and that Arlington Avenue from Summer Avenue to Woodside Place shall be paved granite block pavement on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 23, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby

ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$28,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$28,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance to provide for the grading, curbing, flagging and paving of Adams Street from South Street to Harper Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Adams Street from South Street to Harper Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) or a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 25, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or

cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$28,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$28,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Girl's Week
City Hall

Newark, N. J., March 24, 1927.

Hon. William J. Egan,
City Clerk,
Newark, N. J.

Dear Mr. Egan:—

As Executive Chairman of the Girls' Week Committee, I have the honor of inviting you, Mayor Thomas L. Raymond, and the Newark City Commission, to act with His Excellency, A. Harry Moore, as hosts at a reception to be tendered to the girls of the City on May 3rd, 1927, at three thirty o'clock in the afternoon. The reception has been planned as the feature of Civic Day of Girls' Week, this year.

Governor Moore has definitely accepted, and for your information I enclose a telegram from Assemblywoman Haines who with Assemblywoman Jones presented to him our formal invitation.

It is the hope of our committee that the reception may be in the Council Chamber of the City Hall, and we all should appreciate your arranging this for us.

The Committee hopes in addition to have as a host, Hon. Joseph G. Wolber, Dr. Corson, and the Board of Education, to all of whom we are writing this day.

Very truly,

Mary D. Foland,
Executive Chairman of
Girls' Week.

Ordered filed.

Robert W. Pryor
188 Roseville Avenue

Newark, N. J., March 26th, 1927.

Mr. W. J. Egan,
City Clerk,
Newark, N. J.

My dear Mr. Egan:—

I am sending you copy of a letter written to the Sunday Call relative to the proposed resurfacing of Roseville Avenue.

This sets forth my sentiments and I believe you should give it some attention.

Very truly yours,

Robert W. Pryor.

Received and ordered held until hearing on ordinance on April 12th.

Commissioner Gillen: Any citizen desire to be heard?

Commisisoner Brennan: I move the meeting adjourn.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

April, 1927

Newark, N. J., April 5, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Murray.

Absent: Commissioner Howe, Mayor Raymond.

The minutes of the meeting of March 29, 1927, were read and approved.

Commissioner Brennan: I move that Commissioner Murray act as Chairman of the meeting.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray: Any person desire to be heard by the Commission this morning?

Mr. Oliver J. Morelock, 42 Claremont Avenue, Maplewood. (Business address 969 Broad Street, Newark.) Mr. Chairman and gentlemen of the Commission: I am appearing this morning as representative of the County Vocational School Board, in place of the president, who had a

previous engagement and could not be here, and I am here in the matter of the transfer of two adjacent parcels of land at Third Street and Sixth Avenue, on the west side of the canal, authorized by Senate Bill 53, which transfer is to be made by the County Park Commission to the City of Newark, with a view, if the City Commission so decides, of a further transfer to the County Vocational School Board, to be used by the County Vocational School Board for the building of a County Vocational School for Girls. The reason for this proposition arose because at the time when the County Vocational School Board was about to purchase land for a County Vocational School at an expenditure of about \$100,000, attention was called to the existence of this land and to the fact that the County Park Commission could not use it for county park purposes, and the Commission expressed a willingness to have it used for school purposes, provided it could be transferred to the County Vocational School Board. The County Vocational School Board intends to build a building upon that land, if it secures it, and has already made preliminary plans looking to that end.

Commissioner Gillen. You mean both tracts?

Mr. Morelock: Yes, both tracts. The building would be on the larger tract and the smaller tract would be used probably for playground purposes, tennis courts, or something of that sort.

Commissioner Murray: Part of this land now belongs to the City of Newark.

Mr. Congleton: We have no control over it. That is part of the land that was turned over to the Essex County Park Commission, with the old acqueduct, and they have the care, custody and control. We tried to take back the old reservoir for a swimming pool and they carried us to the Court of Errors and they determined that we had no control over it and could not take it back, and these two pieces are in the same category, and therefore this bill was passed giving them authority to turn it back to us, the care, custody and control.

Commissioner Murray: Have you a map?

Mr. Morelock: I have a map but it doesn't show—it shows only one plot, because it is a map made by the architects. You see, it doesn't show the plot that is beyond Sixth Avenue. It shows the larger plot.

Commissioner Murray: If this land is turned back to the City of Newark, why should Newark give it to the County Vocational Board for the benefit of the whole county?

Mr. Morelock: The transfer is not complete; I think it only gives the power to the County Park Commission to make the transfer.

Mr. Congleton: The reason for this request now is because the Park Commission has asked that the Board of Commissioners signify their intention to turn it over to the County Vocational Schools if they turn it over to us.

Commissioner Murray: And what part of the cost of this building will fall on the people of Newark?

Mr. Morelock: Sixty per cent.

Commissioner Murray: Then if we give this land, we give this land plus sixty per cent. of the cost of the building and the people of the entire

County of Essex get the benefit of it, the people of Newark pay sixty per cent. of the cost.

Mr. Morelock: We had bought land at a cost of a little over \$100,000, sixty per cent of which would have to be paid by Newark, and this is the alternative proposition. Our attention was called that we could save the entire county \$100,000 by this transaction, and the City of Newark \$60,000.

Commissioner Murray: Before you touch the building at all?

Mr. Morelock: Yes, on land only. We were about to close contracts in Roseville for \$100,000, and we gave up that proposition simply in order to save money for the county.

Commissioner Murray: If we give this land and pay sixty per cent. of the cost of the building on it, the entire county of Essex is benefitting by it.

Mr. Morelock: Far more than sixty per cent. of the girls in the County Vocational School are Newark girls; I should say probably eighty per cent. at the present time, and we are building the vocational school within the City of Newark for that reason. Besides, the running expenses of the school, which are considerable, are now borne by the entire county.

Mr. Congleton: Your point is whatever the value of that land the County Vocational School will agree to pay us forty per cent. of its face value; we would be paying sixty per cent. of the forty just the same.

Commissioner Brennan: It will be a help to all the people.

Mr. Morelock: We propose to put up a very beautiful building.

Commissioner Murray: It will have a reflex value on all the real estate in that vicinity.

Mr. Congleton: The only thing we could do this morning would be to pass a motion that it is the sense of the members of the Commission that if the Park Commission return the care, custody and control of this tract to us, that we in turn would turn it over to the County Vocational School.

Commissioner Murray: In addition to that we would convey title.

Mr. Congleton: We would give a

deed to the County Vocational School which would carry a fee.

Commissioner Murray: Now we have title to the property but—

Mr. Congleton: Without any right to use the property, or anything: it is out of our ratables and it is doing nothing. The Park Commission have never improved it in conjunction with the rest of their lands.

Commissioner Murray: I would like to know a little more about it before I commit myself on the proposition. I don't see why the City of Newark should make a present to the rest of Essex County. I would like it laid over for a week.

Mr. Morelock: Of course, we gave up our original proposition with the intention of saving money for the county.

Commissioner Murray: I haven't any idea of obstructing this case. I think it is a splendid idea, but at the same time if there is anything we can get out of it we want to get it.

Commissioner Gillen: I move the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Commissioner Murray: Any other citizen desire to be heard?

The City Clerk presented an ordinance to provide for the repaving of William Street from High Street to Springfield Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: Any citizen desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

The City Clerk presented an ordinance to provide for the resurfacing of Ingraham Place from Runyon Street to Clinton Avenue with asphalt pavement (1½" top-1½" binder) on the existing macadam foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Murray: Any citizen desire to be heard?

Rabbi Julius Silberfeld, 32 Igraham Place. I want to say this street isn't a through street, and it isn't in such bad condition it should need repaving. The street is composed of two blocks, and the shorter one needs it because it is in terrible condition, but the one in which I reside doesn't need it. If it was a through street and of value to the City, then, of course, I wouldn't object, but it is a very small street composed of two blocks.

Mr. Costello: Old Telford pavement laid in 1906.

Commissioner Gillen: There isn't much through traffic on that.

Rabbi Silberfeld: It is a blind street.

Mr. Costello: We were requested to pave it between Runyon and Millington Avenue.

Rabbi Silberfeld That is the part that needs it, but not the other part between Runyon and Clinton Avenue.

Commissioner Gillen: You have to do it all the way or not at all.

Rabbi Silberfeld: You see, the other cuts off; it doesn't run straight through, either. That part from Runyon to Millington is almost like a different street.

Commissioner Brennan: I move it be referred back to the Engineering Department for further study on the block from Runyon Street to Clinton Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

The following petition was received and read:

The Board of Commissioners,
City of Newark, N. J.

The undersigned owners of property situated in the City of Newark, County of Essex, State of New Jersey, are strongly of the opinion that repairs, if properly planned and properly performed, could be economically made to the paving along Montclair Avenue from Ridge Street to Beaumont Place in that City so that the expense of resurfacing that Avenue between the said cross streets as proposed in an ordinance introduced for the consideration of your Honorable Board on March 15, 1927, according to public notice given by W. J. Egan, City Clerk, under date of March 16, 1927, could be indefinitely postponed, if not entirely avoided.

Therefore we, the owners of the property at the locations on Montclair Avenue set down opposite our names, hereby respectively petition your honorable board to reject in its entirety the said ordinance at the time it comes up for further consideration for final passage at a meeting of your Honorable Board to be held on Tuesday, April 5, 1927, at 11 o'clock A. M. or at any subsequent meeting of your Honorable Board held at the result of the postponement of the meeting to be held on Tuesday, April 5, 1927.

Signed by 16 property owners.

Ordered filed.

That Highland Avenue from Second Avenue to Abington Avenue shall be resurfaced with asphalt pavement (1½" top-1½" binder) on the existing macadam, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917; (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 31, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot-fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to

make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,700.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance granting permission to J. Steinberg & Sons to construct, operate and maintain a single track siding at grade in Van Duyne Street.

The Board of Commissioners of the City of Newark, do ordain:

Section 1. That permission be and the same is hereby granted to J. Steinberg & Sons, to construct, operate and maintain a single track siding at grade in Van Duyne street, as follows:

Beginning at a point in the north-

erly side of Van Duyne street distant 792 feet easterly from the northeasterly corner of Van Duyne street and Frelinghuysen Avenue; thence curving to the right with a radius of 175 feet to a point in the terminus of said Van Duyne street distant about 34 feet southerly from the northerly line of said street.

Section 2. That such permission be and the same is hereby given upon the condition and provision that the said single track siding shall be removed within ninety (90) days after the receipt by the said J. Steinberg & Sons, or its successors, of notice from the City of Newark, ordering the discontinuance of said single track siding, and upon the further condition and provision that the said single track siding shall be changed in grade to correspond to any changes that may be made in the grade of Van Duyne street, or that said siding shall be carried over or under said Van Duyne street, at the option of the City, in the event that the street is depressed or elevated and continued under or over the Railroad Company's right-of-way; and upon the still further provision that the portion of the single track siding within the limits of Van Duyne street if the same is at the grade of Van Duyne street shall be constructed with nine-inch Trilby rail and the area between the rails shall be paved with a new granite block pavement on a concrete foundation with asphalt and sand filled joints, and that a watchman with proper signals shall be stationed at the siding whenever necessary to give warning of the passing of cars or locomotives.

Section 3. That the said permission be and the same is granted upon the further condition that the said J. Steinberg & Sons, shall at its own expense, make all changes in pavement, curb and sidewalk, including sewer basin work, made necessary by the installation of said single track crossing at grade to the satisfaction of the Director of the Department of Public Affairs.

Section 4. That the said J. Steinberg & Sons, shall indemnify and save harmless the said City of Newark, its

officers, agents and servants from any and all claim or claims whatsoever for any damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, grade, maintenance and existence of said single track siding at grade.

Section 5. That such permission be and the same is hereby granted upon the further condition that the said J. Steinberg & Sons shall file with the Clerk of the City of Newark, its written acceptance of the provisions of this ordinance, within thirty (30) days of the date on which it takes effect and shall pay on demand of the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

COMMISSION MURRAY: Gentlemen, at this point, under remarks, it might be proper to say just a word in support of this resolution. We have been in conference with the Mayor's representatives. Mayor Raymond was very active in the initiation and carrying on of these negotiations. We have learned of the very satisfactory progress which was being made along the line of acquiring this property. It had to be done definitely in order that the City might know where it stood in regard to it. The conferences between the Mayor's representatives and the committee in charge, headed by Mayor McConnell, of Montclair, showed that the spirit of the controlling power was very friendly to Newark and wanted Newark to get this property at a reasonable figure. I am not a real estate expert, but I dare say that the price we are paying, \$425,000, is remarkably low. It is a very reasonable figure; it is of tremendous value to the City of Newark, and I think Mayor Raymond on the part of the City of Newark, and Mayor McConnell, on the part of the corporation having charge of the premises, are certainly entitled to the gratitude of the Commission and the people of the City of Newark for the very satisfactory result.

COMMISSIONER GILLEN: I would just like to add a word in addition to your remarks. I also wish to congratulate Mayor Raymond upon the successful negotiation of this project. I happen to be in the real estate business myself, and I know something about values. And if this property were sold to private parties for private exploitation, the price would be ridiculously low, and the State body realized they were selling the property of the Morris Canal running through Newark, to the City of Newark, for public uses, which would be of benefit to the people of Newark particularly, and to the people of New Jersey generally, and therefore they made a price which is very reasonable indeed, and the whole negotiation has been carried on most successfully and it is a matter of such importance to the future transportation facilities of Newark that we ought to express great satisfaction at the successful conclusion of this matter. I move the adoption of

the resolution

COMMISSION BRENNAN: I believe everything has been said. I am certainly gratified to know that the City has at last come into possession of this eyesore for years, and there isn't any doubt in my mind but in years to come that the value and the foresight of the men negotiating and bringing to a successful termination the acquisition of this property by the City will be such as will redound to their credit for years to come, and I am certainly gratified to know the resolution at last vesting in the city control of the bed of the canal will be part of the city's property to use as the exigencies of time will demand as our transportation and other systems will possibly expend in the coming years. I am certainly in favor of the resolution and I feel that the men responsible for the conducting of the negotiations are entitled to the thanks and credit, not only of the Commission, but of the citizens as a whole.

COMMISSIONER GILLEN: I would like to just add to my remarks, congratulations, to Mr. Costello and Mr. Congleton, who helped the negotiation on its way.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

COMMISSIONER MURRAY: Any citizen desire to be heard?

COMMISSIONER BRENNAN: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

THE BOARD OF COMMISSIONERS
OF THE CITY OF NEWARK,
NEW JERSEY.

WILLIAM J. EGAN,
City Clerk.

Newark, N J, April 12, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioner's Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presided.

The minutes of meeting of April 5th were read and approved.

The following petition was received and read:

To The Board of Commissioners
of the City of Newark.

Dear Sirs:

We, the following property owners, respectfully petition your Honorable Body not to apportion any part of the expense of resurfacing Roseville Avenue from Orange Street to Springdale Avenue for the reason that the present condition of the surface of the street was caused, in a large measure, by the operation of public buses, from which the City receives a tax of five (5%) percent on their gross earnings. It is the belief of your Petitioners that the tax of five (5%) per cent, while assessed as a franchise tax for using the street, is also compensation to the public for the damage done by the buses. It is impossible to eliminate from one's mind the conception that a franchise tax is also a partial compensation of the damage done, where the damage is so apparent. An observation of the effect of the running of the buses on Roseville Avenue has shown that on certain days, when there is great heat or when the pavement is softened by rain, that the traction of the wheels not only in the starting up but in the running along, lifts the individual blocks of the pavement. At the corners where the buses stop under regulation to take on or let off passengers, you can discover depressions in the pavement resulting from the stopping and starting of the buses. This condition of the surface of the pavement has induced your Honorable Body to take into consideration the necessity of resurfacing the street; but if you place twenty (20%) percent of the cost upon the property

owners along Roseville Avenue you directly assess them for the expense of maintaining the bus line. Therefore, your petitioners whose properties are herein designated as abutting upon Roseville Avenue respectfully solicit your consideration of relief from this inequitable imposition of an assessment upon their properties.

(Signed by 66 property owners)

Ordered referred to the Chief Engineer for tabulation.

Commissioner Howe: Does any citizen wish to be heard?

Mr. William K. Flanagan, Kinney Building: If your Honors please, I am representing a vast majority of the owners of the properties abutting along Roseville Avenue, along the proposed scene of the repaving, and their view of the situation, if your Honors please, is composed in this petition, four duplicates of which I am prepared to file with this body. (Reads petition). Then follow the names and addresses, opposite which is the designation of the lineal frontage on Roseville Avenue of all these property owners which encompass a vast majority of the owners of the property abutting on Roseville Avenue between Orange Street and Springdale Avenue. Now, that, if the Commission please, is briefly the position of the property owners along there. I am told by my clients that the present pavement is just about ten years old,—perhaps not quite ten,—and that the enormous traffic that the street has been subjected to has worn out the street in comparatively a third of the time that it would ordinarily accomplish that result. I don't know, not have we had time to compile any list or any estimate,—dependable estimate,—of the number of buses, nor the frequency with which they run, but it is the consensus of opinion of everyone who has given the subject any thought, or who has observed the action of this traffic upon this residential street, that it has wrought havoc in this pavement, and in the very short time at the disposal of my clients, they have made some observations of the action of these buses upon this wood block pavement, with the results shown in these petitions. Now, that is the situation, briefly, and many of the prop-

erty owners are here to protest in person, and if it be proper for me so to do, I should like to file these with the proper officers of the Board.

Commissioner Gillen: I move they be received and referred to the Clerk.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: You realize, Mr. Flanagan, that the property owners will only pay ten per cent. of the cost in front of their property; twenty for the whole street, ten for each side.

Mr. Flanagan: I understand that, sir.

Commissioner Howe: And that is the same basis upon which Broad Street and Clinton Avenue and other main arteries were paved.

Mr. Flanagan: But the view of my clients sir, and I heartily concur in that, that the situations were not analogous. They were business streets for a long while, Broad Street, especially a business street, and has been for a long while.

Mr. Congleton: Not North Broad Street.

Mr. Flanagan: Perhaps not, but for a great deal longer time than Roseville Avenue has been, at least, my personal recollection—I came to Newark in 1905, and at that time there was a great deal of heavy traffic moving over North Broad Street from Belleville Avenue to the cemetery, and, of course, that has increased as time has gone on. My information is that the first heavy traffic that Roseville Avenue had from between the termini designated in this ordinance, has been subjected to heavy traffic, is the entrance of the buses, and that, it seems to my clients, is a matter that the City at large ought to be more concerned with, perhaps, or, to phrase it differently, ought to bear the burdens entirely, because it serves a vast community moving back and forth from away down Market Street—I think this run is the Market Street Line—to move from here downtown, this part of the city, and all up to Roseville Avenue up there. That was before

that a high class residential street, and the entrance of the buses has subjected the street to an enormous amount of wear that it would not ordinarily encounter.

Mr. Congleton: There is another bus line, the Crosstown line.

Mr. Flanagan: Well, that adds to the burdens; I hadn't known that.

Commissioner Murray: The buses are responsible for the wear of that, largely.

Mr. Flanagan: That being the case, the view of the property owners in that vicinity is that all of the franchise tax collected should be devoted to that purpose exclusively, and that if there be any deficit after that, that it should be assessed upon the City at large and not upon the property owners.

Commissioner Gillen: Don't the owners there get some accommodation there from the buses?

Mr. Flanagan: Perhaps so, but not at all commensurate with the cost.

Commissioner Gillen: That is a ridiculously low amount charged against the property owners; that is the lowest amount the City has ever charged against property owners for pavement. If I lived on Roseville Avenue I think I would be very willing to pay ten per cent. and get a good pavement.

Mr. Flanagan: The pavement is perfectly good, so far as they are concerned—it isn't perfectly good, and will not stand, as I understand it, very much longer and be subjected to this very heavy traffic, because the wheels pull the wood blocks up.

Commissioner Gillen: It merely needs a new surface, the base is all right.

Mr. Flanagan: I am told that will be subject to repaving after the portion of the base is inspected.

Commissioner Gillen: There may be a few depressions or holes in it, but it won't involve any great expense; it is only resurfacing it needs.

Commissioner Howe: The last assessment was made there in 1916, Mr. Flanagan, and speaking of the five per cent. franchise tax of the buses that run through there, they run from the Passaic River, and if you want to

figure that portion of Roseville Avenue on that long tour, you will find it doesn't amount to one-half of one per cent. of the amount we receive up there and wouldn't go very far, that is on the length of the run as a whole.

Commissioner Murray: What does that ten per cent. amount to?

Mr. Costello: \$2.10 a lineal foot.

Mr. Flanagan: I understand that is only an estimate there is no fair guarantee that it will ultimately be that.

Commissioner Murray: It is based on similar assessments.

Mr. Flanagan: I understand in the same neighborhood they were charged \$5. a lineal foot.

Mr. Congleton: What percentage of the total cost did the property owners pay, twenty per cent. or fifty per cent., or sixty?

Mr. Flanagan: I thought it was the same thing, Mr. Congleton.

Mr. Congleton: No streets in Roseville have been paved on any such basis. Only main arteries, and that is the reason Roseville Avenue is treated in this manner, because it is regarded as a main artery. The other end of Roseville Avenue that was repaved two years ago, the property owners paid fifty per cent.

Commissioner Gillen: The City Officials gave very careful consideration to the argument that you put forth here of the cost going on the city, but I think it is a very bad principle to say you won't put any cost on abutting property owners, because if you establish a principle of that character you will have to apply it to the whole city, and your tax rate instead of being three dollars and seventy-nine cents per hundred will be five dollars.

Mr. Flanagan: I agree it isn't a proposition that you should embrace or reject speedily; I think it is a matter that should be given careful consideration, if it hasn't already been given it. The property owners, however, feel that they are being treated unfairly in the matter of the resurfacing of the street, the street having been paved less than ten years ago, or practically ten years ago.

Commissioner Howe: 1916.

Mr. Flanagan: I didn't know it was finished then.

Mr. Congleton: It was confirmed in 1917.

Commissioner Howe: That would make it about ten years.

Commissioner Murray: Mr. Flanagan, the Engineering Department went into this thing in such detail that they referred it back to the previous payment, and it seems on Roseville Avenue they find that the total cost of the pavement for fifty years will run about \$12. a foot along that street, is that correct, Mr. Engineer?

Mr. Costello: Yes.

Mr. Flanagan: That is the past fifty. How about the prospective fifty?

Commissioner Howe: For 31-1/2 years it was \$10.40, and for fifty years it was \$12.60.

Mr. Flanagan: Up to the end of the period being what?

Commissioner Howe: Today.

Commissioner Murray: Anticipated life of the new pavement.

Commissioner Howe: It is \$10.40 up to the present, and with the item of \$2.20 would bring it up to \$12.60 today.

Mr. Costello: Yes.

Commissioner Howe: \$10.40 for fifty years up to today.

Mr. Flanagan: Do I understand that the new resurfacing that you contemplate doing, that you estimate the life of the new pavement will be twelve years?

Mr. Costello: Asphalt pavement has a five year guarantee on it. North Broad Street and the Clinton Avenue pavement are thirty and thirty-five years old, and this brings it up at the conclusion of the construction of this pavement—

Mr. Flanagan: Of the contemplated figure.

Mr. Costello: When you pay \$2.20 pavement you will have a fifty year pavement at the cost of \$12.60.

Mr. Flanagan: That is the estimate of the Engineering Department, and the guarantee is for how many years?

Mr. Costello: Five years.

Commissioner Murray: The contractor maintains it for five years, under the guarantee.

Mr. Flanagan: I understand that this present pavement can be repaired without entire resurfacing so as to make it entirely satisfactory for present uses.

Mr. Costello: It could be, Mr. Flanagan, but that would be a yearly operation; not only yearly, but three or four times a year. After a heavy rain those blocks float down in places. You go up there this year and spend a lot of money this fall, this winter, and next year the same way.

Mr. Flanagan: So your conclusion is that wood blocks isn't the proper pavement on that street?

Mr. Costello: Yes, sir.

Commissioner Gillen: It isn't the proper pavement on any street, according to the results we are getting from it.

Mr. Congleton: It was put there because the majority of the property owners wanted it.

Mr. Flanagan: They didn't contemplate then that they would be subject to all this bus traffic.

Mr. Congleton: I would like to speak as a property owner on Roseville Avenue. I think I have lived there for a good many years—I think of the ones present, Mr. Pryor is the only one who has lived there longer than I. At the time it was paved ten years—eleven years ago, there was a doubt in the minds of the members of the Board of Works as to whether wood block was proper pavement to put down there. The majority of the property owners wanted it, and it went in. We all know from experience that wood block streets in the rest of the city, that it isn't the proper kind of pavement for city streets, by reason of the opening of the streets you don't get proper repairs and so forth. Now, this past winter, that street, I can recollect one night, from the railroad to Park Avenue where there were at least ten red lanterns on top of the pyramid of wood blocks after these heavy rains and a little thaw, and I know that when this wood block pavement was put down, I, as one of the property owners, had to pay 69 per cent. at that time of the cost, and as a property owner I feel that if I can get a new pavement down there by only paving one side of the street ten per cent. of

the cost, that I am getting a very fair deal with the city. You ought to know also, when you speak about this five per cent. of the gross receipts that the jitneys pay, the both lines on Roseville Avenue are now owned by the Public Service, that the Public Service paid to the City of Newark last year only \$140,000 to cover all of the streets that they operate on in the City of Newark. Now, you cannot take it all for Roseville Avenue, and if you take a portion, a part of the \$140,000 for Roseville Avenue, I think you will find as a mathematical proposition that the City in that respect is treating the property owners very fairly, and while the traffic now is very much heavier than it used to be, Roseville Avenue has always been a traffic street there on the top of the hill. Trucks have used Orange Street for years, and then come to Roseville Avenue and then go across to go to Crocker-Wheeler and all of the electrical plants up in Watsessing. They can't use the parkway, they don't use Bloomfield Avenue, but as a property owner on Roseville Avenue I feel that the City is dealing with us very very fairly, and I have taken the trouble to look up and see whether any other street has been more favorably treated than it is now contemplated to treat Roseville Avenue, and I have not been able to find a one. As a matter of fact, if you will get down to fractions you will find that Roseville Avenue people are going to pay less than the Broad Street people paid for this last repaving.

Mr. Flanagan: May I ask this? Some of my clients desire to know just what there is by way of assurance that you can give them concerning the cost of this. I assume, in common parlance, that is little or nothing; that is an estimate solely of \$77,500.

Commissioner Gillen: That is approximately what it would cost. You cannot tell what the bids will be.

Mr. Flanagan: That is generally the experience, and I was wondering whether out of the wealth of its experience the Commission could give the property owners any idea.

Mr. Congleton: That is the Engineer's estimate, and bids have not been received yet.

Commissioner Murray These estimates are based on experience in similar cases and there is no reason to anticipate that the concrete base there is not a substantial pavement at any point.

Mr. Congleton: I think it is, myself, I think the concrete base is defective in places and ought to be fixed when we are getting a decent pavement.

Commissioner Murray: That isn't any—

Commissioner Gillen: The general experience is we have depressions there,—of course, assuming an honest contractor laid it. I move that the hearing on the ordinance be continued until next meeting and that the protest be referred to the Engineering Department for tabulation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Flanagan: There seems to be a little uncertainty as to the exact meaning of the advertisement here where you say twenty per cent. is to be assessed against adjoining property. I presume that is ten per cent. on each side.

Mr. Congleton: It says eighty per cent. on the city at large.

Commissioner Howe: That eighty per cent. would settle the others.

Commissioner Murray: Does that make any difference to your objectors?

Mr. Flanagan: No, except to ascertain what the city proposes to do. There seems to be some doubt in the minds of the others what that means.

Commissioner Murray: That doesn't change their attitude.

Mr. Flanagan: No, sir.

Commissioner Murray: They are still objecting to it?

Mr. Flanagan: Yes, they are still objecting to it.

The City Clerk presented An ordinance to provide for the repaving of Center Street from Park Place to Ogden Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan: I move further action on the ordinance to repave Center Street be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the repaving of Sheffield Street from Nassau Street to Seventh Avenue with asphalt pavement (1½" top-1½" binder) on a new (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading.

An ordinance to provide for the repaving of Sheffield Street from Nassau Street to Seventh Avenue with asphalt pavement (1½" top-1½" binder) on a new (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Murray moved that the title of "An ordinance to provide for the repaving of Sheffield Street from Nassau Street to Seventh Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The Clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Sheffield Street from Nassau Street to Seventh Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the grading, curb-

ing, flagging and paving of New Jersey Railroad Avenue from Murray Street to Vanderpool Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. McGall, of Lasker & Bernstein, 481 New Jersey Railroad Avenue: I have no objections; the only thing I would like to ask a question whether the railroad is paying any part, and whether the property owners on the opposite side of Railroad Avenue are paying any part.

Commissioner Howe: Main line railroad does not because they derive no benefit.

Mr. McGall: Excepting traffic is going to the Pennsylvania Railroad and will be greatly increased by putting that through. Most of the traffic goes to the Lehigh Valley now on account of the fact that the road is almost impassable on the other side of the Railroad Avenue. There are trucks standing at the wholesale market and also the large grocery concerns which you cannot get through conveniently, and the truckmen naturally take the easiest course and to go to the Lehigh Valley with our outgoing, and we route in our ingoing from Lehigh Valley, because it is about the same distance, but much easier for traffic, and the City Market do substantially the same thing.

Mr. Congleton: Railroad property can be assessed for improvements of this kind if it can be shown that their property is enhanced for railroad purposes, and if the Assessment Commissioners find that the property has been enhanced for railroad purposes they will be assessed the same as any other property owners.

Mr. McGall: We were the ones that requested that this be done; we have no objections at all, but we would like to have an equitable solution of the thing.

Commissioner Murray: You will get that.

Mr. Congleton: If the railroad prop-

erty cannot be assessed, it won't be thrown back upon you; it will go to the City.

Commissioner Howe: It wouldn't make any difference to the assessments on your property.

No one else appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commisisoners Brennan, Gillen, Howe, Murray.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of New Jersey Railroad Avenue from Murray Street to Vanderpool Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

An ordinance to amend an ordinance entitled "The Fire Prevention Code of the City of Newark, New Jersey" adopted December 23, 1910.

The Board of Commissioner of the City of Newark, Do Ordain:

Section 1. That paragraph (e) of Section 439 of an ordinance entitled "The Fire Prevention Code of the City of Newark, New Jersey", be and the same is hereby amended to read as follows::

"Section 439,—Paragraph (e):

"(e) Every building designed or

occupied in part as a private garage and in part as a residence or dwelling house shall be protected in the following manner: The portion of the building used as a garage shall be separated from the portion of the building used for residential or dwelling purposes by solid unpierced fire-proof construction, of which the walls shall be masonry at least 12" thick and the floors of steel and concrete not less than 6" thick. Other exterior walls of said building shall be of masonry construction. The portion of any such buildings used as a garage shall be provided with a proper system of automatic sprinklers and the exterior doors thereof shall be metal covered on the inside. An ordinance to authorized the ac-

quirement of lands on the westerly side of Mulberry Street, in the City of Newark, for City use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the plot of ground on the westerly side of Mulberry Street, in the City of Newark, hereinafter described, shall be acquired by The City of Newark, either by purchase or condemnation, for city use, said lands being more particularly described as follows:

BEGINNING in the westerly line of Mulberry Street at a point therein distant 27 feet southerly from the southerly line of Green Street thence running (1) southerly along the westerly line of Mulberry Street 63 feet; thence (2) westerly parallel with Green Street 90 feet; thence (3) northerly and parallel with Mulberry Street 63 feet; and thence (4) easterly and parallel with Green Street 90 feet to said westerly line of Mulberry Street and point or place of BEGINNING.

Being the same premises conveyed to Herman Z. Baum by deed from Ella M. Brittin and others, recorded in Book M-62-175 of Deeds for Essex County, New Jersey.

2. That the total cost of the purchase of said lands shall not exceed the sum of One Hundred Thousand Dollars (\$100,000.);

3. Pursuant to the provisions of Section 13 of Chapter 252 of the laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark in an aggregate principle amount not exceeding One Hundred Thousand Dollars (\$100,000.), bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and

Finance is hereby authorized to issue said temporary bonds at such times or time and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and the City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of One Hundred Thousand Dollars (\$100,000.) to be raised by the issuance of such temporary loan bonds is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

F. F. Proctor Newark Realty Corp.
Proctor Palace Theatre

Newark, N. J., April 11, 1927.
City Commissioners,
City Hall, Newark, N. J.

Gentlemen:

The week of April 18th will be
known throughout the United States
and Canada as "N. V. A. Week". The
National Vaudeville Artists have built
Club Houses in New York (at 220 West
46th Street) and in Chicago and Los
Angeles, and at the present time have
purchased a forty acre track of land
in Saranac, New York, where those
who are old and ill will be given free
medical treatment in a sanatorium now
being built at a cost of \$300,000.00.
All of the City Official of the various
cities where there are vaudeville
theatre, have endorsed this move, as
the Vaudeville Artists are always the
first to offer their services, for charity,
in the war, or whenever any great
calamity in any part of the world may
happen, or take place.

This is not a move of any particular
theatre, but of the theatrical world in
general, to help this worthy cause.
We are asking your Honorable Body
to add your approval in Newark for
next week. It is a pure charity affair
and we feel that with your endorse-
ment, it will have a tendency to enthuse
the public in general, to attend a
vaudeville theatre the week of April
18th.

Yours sincerely,

H. R. Emde,
Resident Manager.

Commissioner Brennan: I move you,
Mr. Mayor, that the proposition be en-
dorsed by this Commission as one that
is deserving of whole hearted support.

Commissioner Murray: Second the
motion.

Commissioner Brennan: And that
the City Clerk be authorized to accept
same.

The roll being called, the motion
was declared adopted by the following
votes.

Yeas Commissioners Brennan, Gil-

Essex County Park Commission,
810 Broad Street,

Newark, N. J., April 7, 1927.

Mr. William J. Egan,
City Clerk, City Hall,
Newark, N. J.

Dear Sir:—

I transmit to you herewith certified
copy of resolution passed by the Essex
County Park Commission at its meet-
ing on March 23, 1927, granting per-
mission to the Board of Commissions
of the City of Newark to construct a
relief sewer for the Millbrook sewer
through the southerly end of the
Southern Division of Branch Brook
Park.

Yours very truly,

David I. Kelly,
Secretary.

Attention Mr. W. J. Egan,
City Clerk.

Gentlemen:

This is to advise that the Central
Railroad Company of New Jersey
Communi-paw Central Land Company,
owning a total frontage of approx-
imately 733' on Lister Avenue in the
City of Newark, protest against the
proposed improvement of Lister Ave-
nue from Chapel Street to about 412
feet east of Lockwood Street by the
grading, curbing, flagging and paving
of same as set forth in an ordinance
dated March 30th, 1927, upon which
there is to be a further hearing at
11 A. M. on Tuesday, April 19th, 1927.

Yours truly,

Office of Real Estate and Tax
Department

April 4, 1927.

Mr. W. J. Egan,
City Clerk, City Hall,
Newark, N. J.

Dear Sir:—

Referring to your notice relating to hearing on April 12, 1927, at the City Hall, in connection with proposed resurfacing of Roseville Avenue, from Orange Street to Springdale Avenue, Mr. M. H. Doughty, Division Engineer of our Company, states:

"Under crossing elimination agreement of December 26th, 1901, we are not responsible for paving on Roseville Avenue bridge over our tracks. Last paragraph of Section 8 of this agreement reads in part: "The City will assume the expenses and care and maintenance of the asphalt pavement or driveways and the granolithic covering of sidewalk on said bridges."

I place the foregoing before you as a reminder when the question of assessment is taken up by the Assessment Commissioners acting on this improvement.

Very truly yours,

E. T. Lukens,
R. E. & T. A.

Referred to Engineering Department.

Mr. William P. Macksey: Congressman Moore and I have been asked to come before the Board this morning representing the Roseville Improvement Association, and some citizens of Second and Third Street, and First Street. I have a map here, the City Atlas and this would relieve Roseville Avenue to some extent, if this proposition went through, on the traffic, for instance, truck traffic, not in jitney bus traffic, but it has been said that the Vocational School would probably locate in here. Now, First Street is a blind street and First Street is an open street all the way from Sussex Avenue, because you can come the other side through park property and they come up Orange Street to Third

Street and cut through to Fourth Street and it is a direct proposition right straight over, using Fifth Street right there over to Bloomfield Avenue. These citizens would like to get First Street extended to Second Street along the canal. And this does away with a great deal of congestion here at Seventh Avenue and Fourth Street, particularly there is a pretty dangerous intersection there on account of the high buildings there, and being built closely to the sidewalk, when they would put through First Street, and here is property belonging to the Academy, there is no cross street entering First Street—it gives us full sway right straight through.

Commissioner Murray: Gives you a crosstown street right to Park Avenue.

Mr. Macksey: And by going up one block on Park Avenue you could go right straight through to Bloomfield Avenue. That would take the trucks off Roseville Avenue and some of the streets that come up there. These heavy trucks that are utilizing it now, whether they could go up one block and get right up to Bloomfield Avenue.

Congressman Moore: It runs from the Union County line to the northern border of the City of Newark.

Corporation Counsel Congleton: It might be possible to get some of that land here and go right through to Bloomfield Avenue.

Mr. Macksey. The only objection, there are some factories here.

Commissioner Murray: That would meet Third Street.

Mr. Macksey: All we would have to take is a strip here and meet Third Street and go right over. We wouldn't have to touch that at all.

Commissioner Murray: Then your purpose would be to change the name of all the way through and across town all the way through, instead of having Bergen Street, and First Street, and taking the line of Second Street, and make it one name.

Commissioner Gillen: I move you, Mr. Mayor, that the matter brought before us by the Roseville Improvement Association be referred to the Engineering Department for map and report, and that the resolution in connection with the turning over the prop-

erty to the County Vocational School be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Any other citizen wish to be heard?

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray.

APPROVED:

JOHN HOWE

W. J. BRENNAN

JNO. F. MURRAY, Jr.

CHARLES P. GILLEN

The Board of Commissioners
of The City of Newark.

W. J. EGAN,
City Clerk.

Newark, N. J., April 19, 1927.

A meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of the meeting of April 12th, 1927, were read and approved.

Commissioner Howe: Does any citizen wish to be heard?

Mr. Chester R. Hoag: This matter, Mr. Commissioners, of this Girls' Vocational School property that came up sometime ago, and a special bill—the Park Commission was willing to turn it over to the City, as I understood, with the understanding that it was to go to the Girls' Vocation School. A bill was specially prepared and put through the Legislature, by the co-operation of the Park Commission, the Freeholders and others, enabling them to do so. We had gone ahead preparing temporary plans for the building, having given up another site in Roseville at the request of the Freeholders, so that we could use this, and I understand at your last meeting a proposition came up of running a street along the canal, First Street, continuing it across the property. Well, that takes up so much of the property that we cannot see our way clear to use it for a Girls' Vocational School. A school must have a certain amount of ground around it to be practical, and to be successful.

Mr. Congleton: So that you may see the full layout, I have had the department prepare a little map showing how the street would run along the west side of the canal, and Mr. Hoag's map shows how the sixty-foot street would cut into there, but I have myself gone up there and have examined the thing, and have looked those properties over, and Mr. Hoag, the other day in his talk with me, said they were building a building to accommodate about five hundred girls.

Mr. Hoag: With plans for expansion.

Mr. Congleton: And if they expend they have got to expand this way, and

that is a very poor class of property. Now, if you gentlemen think that this street is a good thing, I think the property ought to be bought now, and the building down here and we have our street.

Commissioner Gillen: You see, this is the corner cut off. (indicating on map). If this property was acquired here, it would simply shift the building down.

Mr. Congleton: You have got all the way down to Seventh Avenue, a distance of two hundred feet. Now is the time to do it, before you put the building up.

Commissioner Gillen: The City is going to pay two-thirds of the cost of the land to be acquired anyhow, and the City is willing to do that, I guess.

Commissioner Murray: That street will be a tremendous asset; I don't think there is any doubt about it.

Commissioner Gillen: Absolutely. It is of such importance that I think everyone ought to go along on that street.

Mr. Hoag: Is sixty feet wide enough?

Commissioner Gillen: It is as wide as First Street.

Mr. Hoag: First Street isn't a very wide street now.

Commissioner Gillen: Yes, sixty feet will be wide enough.

Mr. Congleton: Now, Mr. Myers just calls my attention to the fact that the City Board of Education is now buying this place on the other side of First Street for their tubercular school—now, if that is going to be school property, it would seem very proper that this should be too.

Mr. Hoag: If it came to a point where we could buy property in here, you would be willing to still close up Second Street?

Mr. Congleton: We would vacate Second Street.

Mr. Hoag: You know how it is with school boards, they haven't any power to get money, they have to go to the Estimate Board to get their approval to buy land.

Commissioner Brennan: This is all improved property, but of low grade.

Mr. Myers: You have no idea of

what they want for property up there

Commissioner Murray: You can condemn property.

Mr. Myers: We have bought for \$43,800; the corner they paid fifteen for in January. They only want forty for it now, but I think we can get it for about twenty.

Commissioner Gillen: These buildings are all very poor. You can take you line right through. Supposing the County is going to do this thing, why not do it right, co-operate with the City and get the street through there. The street is of no value to us personally; we are merely taking up the City's interests.

Mr. Hoag: We should practically have that whole block, and away back in here for the future expansion.

Commissioner Murray: You wouldn't want these lots on Seventh Avenue abutting on your property; those houses and garages there.

Mr. Hoag: Here is the street along here.

Mr. Meyers: In other words, they will run First Street up along the canal?

Commissioner Gillen: Yes.

Commissioner Murray: That would help you, rather than hurt you.

Mr. Hoag: I only thought it was my duty to come down.

Commissioner Gillen: Now you have to go back to whom?

Mr. Hoag: School Estimate Board of the Board of Freeholders.

Mr. Meyers: They have the same thing we have here.

Commissioner Gillen: Why not go back to them and show them the importance of this?

Mr. Hoag: You will lay the matter over?

Commissioner Gillen: Oh, yes.

Mr. Hoag: They said they would like to be heard before you take any action.

Commissioner Gillen: There is nothing urgent about it.

Mr. Congleton: We would be perfectly willing to pay our sixty per cent. for the acquirement of that land so we could have our improvement, looking to the future of the City.

Commissioner Gillen: I move the matter be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Lister Avenue from Chapel Street to about 412 feet east of Lockwood Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

City Clerk Egan: There is a petition here, Mr. Mayor, signed by property owners, protesting against the ordinance providing for the grading, curbing, flagging and paving of Lister Avenue, which was considered at the meeting of the Commissioners held on Tuesday, March 29, 1927. 756 feet, 136 feet, 37 feet, 339 feet, 481 feet.

Commissioner Murray: What proportion of the frontage is that?

Mr. Congleton: We haven't had that petition checked up. Perhaps it would be wise to lay it over for a week for the purpose of checking it up to see if there is sufficient to veto the ordinance, but you ought to know this street is in very bad condition. The Ironbound Manufacturers Association negotiated this in part.

Mr. W. C. Belcher, representing Benjamin Moore & Company, 134 Lister Avenue: We are very strongly in favor of the passage of this ordinance.

Commissioner Howe: Any other citizen wish to be heard?

Mr. Joseph H. Gunn, Secretary, Ironbound Manufacturers' Association: You have received a petition there signed by a number of property owners on the thoroughfare who are members of the Ironbound Manufacturers' Association, but the Association is in favor of it because they think it will be a big improvement to that section of the City. Lister Avenue, as I understand it, has never been improved. The opportunity there is large for the development of that section. Here about a year ago, at the suggestion of the Ironbound Manufacturers' Association,

why, the Ironbound Transportation Company established a line of jitneys over there to provide transportation for the factories in that section. The Public Service had abandoned their trolley lines that went in there and the manufacturers felt the need of some method of transportation to replace that. The Ironbound Transportation Company very gladly went in there, but they are experiencing considerable trouble in going over the street. There are holes in the road and there has been damage to their trucks and the chances are that if there isn't some improvement made to the street, that they will have to abandon their line.

Commissioner Howe: The street has never been paved?

Mr. Gunn: Never been paved, and Mr. Franklin, who represents the transportation company, is here ready to speak in favor of it. The Hanson Van Winkle Company, who are just going to move over into that section, are heartily in favor of it. They do considerable trucking and they feel the need of a good thoroughfare down there, because checking up and checking it with the Sherwin-Williams Company, we find that the damage to trucks runs into hundreds of dollars.

Pearce R. Franklin, Esq.: I appear for the Ironbound Transportation Company. It was at the instance of some of those who are now objecting to the street being paved, that the Ironbound Transportation Company came in and gave service to those on that island. There are approximately 1700 residents down there, in addition to the persons who are accommodated out of the factories by this bus transportation. This is the rockiest part of the road. I understand there are about five blocks there that the buses go over that break their springs. They are now operating at a five-cent fare, and it was at the solicitation of those who wanted this service that the company went in there, with the hope that sometime in the near future these streets would be paved. If the street is paved they will not only give valuable service to that locality, but they will be able to operate on better time. I represent no property owners, but just a company that is operating a public utility.

Mr Congleton I would like to say that this ordinance was initiated only after receiving a petition signed by 31 per cent. of the frontage along there.

Commissioner Gillen: I certainly think the street ought to be paved. We cannot get anywhere without pavement.

Commissioner Howe: Are there any other citizens here who are opposed to the paving of the street?

Mr. Peter Herman, 139 Chapel Street, representing Stanley Rule & Level Company. Our company is opposed to the expense of paving Lister Avenue. We have a frontage of 481 feet, and for our purpose there wouldn't be any benefits, and we believe the road is in as good condition today, better condition today than it has been in years. That is our end of the street.

Commissioner Howe: Your entrance is from Chapel Street?

Mr. Herman: We have an entrance on Lister Avenue too, but we cotemplate doing all our trucking through Chapel Street. We have an entrance on Chapel Street now.

Commissioner Gillen: You do not have to use Lister Avenue very much, do you?

Mr. Herman: No.

Mr. Congleton: If you did you would probably be in favor of the pavement.

Mr. Herman: Well, that is up to the company.

Commissioner Howe: You have both sides of the street there; you have a large plot of ground across the street that is vacant?

Mr. Herman: On Lister Avenue?

Commissioner Howe: Yes.

Mr. Herman: No; we only have one side.

Commissioner Howe: You have both sides; you own that farm across the street?

Mr. Herman: That is Albert Avenue, that isn't Lister Avenue.

Mr. Joseph Erschberger, Consolidated Color and Chemical Company, Lister Avenue. The Consolidated Color and Chemical Company, we protest against the expense. We think it isn't necessary, the street is in absolutely better condition as it was many years and we never found any trouble.

Commissioner Howe You don't own your own trucks, do you?

Mr. Erschberger: We own two trucks and go every day twice.

Commissioner Howe: Well, it has never been in good condition.

Mr. Erschberger: In very good condition it has never been, but we are in the chemical line and the competition is terribly keen, we pay very high taxes and we don't have a chance to make any money. The street is in better condition that it was, absolutely: If you walked there about ten or fifteen years ago, it was really bad, but it is now very much better. We have about 340 front feet, besides we rent a large piece.

Albert Catalane, American Agricultural Chemical Company. I operated our plant the last two years it was active, and have been associated with the Lister Company for some 27 years. When we operated that plant as a going concern, we never saw the need of having Lister Avenue any different than what it is today, in fact, at the present moment it is better than I have ever seen it, and I doubt very much, as far as we are concerned, we would have any need for pavement there at all. We have Lockwood Street, as you know, on the south end, which is very convenient for us, a hard paved street out to the highway, and we never had any trouble, and we did lots of hauling, in fact, more than any other concern on the island in our time, and at the present time—

Commissioner Howe: Your plant is closed now?

Mr. Catalane: The plant is closed now, unfortunately, that is why we aren't in a real strong position to give exact operating conditions, but when we did operate, and as you know, we had lots of tonnage over that road with our trucks, and we never had any occasion to have them repaired. If there were holes in spots we filled them up ourselves.

Commissioner Howe: With Zinc Works' slag.

Mr. Catalane: We had a lot of peristite ore from our furnaces that we put in there and it made a good bottom.

Mr. Congleton: This street, for its

length, is costing the City more for annual repairs than any other street in the city, to keep it in the condition they speak of. It is a question of how long the department can go ahead taking care of a street that has never been paved, at the general expense of the taxpayer. Most of these people who spoke in opposition, have some other entrance, but it seems to me that the people who have to use Lister Avenue, and who have about 31 per cent. of the frontage, ought to be given some consideration, because the city will have to stop spending the same amount of money that we have paid, in justice to the other parts of the city.

Commissioner Howe: Lockewood Street is paved from Ferry Street to Lister Avenue?

Mr. Catalane: Yes, sir, a good hard paved road. Of, course, our entrance is only one block west of Lockewood Street, so that is where we have made our gage.

Commissioner Howe: How long is your plant closed now?

Mr. Catalane: It has been closed since 1922. July first.

Commissioner Murray: Is that plant for sale.

Mr. Catalane: The plant is for sale.

Commissioner Brennan: Wouldn't it enhance the value of your plant if you paved the street.

Mr. Gunn: The people who have signed that paper are the people who are the going concerns down there. The people who are objecting, is the Lister people, who aren't doing any business the Stanley Rule, who although they own frontage on Lister Avenue have their entrance on another street, and the people who do want this are the people who are there doing business, who employ a large number of employees, and who do need an improved street.

Mr. Erschberger: The Consolidated is in business and we have no other entrance; we have only the one entrance from Lister Avenue.

Mr. Belcher: Benjamin Moore & Company are a new concern in Newark. We moved from Brooklyn about a year ago. We probably suffer from the standpoint of no pavement on Lis-

ter Avenue, more than anyone else, because the entrance of our plant is located east of Lockewood Street, and what little work has been done there has been done by the good graces of the City Highway Department in helping us to fill in some perfectly miserable holes that exist on the stretch of road between Lockewood Street and the entrance to our plant. We are dependent upon employees from the section of Newark that is fed into that locality by the buses. We truck each day a large tonnage by truck to the various railroad terminals in the City of Newark, and to the Newark Transportation Company. Up until the time that Passaic Avenue, which is now under construction, or under reconstruction, was not torn up, our trucks used Passaic Avenue by the way of Lockewood Street, to go to the Newark Terminal. At the present time we are forced to go over Lister Avenue, and the head of our traffic department recently told me of injured trucks and damages to spring and axles and a few other things, in connection with trucking over this street.

Commissioner Howe: You go out Chapel Street now?

Mr. Belcher: We are forced to go to the railroad terminals and to the Newark Terminal and Transportation Company's wharf. It is a very important thing to us. We have developed a large plant there and we are anticipating quite some considerable extensive work other than what we have done, and also, the Lister people adjoining us, and whom we purchased the property from and helped them to that extent, they are not particularly interested at the present time, and their objection, to my mind, would be far outweighed by reason of the fact of the necessity of trucking by a going organization every-day in the year, over the routes that must be taken by the way of Lister Avenue. We are very strongly in favor of the passage of this ordinance.

Commissioner Howe: I might say for the benefit of the objectors, that you have five years, or four years, in which to pay this in five equal payments.

Commissioner Gillen: Mr. Mayor, I move that this project be referred to

the Engineering Department to have it checked up, and if it exceeds the seventy per cent. in land value and the ordinance cannot be legally enacted, that the paving of this thoroughfare be declared a public necessity, and it be paved under some other ordinance prepared by the City Law Department.

Commissioner Murray: I will second that, because without questions we have got to get to the point where a street as important to industry as this, must have a surface fit to be used. There is a street that has had no paving expense upon it, and which all the rest of the City has felt some injury from because of the large amount of incidental repairing that has had to be done to it from time to time to keep it open and make it passable. This is a section we have got to look to for very substantial development, but I don't know by what means, but I think whatever means can be employed should be used to give that street a permanent surface, and get some others to come and take part of the unused Lister plant, as this gentleman has done, and you certainly can't offer any inducement to take property facing on Lister Avenue now, and there is no reason why the rest of the city should have its repairs held in abeyance by spending all the money in the department on just a few places, and Lister Avenue has had more of a special consideration for several years and it is time it stopped, and in justice to the rest of the City of Newark it ought to be done.

Commissioner Gillen: And I include in the motion, Mr. Mayor, that the matter be laid over for one week.

Commissioner Murray: I second that. The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following petition was received and read:

We, the undersigned property owners, with frontage on Lister Avenue, Newark, N. J., do hereby oppose and protest against the ordinance providing for the grading, curbing, flagging and paving of Lister Avenue, as considered at the first reading of the Commission on Tuesday, March 29th, 1927.

Signed by 6 property owners

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the title of "An ordinance to provide for the construction of the Avenue C and Miller Street Storm Water Sewer," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of the Avenue C and Miller Street Storm Water Sewer.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance providing for the vacation of a triangular strip on the westerly side of Avenue "P" described as follows. Beginning at a point in the westerly line of Avenue "P" distant southerly 536.72 feet from the southwesterly corner of Avenue "P" and Allegheny Avenue; thence running along the westerly line of Avenue "P" south 17° 58' west 215.93 feet to a point in the division line between lands of the Central Railroad of New Jersey and the Amalgamated Dyestuff and Chemical Company; thence along said division line south 63° 49' east 10.12 feet to the westerly line of Avenue "P" as the same is laid out by the City of Newark Ordinance of November 12, 1924; thence North 15° 19' 40" east in the extension of the last mentioned line of Avenue "P" 217.61 feet to the

place of beginning, and stated that today was the time fixed for hearing on the same.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance providing for the resurfacing of Roseville Avenue from Orange Street to Springdale Avenue with asphalt pavement (1½" top-1½" binder) on the old concrete foundation properly built up or replaced where necessary with new concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Congleton: On that matter, if the Commissioners please, the Department has checked up approximately 59 per cent. of the frontage, and same amount of value. The protest against it is not enough to act as a veto of the ordinance. The Engineering Department is anxious to have the matter proceed as it has another street—

City Clerk Egan: There is a supplemental petition.

The Clerk then read the petition as follows:

To The Board of Commissioners
of the City of Newark.

Dear Sirs:—

We, the following property owners, respectfully petition your Honorable Body not to apportion any part of the expense of resurfacing Roseville Avenue from Orange Street to Springdale Avenue for the reason that the present condition of the surface of the street was caused, in a large measure, by the operation of public buses, from which the city received a tax of five (5%) per cent. on their gross earnings. It is the belief of your Petitioners that the tax of five (5%) per cent. while assessed as a franchise tax for using the street, is also compensation to the public for the damage done by the buses. It is impossible to eliminate from one's mind the conception that a franchise tax is also a partial compensation of the damage done, where the damage is so apparent. An observation of the effect of the running of the buses on Roseville Avenue has shown that on certain days, when there is great heat or when the pavement is softened by rain, that the traction of the wheels not only in the starting up but in the running along, lifts the individual blocks of the pavement. At the corners where the buses stop under regulation to take on or let off passengers, you can discover depressions in the pavement resulting from the stopping and starting of the buses. This condition of the surface of the pavement has induced your Honorable Body to take into consideration the necessity of resurfacing the street; but if you place twenty (20%) per cent. of the cost upon the property owners along Roseville Avenue you directly assess them for the expense of maintaining the bus line. Therefore, your petitioners whose properties are herein designated as abutting upon Roseville Avenue respectfully solicit your consideration of relief from this inequitable imposition of an assessment upon their properties.

Dated April 4, 1927.

Signed by 9 property owners.

Ordered referred to the Engineering Department.

An ordinance to provide for the grading and paving of Second Avenue West from Third Street to the City Line with asphalt pavement (1½" top-1½" binder on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Second Avenue West from Third Street to the City Line shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersec-

tions and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 18, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$63,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$63,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and

other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Architects and Engineers,
Essex Building,
Newark, N. J.

April 13, 1927.

Board of City Commissioners,
Newark, N. J.

Gentlemen:—

We are planning to erect an apartment house building on the property at 523 Mt. Prospect Avenue, (formerly owned by Chauncy G. Parker, which we find at the present time is listed in the 50 foot zone.

We, representing the present owner, respectfully request to have this zoning changed from 50 foot to 85 foot limit, in view of the following facts:

First—That we propose to set our building back 100 feet from the property line on Mt. Prospect Avenue;

Second—That such a privilege has already been granted for the apartment

house now being erected by Harrison R. Van Duyne on the Whitehead-Hoag property, a few blocks south of this property;

Third—That the character of the building will be a high-class, fire-proof, elevator apartment, equal to or better than the apartment now being erected by Mr. Van Duyne, with gardens in the front and surrounding the building.

As the building season is now well under way, we will appreciate an early decision in this matter.

Very truly yours,
Simpson & Rolston, Inc.
(Signed) John T. Simpson,
President.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3500.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear in-

terest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Judge Hood, did you want to be heard?

Hon. Louis Hood, 790 Broad Street. I thought so, but I haven't heard the one I am interested in called. I am here as representative of the Essex County Vocational Board for the purpose of acquainting the Commission with the interests of the—as to the effect of the opening of a street along the banks of the Morris Canal, extending north from Orange Street. As to how it would affect the interests that are cared for by the Vocational School Board. As I understand it, it is proposed to lay a roadway along the banks of the canal extending north from Orange Street.

Commissioner Howe: What effect would that have on your school?

Judge Hood: That is what I propose to state to you, if you will give me a minute or two. Let me recall the history of it. About a year ago the Vocational School Board looked about for the purpose of establishing a new school to take the place of the

Girls Vocational School now at the corner of Washington Street and Linden Street, in Newark. When the arrangement was made by which the county took over the vocational system, the City Board of Education leased to the County Vocational Board this building for five years, and that lease expires on the first of January, 1930. Therefore, last year, in order that we might have a place to put the occupants of that school when the lease expired, we began to look all about for a new location, in the expectation of putting up a new building. We had chosen a site up in the Roseville section, when it was suggested to us that the county owned a plot of land on the banks of the old Morris Canal which could be gotten for nothing as a gift, if the site was fit for our purposes. We looked at it and we found that the site was quite fit for our purposes. Then we went about and canvassed all the authorities that had any interest in it, not by way of formal resolution, but by canvas, and it developed that the Park Commission, which had the use of the plot, was quite satisfied to turn it over to the School Board. It further developed that the Freeholders would be very anxious to have it turned over to the School Board because it would save the expense of buying a location. We found also, on a formal canvas of the Commission, that the Commission was quite satisfied to have it go over to the School Board, and we therefore said, "That is very nice, we will take that there and we will relinquish everything we have done about this other location and take this particular section if we can get it." When we went into it we found that we couldn't get it right away because there was need of legislation to take it over, and therefore we had to wait until winter until we could get legislation by the 1927 session of the Legislature. We succeeded in getting that, and after it was gotten we applied to this Commission, which after all had the say about the matter, for the purpose of getting a deed for this property.

Mayor Raymond: Your canvas turned out differently.

Judge Hood: So far as the expression—informal expression of opinion was concerned, yes. Now, as I under-

stand it, you propose to take away, as the Board understands, you propose to take away fifty feet of the land there—

Mr. Congleton: Sixty.

Judge Hood: Well, taking away sixty feet of the ground makes that territory altogether too small for our building, and it has been suggested under those circumstances that we could go out and buy additional ground there so as to make up what had been lost. We have looked into that matter a little and we find that is quite likely to be quite expensive because as a matter of fact the improvements there are in two and three family houses, and these are full lots, and the chances are that the acquisition per lot, especially under these circumstances when it is known what it is proposed to do, would involve a considerable sum of money, but we have also another proposition in consideration, with this matter, and that is whether it doesn't destroy the entire usefulness of that lot for school purposes if you run a highway through it as it is to become, as it is hoped, a very active highway. We find, as a matter of experience, that it is important for schools to be located on quiet street. We have now a school located on a busy street, Sussex Avenue, and we find it is very undesirably located, and we wouldn't want to go into a location that is going to result in the same way. As the Vocational School Board sees it, if you find it necessary to lay a road through that section of the city, it seems to disqualify this location altogether for our purposes, and we will be compelled to go elsewhere for a location, whatever the cost may be.

Mayor Raymond: Of course, that cost will be borne largely by us anyway, won't it? We bear sixty per cent. of it.

Judge Hood: Yes, I suppose you want to take into consideration what that may mean, the contribution on that portion.

Mayor Raymond: I would like to study this.

Mr. Congleton: The County Park Commission want to turn this back to us. They have the care, custody and control, and it was then suggested that before we turn it back, that First

Street, which is Bergen Street and which runs all the way from the Union County line, one straight street up on the hill, that instead of having a dead end street, it runs along the canal.

Mayor Raymond: That hasn't been attacked by our learned friend.

Judge Hood: I think something could be said upon that, but I thought it was hardly up to us.

Mayor Raymond: That would be an argument that would appeal to me more strongly because it seems to me there are other places you can go with your school, whereas the matter of getting through the City of Newark with traffic, is a heavy problem with the city.

Judge Hood: We thought it wasn't our privilege to consider that proposition at all, and we felt that was the Commission's right, and that the Commission would have to dispose of the question as to whether this was what might be called an indispensable improvement for the City of Newark.

Mayor Raymond: I should say it was.

Judge Hood: So that there might be an objection to carrying it along on a winding road that would finally end up in Sixth Street, coming along Orange Street and going to Sixth street and then out direct to Sixth Street, that is a matter, of course, that isn't within the province of the Vocational School Board.

Mayor Raymond: Well, I would like to look into this myself. I haven't had a chance to study it, and if you gentlemen will be willing to leave it for a while—it isn't up in any form now that I can see, except that you come here and talk about it—I can't intelligently participate in a conference now, not having had a chance to study this. I think it would be better to lay it over a while and then we would be glad to hear all the objections. It isn't before us formally, and while we are always delighted to see Judge Hood and Congressman Moore, and delighted to hear them—

Mr. Congleton: Mr. Mayor, if you determine that you are not going to do it, the Park Commission turns back the care, custody and control, and the County Vocational School is asking us

for a deed for this property for school purposes, and that would be the—

Mayor Raymond: We have got to grant that request by some kind of ordinance or resolution.

Mr. Congleton: Resolution is all it would call for.

Commissioner Murray: Isn't it reasonable, Mr. Hood, that your board had selected another site, and then because of the anticipated legislation which would enable the city to turn this over to you folks, that you abandoned that site—

Judge Hood: Yes, sir, we had the site and we had the contracts, and we were about to carry them out when this plan arose.

Mr. Congleton: It came about because the Freeholders thought they were spending too much money, and they went into conference and decided on this. The Freeholders wouldn't give them \$100,000 to buy land, and we are giving them that.

Judge Hood: All right, then so much the better, but we gave up what we had. Whether we were wise or unwise in contracting for it at that price remains to be established.

Mayor Raymond: Suppose we leave it this way: My impressions now are that we ought to extend this street, but I don't know. I don't know whether my colleagues are all agreed upon the point or not. Fortunately, or unfortunately, I am back here today ready to take charge, and I have to have a little time to study it.

Judge Hood: Permit me to say that we think it is fortunate that you are back—without decrying any other person.

Mayor Raymond: Or without unduly flattering me.

Judge Hood: Or without unduly flattering you.

Congressman Moore: I am on the opposite side.

Mayor Raymond: You are with us.

The matter was laid over until May 3rd.

April 25, 1927

Board of Commissioners of
The City of Newark.

Gentlemen:

June 14th next is the 150th anniversary of the birth of the Stars and Stripes. On June 14, 1777., the Continental Congress passed a resolution adopting the American Flag. Throughout the Nation this day will be observed with appropriate celebrations. The President of the United States and the Governor of New Jersey will issue proclamations in that regard. Newark, as the metropolitan centre of the State, should hold appropriate exercises.

The Society of the Sons of the

American Revolution, therefore, respectfully requests the municipal authorities to arrange, in co-operation with patriotic and civic organizations, for appropriate observance of the day.

Permit me to assure you that the Allied State Patriotic Committee, representative of practically all the purely patriotic organizations, from the Sons of the American Revolution to date, of which the writer is chairman, will be glad to co-operate in every way.

Sincerely yours,

Richard Hartshorne,
State President of New Jersey
Society, Sons of the American
Revolution.

Referred to Commissioner Murray.

Board of Adjustment,
City of Newark,

Newark, N. J., April 21, 1927.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:

The Board of Adjustment is in receipt of your communication referring for recommendation an application by John T. Simpson to amend the Building Zone Ordinance so as to change the height limit at 523 Mt. Prospect Avenue from 50 to 85 feet.

The Board of Adjustment respectfully recommends that the front portion of the property in question for a depth of 100 feet remain as at present in the 30-foot height district, and that the remainder of the property, now in the 50-foot district be placed in the 85-foot district.

The Board is of the opinion that any apartment houses erected on the east side of Mt. Prospect Avenue should be set back 100 feet, and in line with the two already erected there. The above recommendation is designed to effect a similar improvement.

Respectfully submitted,

R. B. Rankin,
Secretary.

Referred to Law Department to prepare ordinance.

We, the undersigned, owners of property fronting on Shephard Avenue be-

tween Clinton Place and Osborne Terrace, in the City of Newark, New Jersey, do hereby petition the Board of Commissioners of the City of Newark to change the building zone affecting said premises so that the zone effecting said premises may be changed from a residence 30-D zone to a residence 50-B zone.

Dated April 25th, 1927.

Signed by five property owners.

Referred to Board of Adjustment.

Real Estate Board
730 Broad Street

Newark, N. J., April 25, 1927.

The Honorable Board
of Commissioners,
City of Newark, New Jersey.

Gentlemen:

Our Board at its April regular monthly meeting passed a resolution commending your Honorable Body for purchasing the Morris Canal and particularly for the exceedingly low figure for which the City paid.

Our entire active membership believes that your action in this matter embodies one of the finest and most commendable transactions that Newark has known for many years.

By order of
the President.

Kenneth W. Mackenzie,
Executive Secretary.

Received with a great deal of pleasure and ordered spread upon the minutes.

The following reports of the City Officers were received and ordered filed:

Auditor's reports for December, 1926, January, February and March, 1927.

Overseer of the Poor for March, 1927.

Mayor Raymond: Any other citizen desire to be heard? Mr. Gottlieb?

Mr. Theodore D. Gottlieb, Essex Building. First, Mr. Mayor I want to congratulate you on assuming your duties, and congratulate the Board as a whole on having you back.

I am here as a representative of Newark Chapter, American Red Cross. We have a telegram we would like to read, from the Central Committee at

Washington "The Central Committee in joint conference with cabinet officers named by President Coolidge to assist Red Cross estimates minimum five million dollars required Red Cross relief in Mississippi floods. National campaign being launched immediately. Your quota thirty thousand dollars. Need most urgent as hundred thousand refugees look to us for emergency care in greatest flood this country's history. Confident your people will respond quickly generously. Suggest special campaign with widest possible publicity use radio appeal if possible. Impractical accept local donations clothing or supplies. Can we count on you raise quota. Wire reply." Signed by James L. Fieser, Acting Chairman.

Now, I want to call the Board's attention that this is the first time in disaster history or relief in the United States that the President of the United States has asked members of his cabinet to work with the Red Cross. He has designated Mr. Hoover, Mr. Mellon, Mr. Davis and Mr. Wilbur, respectfully, Secretary of Commerce, Secretary of the Treasury, Secretary of War and Secretary of the Navy. In conformity with that suggestion, or the suggestion of our National Headquarters, we have approved this resolution which we will ask your Board to consider:

"Inasmuch as the President of the United States and of the American National Red Cross has issued a proclamation to the people directing their attention to the sad plight of thousands of their fellow citizens in the flooded areas of the Mississippi River and its tributaries, and urging that generous contributions be promptly forthcoming to alleviate their suffering, and has recommended that all contributions, clearly designated, be forwarded to the Red Cross, through local chapters, therefore

Be it resolved, that the City Commissioners of Newark, New Jersey, meeting this morning, Tuesday, April 26th, endorse the campaign of the local chapter of the American Red Cross to raise special funds for the flood victims and call upon the citizens of Newark, New Jersey, to respond quickly and generously to the appeal."

Just a word in reference to—

Mayor Raymond I have prepared a proclamation this morning on this subject, anticipating—

Mr. Gottlieb: We may ask you, if in your judgment you think it wise, following the precedent in the Japanese disaster and the Florida disaster, that you also designate a special citizens' committee, and it is the intention and hope of the Red Cross that all gifts and contributions would be directed through one channel—I am not criticizing any organization, but the last time we had any number of organizations working independently, and while the effort was good, in general it resulted in a great deal of confusion.

Mayor Raymond: We will be glad to co-operate with the Red Cross, and if you find a committee is needed—

Mr. Gottlieb: They do.

Mayor Raymond: If you will let us know—

Mr. Gottlieb: I ask you to appoint that committee, if you will.

Mayor Raymond: You now wish that committee appointed?

Mr. Gottlieb: Yes, if you will, please.

Mayor Raymond: To co-operate with the Red Cross.

The City Clerk read the following proclamation:

PROCLAMATION

WHEREAS, as the result of unprecedented flood conditions in a great portion of the Mississippi Valley in the Middle West, hundreds of people are dead, many thousands are homeless, and the property losses run into millions of dollars; and

WHEREAS, the suffering and distress of large numbers of families in the stricken area is so great that a nation wide call for immediate relief has been issued by the President of the United States, who has designated the American Red Cross as the official medium of relief; and

WHEREAS, the American Red Cross has announced, through its local chapter, that the quota fixed to be raised by the citizens of Newark is \$30,000;

NOW, THEREFORE, I, Thomas L. Raymond, Mayor of the City of

Newark, hereby call upon the people of Newark to contribute generously and without delay toward the fund being raised for our afflicted fellow citizens in the flooded territory.

Thomas L. Raymond,
Mayor.

Mr. Gottlieb: Thank you, Mr. Mayor.

Mayor Raymond: Have you suggestions on the personnel of the committee?

Mr. Gottlieb: I think if you contact with Mr. Young and Mrs. Tideman of our chapter, they will give you suggestions.

Mayor Raymond: Will you either get in touch with me or my secretary?

Commissioner Murray: Mr. Mayor, I think before adjourning it would be entirely proper for one of us, on behalf of the rest of the members of the Commission, to express to you the happy satisfaction that we all feel upon your return, and congratulate you from all of us on the fact that you are so well advanced on the highway to recovery, and I think when we express these sentiments we express the sentiment of the public, who will be very glad to read in the papers today that you have come back, and while you are not yet entirely well, that you are going to be very soon, and we want to express the hope that you will continue to improve in regaining your health and strength, and that you may have many happy returns of this, your birthday.

Mayor Raymond: I thank you very much, and I thank my other colleagues, —in fact, I cannot find words to thank them for the burden they have carried alone without me for the last six months, and the kindness of Commissioner Howe in representing me as he has, to the detriment of his health. I have expressed privately my appreciation of his help and your help to you all this morning. I am exceedingly sorry that I have had this difficulty, from a public point of view; I haven't been able to attend to my business here; it is one of those things, though, that Providence is responsible for, not I. But I would like to say this that the countless expressions of kindness and sympathy which have come not only from my colleagues and

from my associates in my department, and from my friends in the city government, but from citizens all over, and from people all over the state. They overwhelmed me to the sense of kindness of everybody to me, and on the other hand, I have been utterly unable to make any personal recognition or acknowledgement of these various acts of kindness, of these acts of generosity, of the many expressions of kindness that have come to me. I hope by degrees to make personal acknowledgment and in the meantime, I beg those who have been kind to me to overlook my delay in acknowledgement. I will try to get at it and see that they have some personal acknowledgment from me thanking them from the bottom of my heart for all they have done for me, and for the kind thought they have had for me, and the cheer it has been to me. I do hope I will be able to go along and tend to this job for the end of the term, anyway. As to my colleagues I think it is like a happy family gathering this morning, and I hope it will stay that way, but you can never

tell what Commissioner Gillen will do, or what Bill Brennan will do.

Commissioner Gillen: We will wait until you get a little bit stronger.

Mayor Raymond: I am afraid you will wait a long time, Charlie.

Commissioner Gillen: Good luck to you.

Commissioner Brennan : I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Abe M. Kimmelman, Chief of Police;
Norman C. Russell, Superintendent of City Hospital;

Kenneth M. Terhune, Fire Chief.

The minutes of the meeting of April 26, 1927, were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

The City Clerk presented an ordinance to provide for the construction of fifteen (15) inch pipe sewers in Fabyan Place from a point approximately 300 feet south of Field Place to Field Place; in Field Place from Fabyan Place to Wainwright Street and in Wainwright Street from Field Place to Keer Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Commissioner Brennan: I move that the ordinance be laid over to May 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the resurfacing of Roseville Avenue from Orange Street to Springdale Avenue with asphalt pavement (1½" top-1½" binder) on the old concrete foundation properly built up or replaced where necessary with new concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Commissioner Brennan: I move that the ordinance be laid over to May 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Prospect Row from Prospect Street westerly a distance of about 240 feet to its westerly end with concrete pavement.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Prospect Row from Prospect Street westerly a distance of about 240 feet to its westerly end shall be graded and paved with concrete pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans,

specifications and profiles dated April 27, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$2,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$2,100.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I think we ought to hear Judge Hood and such other citizens that wish to be heard.

Louis Hood: I don't think there is anything further I have to say about that proposition that we had last week.

Mayor Raymond: It seems to me it is of the kind of the "cart before the horse". I don't know; I haven't drawn a resolution or ordinance on it.

Mr. Congleton: There is no ordinance. The Park Commission asked us to pass a resolution, or rather, a motion, signifying our intention if this property was turned back to us and turning it over to the County Vocational School. They wanted us to signify our intention of wanting it back, before they do anything.

Mayor Raymond: Frankly, I am very much in favor myself of the extension of First Street to Sixth Street, because I think that is one of the things we need to do in the city. It connects Bergen Street up with Sixth Street and brings it up here to Bloomfield Avenue. It is a very important thing to do, and this is the time to do it, and not wait until the school is built and then tear the school down, and Judge, the inconvenience it will cause to buy another site; still it ought to be done in that way. It is more economic. The Commission may not agree with me, but my feeling would be to extend that street or do whatever is necessary.

Judge Hood: As I tried to explain when I was here last week, our partic-

ular interest is that we have proceeded upon this basis and have expended some money, and have lost the benefit of a bargain, and, of course, you understand that the locations in the city are rather difficult to get, and rather apt to be very expensive.

Mayor Raymond: Street extensions are much harder to get, and also expensive.

Judge Hood: I know that, and I was wondering under those circumstances whether it was not a right not to call attention to these matters, so you might have them before you when you pass upon what I supposed was the opening of a street. Now, so far as we are concerned, it is quite important that we should know what we can get there, if anything, so that we can ascertain if what we can get there is sufficient to build a school on, or proper to build a school on.

Mayor Raymond: You came here as a seeker of truth rather than the advocate of one cause or another.

Judge Hood: I came here, not so much as an advocate, that is true, but I came here much more for the purpose of getting the Commission's view in order that another commission may proceed with its task.

Mayor Raymond: You came here to get information.

Judge Hood: Now, so far as I am concerned, I individually think there is no need for extending that street, but that hasn't anything to do with it at that time.

Mayor Raymond: Well, it would have great weight with us as an argument.

Judge Hood: As an argument, you are going to have a winding road that eventually comes up to Sixth Street, and just what the advantage is to going over that and go over on Orange Street and going directly over on that, I do not quite appreciate.

Mayor Raymond: Winding roads are better than no roads.

Mr. Hood: I know, but you have roads.

Mayor Raymond: That is one of the axioms of road-building.

Judge Hood: The difficulty is not that you have no roads.

Mr. Congleton: It leads out to Park Avenue.

Commissioner Howe: Has anybody got a map of that? I intend to vote against it, from what I know about it so far, unless somebody can tell me something further.

Mayor Raymond: You will have a chance to vote against it because I am going to prepare an ordinance and vote for it: I am going to bring it in.

Commissioner Gillen: Mr. Mayor, I think it is one of the most necessary things that could be done.

Commissioner Howe: I thought it was an ideal spot for a school, and if you are going to take that property away from it—

Mayor Raymond: They can buy more land for the school back of it.

Commissioner Howe: We have to pay for it, anyhow.

Mayor Raymond: Well, we have to pay for our streets.

Commissioner Gillen: By buying additional adjoining property, the County Vocational School System will have a larger plot and more advantageous plot to develop.

Commissioner Howe: You mean by locating there—

Commissioner Gillen: And buying additional land in case we have to run the street through.

Commissioner Murray: This land is in the care, custody and control and for the use of the Essex County Park Commission.

Mr. Congleton: Care, custody and control is in the Essex County Park Commission and fee in the city.

Commissioner Murray: By legislation they have the right to turn it back so that the fee simple will be in the city. Will they do that, if it is done for other purposes than for the Vocational School?

Mr. Congleton: I have had talks with them and they have not intimated in any way that they would not do it. I have showed my plan for street extension and without taking official action some of them expressed their views to me as being a very advantageous thing.

Commissioner Howe: If they will give it to the City as you say—

Mr. Congleton: They cannot give it to anyone else.

Commissioner Murray: We have the fee and they have the care, custody and control.

Mr. Congleton: They have never used it for park purposes, and they say they have no intention of using it for park purposes. It is just a small triangular piece on the angle.

Commissioner Howe: Judge Hood, can sufficient property be acquired to build the school that you want to build?

Judge Hood: There is sufficient property there that can be acquired at what I suppose will be a considerable cost, because the land is all built up with two and three-family houses, and we are not acquiring new land, and the difference between the cost of two and three-family houses would not offset the loss in cutting off a strip 60 feet wide, and I don't just know how many feet long, but I think it is something like thirty-three thousand square feet, to acquire enough land to offset that, and that would mean a very considerable sum of money, under the circumstances, but there is another question after this cut-off, and public road leads through it, if it gets to be a thoroughfare,—whether it does not condemn the whole lot for school purposes, because it would be apt to be too noisy, and it may involve the abandoning of the entire plot and buying somewhere else.

Mayor Raymond: My business is providing thoroughfares, and I am going to ask the commission please to take a test vote on the concensus of the commission on extending and opening First Street.

Commissioner Gillen: I move that.

Mayor Raymond: The Clerk will call the roll.

Clerk: Commissioner Brennan.

Commissioner Brennan: Personally, I will vote "aye" for opening that street. This, however, is not going to commit me to voting for the ordinance, unless I am convinced on its introduction, that it is for the best interest of the city as a whole.

Mayor Raymond: I will have the corporation counsel prepare an ordinance and introduce it next week.

Judge Hood The city counsel made a canvass for us, and we had the assurance to go ahead.

Mayor Raymond:: You are not yet convinced of that.

Commissioner Brennan: I don't know just what the proposition or lay-out may be.

Commissioner Howe: Those are my sentiments.

Clerk: Commissioner Gillen.

Commissioner Gillen: Aye.

Clerk: Commissioner Howe.

Commissioner Howe: No, not until I know more about it. I am for opening streets, but I want to know more about it.

Mayor Raymond: They had a map last week which you gentlemen looked at. It showed the lay-out of the streets. I don't know what you want to know.

Commissioner Howe: I was given to understand there would be enough land on that side after the street had been taken out of it, upon which to erect a school. Now, I find there is not, and you are obliged to go and buy a lot of houses, and this buying up of property that the City wants to acquire, such people are always going ahead of it, and it is costing us a lot of money, and we ought to know where we are at on that thing.

Commissioner Gillen: Suppose they do not locate there, won't they have to go somewhere else and buy a plot of land costing five times as much as this plot?

Mr. Congleton: We are practically giving them a piece of land for nothing, when they are going to pay \$100,000 for a piece.

Commissioner Howe: If you can show me this is for the best interest of the people, I will likely vote for it when it comes up.

Mayor Raymond: That is my intention or I wouldn't proceed with it.

Clerk: Commissioner Murray.

Commissioner Murray: Not voting.

Clerk: Mayor Raymond.

Mayor Raymond: I vote "aye". Not much of a test here yet. Judge, I am glad to see we shall have to enjoy your company again.

Judge Hood When do you want to see me again?

Mayor Raymond: God willing, we will bring in an ordinance next week.

Commissioner Howe: And a map.

Mayor Raymond: And three weeks from that, necessarily, will come up on second reading, and have a public hearing preceding that.

Judge Hood: I suppose we had better let it go until three weeks from today.

Mr. Congleton: Four weeks from today. Three weeks from the introduction of the ordinance.

Mayor Raymond: In the mean time, if you can find time to come down, we will be delighted to see you.

Judge Hood: If you are going to have any discussion on it next week, we should be delighted to hear you.

Mayor Raymond: Any other citizen wish to be heard?

The Board of Commissioner of the
City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., May 10, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of May 3rd were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

The City Clerk presented An ordinance to provide for the grading and paving of Second Avenue West from Third Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does anyone desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to provide for the resurfacing of South 12th Street from South Orange Avenue to Springfield Avenue with asphalt pavement on the existing brick prepared as a foundation or on the old base built up after removing the existing brick pavement as directed, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does anyone desire to be heard on the ordinance?

Mr. Joseph L. Lipman, Academy Building, Newark, N. J.: I represent a committee who have obtained ninety per cent of all the property owners on Twelfth Street between South Orange Avenue and Springfield Avenue, objecting to the resurfacing of South Twelfth Street, and I have most of the people here now with me. They say that they feel it is unnecessary to repave or resurface the street, and there are some places in the street that are a little low, and it is due to the fact that the city placed a sewer in there and later on the paving caved in, but that is only a spot here and there, and they feel that resurfacing the street is not necessary.

Commissioner Howe: What part of Twelfth Street is that?

Mr. Lipman: That is between South Orange Avenue and Springfield Avenue. I have the signatures here of ninety per cent. of the property owners.

Mayor Raymond: We were going to do the cheapest kind of improvement we could do, resurface over the old brick and make a nice street for you and add to the value of the property, and it is the cheapest possible form of improvement, but, of course, if the majority does not want it we can lay it over.

The following petition was received and read:

April 12, 1927.

To The Honorable,
Board of Commissioners of the
City of Newark.

Gentlemen:—

We, the undersigned property owners on South 12th Street protest against the resurfacing of South 12th Street

from South Orange Avenue to Springfield Avenue.

(Signed by 101 property owners).

Ordered filed.

Commissioner Brennan moved that the ordinance clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to provide for the construction of fifteen (15) inch pipe sewers in Fabyan Place from a point approximately 300 feet south of Field Place to Field Place; in Field Place from Fabyan Place to Wainwright Street and in Wainwright Street from Field Place to Keer Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Gillen moved that the public hearing be closed.

The Clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of fifteen (15) inch pipe sewers in Fabyan Place from a point approximately 300 feet south of Field Place to Field Place; in Field Place from Fabyan Place to Wainwright Street and in Wainwright Street from Field Place to Keer Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented "An ordinance providing for the resurfacing of Roseville Avenue from Orange Street to Springdale Avenue with asphalt pavement (1½" top-1½" binder) on the old concrete foundation properly built up or replaced where necessary with new concrete, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard? How many people are opposed to it?

Mr. Congleton: There is a petition on file with almost eighty per cent.—

Mayor Raymond: Petitions don't mean anything.

Mr. Congleton: It does under the statute.

Mayor Raymond: It may under the statute, but it doesn't mean anything psychologically. I think it is a bad thing to leave a street like Roseville Avenue unpaved. If you will prepare an ordinance declaring it to be a public necessity—

Mr. Congleton: They were all here, a large delegation.

Mayor Raymond: We have a lot to do this year; we can lay it over to next year, but we cannot repair it.

Commissioner Brennan moved that the ordinance clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: They really don't want it?

Commissioner Howe: They want it, but they don't want to pay for it.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended so as to include within the 85 Foot Height District, and the "B" Area District, lands described as follows:

Beginning at a point in the division line between lots 38 and 31, in Block 682, distant 100 feet east of Mr. Prospect Avenue; thence easterly along said division line to the center line of Woodside Avenue; thence southerly along the center line of Woodside Avenue to the southerly line of lot 34 on said block; thence westerly along said line to a point 100 feet east of Mt. Prospect Avenue; thence northerly along a line 100 feet east of and parallel to Mt. Prospect Avenue to the place of Beginning. Being a part of property known and designated as 521, 523 and 525 Mt. Prospect Avenue,

and that the Height and Area District Maps which accompany said ordinance to which this ordinance is an amendment, be and the same are hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage

and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that May 17th, 1927, at 10 A. M., Standard Time, 11 A. M., Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance granting permission to John C. Eisele, Incorporated, to construct, operate and maintain a single track siding at grade in West Peddie Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That permission be and the same is hereby granted to John C. Eisele, Incorporated, to construct, operate and maintain a single track siding at grade in West Peddie Street as follows:

Beginning at a point in the northerly line of West Peddie Street distant 60 feet westerly from the northwesterly corner of West Peddie Street and Elizabeth Avenue; thence curving to the left with a radius of 225 feet to a point in the southerly line of West Peddie Street distant 145 feet westerly from the southwesterly corner of West Peddie Street and Elizabeth Avenue.

Section 2. That such permission be and the same is hereby given upon

the condition and provision that the said single track siding shall be removed within ninety (90) days after the receipt by the said John C. Eisele, Incorporated, or its successors, of notice from the City of Newark, ordering the discontinuance of said single track siding; and upon the further condition and provision that the said single track siding shall be changed in grade to correspond to any changes that may be made in the grade of West Peddie Street, and upon the still further provision that the portion of the single track siding within the limits of West Peddie Street shall be constructed with nine-inch Trilby rail.

Section 3. That the said John C. Eisele, Incorporated, shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim or claims whatsoever for and any damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, grade, maintenance and existence of said single track siding at grade.

Section 4. That such permission be and the same is hereby granted upon the further condition that the said John C. Eisele, Incorporated, shall file with the Clerk of the City of Newark its written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand of the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

An ordinance providing for the resurfacing of Central Avenue from Warren Street to the City Line. The area outside of the headers, to be placed along the outer rails of the street railway tracks, to be resurfaced with asphalt pavement (1½" top-1½" binder) on the old foundation and the area between the headers to be paved with napped re-clipped granite block pavement on a new concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Central Avenue from Warren Street to the City Line shall be resurfaced. The area outside of the headers to be placed along the outer rails of the street railway tracks, to be resurfaced with asphalt pavement (1½" top-1½" binder) on the old

foundation and the area between the headers to be paved with napped re-clipped granite block pavement on a new concrete foundation, with the necessary new curbing or resetting of the curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 10, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and 80% of the cost thereof shall be paid by the City at large and 20% of the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$126,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$126,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the following ordinance:

An ordinance to provide for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

Mayor Raymond: This is an ordinance which was laid over on March 15th to September 13th.

Commissioner Brennan: What is the idea of this?

Mayor Raymond: There is a different situation since the passage of the statute relieving the Public Service of its paving costs. I think this is an important street and it should be paved. They cannot keep trucks

off the street by not repaving the street in front of their houses.

Commissioner Brennan: They were all here—

Mayor Raymond: They can all come back.

Mr. Congleton: If a new ordinance is introduced now, new notices will have to be sent out.

Mayor Raymond: You see, you take the small fellows and make them pave the streets and you let these fellows with their valuable properties,—they are all rich,—and why they should be able to keep poor pavement there and keep them off the street, I cannot see how they can be,—if you could see the pavement now,—the City will pave the whole street and there will be no trouble about paving the trolley tracks, that is my view. I will ask someone of you to offer a resolution to reconsider the vote by which the ordinance was laid over for six months.

Commissioner Murray: I move to reconsider the motion by which we laid that ordinance over for six months.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan: Now I move the ordaining clause in the ordinance presented at the hearing March 15th, providing for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue, be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the repaving of Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue. The area outside the headers, to be placed along the outer rails of the street railway tracks, to be paved with asphalt pavement ($1\frac{1}{2}$ " top- $1\frac{1}{2}$ " binder) on a new six (6) inch concrete foundation. The area between

the headers to be paved with napped-reclipped granite pavement on a new concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Mt. Prospect Avenue from Bloomfield Avenue to Abington Avenue shall be repaved. The area outside the headers, to be placed along the outer rails of the street railway tracks, to be paved with asphalt pavement ($1\frac{1}{2}$ " top- $1\frac{1}{2}$ " binder) on a new six (6) inch concrete foundation. The area between the headers to be paved with napped-reclipped granite block pavement on a new concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 9, 1927, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25

feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$143,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$143,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum, all other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924.

The Board of Commissioner of the City of Newark, Do Ordain:

Section 1. That Section 27, of Article II of said ordinance, entitled "Percentage of lot Covered" be and the same is hereby amended to read as follows:

Section 27—Percentage of lot covered.

I. No business or public building hereafter erected or altered shall cover more than 90% of the lot area, unless located on a corner lot having either length or breadth less than fifty-one (51) feet.

II. No residence building hereafter erected or altered shall cover more than 70% of the lot area, unless located on a corner lot having either length or breadth less than 51 feet.

III. A building located on a corner lot having either length or breadth less than fifty-one (51) feet may cover one hundred (100) per cent. of such lot.

IV. Limitations to per cent. of lot covered shall apply at window sill level of second story, but not more than twenty-five (25) feet above the curb level in any case.

Section 2. That Article II of said ordinance be and the same is hereby amended by adding thereto, after Section 27, a new section, to be known as Section 27A, and to read as follows:

Section 27A—Height Limit of Buildings.

I. No business or public building shall be erected to a height in excess of 300 feet.

II. No residence building shall be erected to a height in excess of 200 feet.

III. The street wall of any building shall not be erected to a height in excess of two times the width of the widest street on which it fronts, unless the face of such wall is set back from the street building line 1 foot for each additional 4 feet that the street wall is carried above the limit of two (2) times the width of the street. A building on or near the intersection of two streets of different widths shall have the height of the street wall governed on the narrower street by the width of the wider street for a distance of 150 feet from such intersection.

IV. The Superintendent of Buildings may permit the construction of dormers and towers extending not more than twenty-five (25) feet above the wall height limits, providing such dormers or towers are not more than 30% of the street frontage in aggregate, and providing no dormer or tower is more than 25 feet in any horizontal dimension.

V. The provisions of this section shall not apply to the erection of roof bulkheads occupying in the aggregate less than 10% of the area of the roof on which they are located.

Section 3. That Section 368 of said ordinances, entitled "Courts" be and the

same is hereby amended to read as follows:

Section 368—Courts and Yards:

I. In every building hereafter erected, yards and courts providing light and air, under the provisions of this article shall be as herein described:

Side Yards:

II. The least dimension of a side yard at any level shall be not less than 1" in least dimension for each foot of building height above said level, and in no case shall such dimensions be less than 3½ feet.

Rear Yards:

III. The area and dimensions of a rear yard shall be the same as prescribed in this section for sides yards.

Required Courts.

IV. The least dimension of a court giving light and air to rooms, in which persons sleep, work or congregate shall be the same as prescribed in this section for side yards.

Non-Required Courts.

V. Courts designed to give light or ventilation, only to toilets, corridors, storage spaces, etc., shall be not less than 3 feet in least dimension.

Section 4. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed and this ordinance shall take effect immediately.

Mayor Raymond: I might say that last week I made the statement that I would put in an ordinance concerning the extension of First Street along the canal bank. Three of my colleagues are so opposed to the ordinance I would like to get their full views of the matter, and I haven't had a chance, and I haven't prepared it, and I shall not put it in because I think their views are entitled to consideration before I introduce the ordinance, so the matter, as far as I am concerned, the situation has changed considerably that is why it isn't put in today. There is no use putting in the ordinance in with three of the commission against it.

The following communications were received and read:

Newark, N. J., May 3, 1927.

To the City Commission,

Dear Sirs:

I, George J. Reach, having property on Chapel Street formally known as Chapel Farm, own about two acres of land part of it facing Morris Canal and part on Chapel Street. Would very much like to sell same and found out only recently that it was located in the light manufacturing zone and wish very much to have it changed to the heavy manufacturing zone, as I would have a better chance to sell if this was done.

Hoping you will take this up at your earliest convenience and thanking you in advance, I remain

Yours respectfully,

Geo. J. Reach,
Chapel Street (Farm)

Newark, N. J.

Referred to Adjustment Board.

Counselors-at-Law,

Newark, N. J., May 5, 1927.

William J. Egan, Esq.,
City Clerk,

Newark, N. J.

Dear Bill:—

At the next City Commission meeting will you present the enclosed petition. The J. T. Castles Ice Cream Company paid the Comptroller \$705.00 for an assessment against the property on Frelinghuysen Avenue and Mitchell Place which property had been previously owned by them, but they had conveyed to Enstice Brothers. Enstice Brothers in taking their deed had assumed the payment of the assessment and on February 26th paid the first installment thereon so that the City received double payment for the first installment. The payment of \$705.00 by the Castles Ice Cream Company, therefore, was made in error as the Castles Ice Cream Company no longer owned the property. They desire to have this amount returned to them.

The petition enclosed has a statement attached made by Enstice Brothers to the effect that they are willing that this refund be made and that the assessment continue against the property they own as they desire

to pay the assessment in installments. I would appreciate word from you as to what action is taken.

This petition was sent to Mr. Meehan of the Comptroller's office, but was returned to me with the statement that he could not make a refund.

Yours very truly,

Frederic C. Ritger,

Mr. Congleton: That isn't the situation at all. Instead of paying it in installments they sold the property and want us to remit. They should have gotten it when they sold the property.

Referred to Commissioner Howe:

Newark, N. J. April 22, 1927.

Hon. Charles P. Gillen,
Commissioner,
City Hall, Broad Street,
Newark, N. J.

My Dear Commissioner:

You probably know that Harry Jr., has been playing our organ over WAAM for some time and the results have been very gratifying. Through this contract with station WAAM, I have become rather intimately acquainted with not only the various members of the organization, but with their plans, hopes and aspirations.

It seems that this station has always maintained that Newark should have a broadcasting station of its own that would compare favorably with any other station in the Metropolitan areas, that the station should be the official voice of the City and should reflect the best in our municipal life besides being a mouth piece for constructive propaganda. They have always felt and I believe with every reason in their favor, that WAAM should be Newark's Municipal Station. I understand that at the present time they are offering to the City a proposition covering the use by the City of WAAM. Your favorable consideration of WAAM's plan would be considered a personal favor to me, one who is now using their facilities with satisfying results.

The plan offered, I believe, is very well thought out as it covers every department including Park Newark and the Board of Education, both of which

have real use for radio broadcasting.

I know that you will appreciate the value of a Newark Municipal station and would gladly confer with you with the idea in mind of putting Newark on the air in a big way.

With best wishes, I am

Sincerely yours,

Harry L. Huelsenback.

Mayor Raymond: This would seem to be a matter of public policy. Suppose we consider it at our next meeting; lay it over to next Tuesday morning at our conference.

Laid over to conference May 17.

The Board of Commissioner of
The City of Newark, N. J. .

W. J. EGAN,
City Clerk.

Newark, N. J., May 17, 1927.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of May 10th, 1927, were read and approved.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Forest Place from Clinton Place to Willoughby Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard on this ordinance?

Mr. Herman B. J. Weckstein, 164 Market Street, and a delegation, appeared in favor of the ordinance.

Mayor Raymond: Are you opposed to it?

Mrs. Mary Tague, 62 Willoughby Street. I am against it.

Mayor Raymond: What do you say about it?

Mrs. Tague: It is awful heavy on me.

Mayor Raymond: Any objectors besides this lady? Well, it will improve your property and give you a more valuable property, and the majority of the property owners wish it paved.

Mrs. Tague: Why wouldn't they? They have income properties there, but it is very expensive.

Mayor Raymond: We would be very glad to hear your argument, madam.

Mrs. Tague: I have said it so often I know it by heart. There is no frontage on it, it is only a little side alleyway.

Mayor Raymond: What is the pleasure of the Board?

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Forest Place from Clinton Place to Willoughby Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

An ordinance to provide for the grading, curbing, flagging and paving of Forest Place from Clinton Place to Willoughby Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing..

Mayor Raymond: Any citizen desire to be heard on this ordinance?

Commissioner Brennan: I move it be adjourned four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of a triangular strip on the westerly side of Avenue P, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person wish to be heard?

Commissioner Brennan: I move it be laid over for four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presentend an ordinance changing and establishing the width of the sidewalks on Lafayette Street from Broad Street to Mulberry Street, in the City of Newark, and requiring the removal of obstructions, projections and encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard on this ordinance?

Mr. Graham MacGregor, 850 Broad Street: I represent my father. He is not objecting to the widening of Lafayette Street, but he has objection to the cost being put upon him for the repair of the vaults and the removal of the same. Those vaults have been in there a good many years, and when those buildings were built, permission was given to go out to the curb, and he thinks that any expense of removing them should be borne by the City.

Mayor Raymond: You mean at the corner of Broad?

Mr. MacGregor: Yes, and along Lafayette Street 114 feet.

Mayor Raymond: Would those vaults be disturbed by this proceeding?

Mr. Costello: Yes, they will. They have no legal right there.

Mayor Raymond: They are there by sufferance, so to speak?

Mr. MacGregor: That is a question.

Commissioner Howe: Does the city derive any benefit, any financial benefit?

Mr. MacGregor: I don't know that. I came down here to make a formal objection as a matter of record. I am just down here to have it as a matter of record.

Mayor Raymond: That legal question of ownership and all that will come up later. The improvement, you are in favor of it?

Mr. MacGregor: Yes, sir.

Mayor Raymond: Suppose we put the ordinance through. We cannot

take your legal rights from you and you cannot take ours from us.

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.
